This report describes the Act and states the reasons for our conclusion that the Act should be repealed. It also contains the text of the Act, describes the survey conducted of members of the legal profession regarding their views on the Act, and summarizes the most frequently expressed reasons for retaining the Act, and states why it was concluded that those reasons were overborne by those in favour of repeal. Finally, it describes some approaches that could be taken to reforming rather than repealing the Act.

FAIRYTALES FOR LOST CHILDREN is narrated by people constantly on the verge of self-revelation. These characters - young, gay and lesbian Somalis - must navigate the complexities of family, identity and the immigrant experience as they tumble towards freedom. Set in Kenya, Somalia and South London, these stories are imbued with pathos, passion and linguistic playfulness, marking the arrival of a singular new voice in contemporary fiction. Praise for FAIRYTALES FOR LOST CHILDREN: 'Fantastic writing. I am most highly impressed. I've read some of the stories more than once and saw in each of them plenty of talent everywhere - in every sinew and vein.' - NURUDDIN FARAH 'There is nothing more humbling than good writing except when the author is fiercely beautiful and ferociously generous of heart. That Diriye Osman should possess so much talent is only fair in light of his goodness. Read this book.' - MESHELL NDEGEOCELLO -The characters in these fairy tales are displaced in multiple, complicated ways. But Osman's storytelling creates a shelter for them; a warm place which is both real and imaginary, in which they find political, sexual, and ultimately psychic liberation.' - ALISON BECHDEL 'East Africa. South London. Queer. Displaced. Mentally Ill. My excitement over Osman and his writing comes, in part, out of delight at the impossibility of categorisation.' - ELLAH ALLFREY The Telegraph

Twelve Years a Slave (1853) is a memoir and slave narrative by Solomon Northup, as told to and edited by David Wilson. Northup, a black man who was born free in New York, details his kidnapping in Washington, D.C. and subsequent sale into slavery. After having been kept in bondage for 12 years in Louisiana by various masters, Northup was able to write to friends and family in New York, who were in turn able to secure his release. Northup's account provides extensive details on the slave markets in Washington, D.C. and New Orleans and describes at length cotton and sugar cultivation on major plantations in Louisiana.

This paper assesses Lesotho's Third Review Under the Poverty Reduction and Growth Facility (PRGF) Arrangement and Request for Waivers of Performance Criteria. The government has declared a state of famine that is affecting an estimated 900,000 people. One quantitative performance criterion for end-March 2002—the ceiling on the government's domestic financing requirement—was not observed, almost entirely because of delays in external payments. The authorities have requested, and IMF staff supports, a waiver on this performance criterion.

H. G. Wells is regarded as one of the greatest science-fiction writers of all time. First published in 1888, 'The Chronic Argonauts' features the first properly developed 'time machine' in all of science fiction. Many of the finest stories of magic and fantasy, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Abu Ghraib unveiled a lengthy list of disastrous actions and cover-ups by the Bush administration and the American military. Abu Ghraib examines the problem from many different perspectives, gathering together timely essays on the prison scandal from prominent progressive writers. Barbara Ehrenreich looks at the story through the lens of feminism, noting that the most infamous photos involve female soldiers. John Gray argues that Iraq is worse than Vietnam. Looking to future ramifications, Meron Benvenisti reflects on the "powerless rage" of an occupied culture. David Matlin deconstructs President Bush's declaration that the Abu Ghraib images do not represent America. Giving voice to those directly impacted, Mark Danner reports on the anger and humiliation experienced by the victims and their families. This book provides a broader understanding of the issue and its repercussions.

[If only] Bran would stop acting weird...Probably he had a perfectly reasonable explanation for everything. I just couldn't imagine what it would be. When Britt's older brother, Bran, lands a summer job house-sitting for the Marquises, an elderly couple, it seems like a great opportunity. Britt and Bran have moved to Florida so their mother can finish college, and the house-sitting income will allow their mom to quit her job and take classes full-time. Having never lived in a real house before, Britt is thrilled. There's only one problem: Britt starts to suspect her family isn't supposed to be there. She's been noticing that Bran is acting weird and defensive -- he hides the Marquises' mail, won't let anyone touch the thermostat, and discourages Britt from meeting any of the neighbors. Determined to get to the bottom of things, Britt starts investigating and makes a startling discovery -- the Marquises aren't who Bran has led her and their mom to believe. So whose house are they staying in, and why has Bran brought them there? With unexpected twists and turns, award winner Margaret Peterson Haddix has again crafted a thriller that will grip readers until its stunning conclusion.

In an age of skepticism and disenchantment, people long for something that satisfies our mind's search for truth and our heart's desire for beauty and meaning. Stand Firm: Apologetics and the Brilliance of the Gospel argues that the gospel satisfies both of these needs. It is true and rational, but it is also inherently attractive and provides meaning and purpose. In short, the gospel is brilliant. It is brilliant, in one sense, because of the broad variety of evidences for its truth. But it is also brilliant given its beauty, goodness and the meaningful life it offers. The book provides up to date responses to questions about the existence of God, the reliability of the Bible, Jesus and the resurrection, and the problem of evil. It also treats unique topics such as understanding truth, knowledge and faith, the claims of alternate faiths, religious disagreement, etc. Each chapter attempts to connect these considerations with the gospel so that we may stand firm in our faith.

The Wiebo Ludwig affair brought to the forefront the often explosive relationship between the oil and gas industry and the ranchers and farmers who live under the shadow of its rigs. But behind the headlines, an unreported sea-change is taking place in the long history of these very different players. Canada's petroleum industry is in the middle of a massive paradigm shift. The old focus of drill fast, pump profits, leave quick is long gone. New executives and directors are bringing a mentality of corporate and social responsibility to the industry that pays attention to a triple bottom line: environmental, social, and economic. A Patch of Green examines the forces that have come to bear to bring about this change. From the viewpoints of environmentalists, landowners, drill workers and corporate executives, veteran journalist Sydney Sharpe reveals an industry wrestling with the excesses of its past and learning to profit from a new economic future.

This compilation of poems is rolled out as one long poem which spans the journey of the spiritual growth of an adulterous woman in a nation spinning, while facing unspeakable adversity with grace and love. It also deals with individual spiritual growth and transferring love from a man to God, and also with National Politics in the USA and the threat of ISIS. It is not only poetry, but also draws influence from "Spoken Word" traditions. In the Afterword you will find a treasure of a Christian Testimony in the form of another Poem by Jamie Wyatt. "Dearest friends, for a long time I was in a place where my exterior circumstances controlled me internally, and I was miserable, not only because it wasn't I who had control, but also because those external circumstances were being imposed against my will, and like everyone else, I blamed it on our President (reminds me of Pink's song, "Mr. President," which was for a different Administration). Eventually, I started opening my mind to the possibility that if the good Lord had permitted so and so to happen, despite intercessory prayer, there was a reason for it and it was His Will. I still didn't like it; so, He opened up the heavens and showed me a little piece of His masterpiece here on earth- He let me see the grid and aliens and bad stuff too: I see ISIS for who they are. Then I realized, I'm just a little spec of sand on the map of time, in one universe, and if I could do some good to at least one other little spec of sand or two - that would probably be enough, and if there was some way the good Lord could use even my suffering and frustration, He would use it for at least my own benefit and someone else's. God is great and nothing is wasted! So no matter what you're going through, know that God will somehow turn it to good in due time. Relish the fight! But love will get you peace. Blessings, hugs and warm thoughts to you and yours! God bless us and God bless the USA!" -Audrey Andujar Wright
