Wattles, who's best known for his classic masterpiece The Science of Getting Rich, will show you exactly how to use your own subconscious energies for health, prosperity, and personal achievement. This book contains the complete,

unedited text of The Personal Power Course by Wallace D. Wattles, taken directly from the original, that'll teach you everything you need to become healthy, wealthy, and successful. To quote Mr. Wattles from the first lesson: "In order to get what you want, you must act; and in order to act, you must apply force. And it is a self-evident proposition that the force to be applied is one within yourself. If you are to use external forces, they can only be made to act by compelling them to obey you; and to compel them to obey you, you must use your internal force. So, whether you seek health, wealth, development, position or happiness, you must expect to get it by applying your own inward force, and you cannot get it any other way." How do you apply your own inward force, something you already have, in order to get what you want? You'll find out in The Personal Power Course by Wallace D. Wattles. However, there are many satanic forces assigned not to make that happen. In this new book, find out all it takes to make your destiny prosperous according to God's original design for your life.

Demonstrates that consciousness is the key to life, and that nothing is impossible, not even the manifestation of unlimited wealth and financial independence--also includes The 40-Day Prosperity Plan on CD, which will expand your consciousness and help you create a more abundant life. Original.

Offers advice on ways to achieve success, good health, happiness, and prosperity.

These are some of the excerpts from the book. • Why are we born? This question poses a great challenge for many of us. The best answer to this would be..... • The poor long for riches, the rich long for heaven, but the wise long for a peaceful mind. • In order to perform optimally you need to nurture your body. You wouldn't fill your car with sludge, leave it in the garage for five years, and then expect it to win a race. • Every day you are impacting the world, and every day you are creating your life through your thoughts. Think whatever you like, big or small, rich or poor, fair or unfair, and those thoughts will strive to become the things and events of your life. It's an immutable law. • Every human action is either driven by fear or by greed. Beyond the shadow of a doubt both are negative vibrations. One of the best ways you can MAKE yourself happier, in all your attempts, is begin to come from a positive vibration and that's love. • Your expectations can literally influence your real life experiences. So be aware and consciously choose to create positive expectation with everything you do... • Do what you love and enjoyment will follow. Do what you love and you will feel more fulfilled. Do what you love and the money will seem less relevant. Do what you love, and you'll never work a day in your life. Alongside, love what you do and you come out a shining star. • Enjoy the process and be willing to accept what comes your way. No matter how successful you are, if you have not stopped to enjoy yourself along the way, your success is half-full. Secret of happiness is not found in receiving more, but in developing the capacity to enjoy more. • Mistakes come from: acting in ignorance or in innocence or through carelessness or acting hastily or acting in fear or acting in worry or acting in doubt or acting under anxiety.

The leading authority on network marketing shares everything you need to know to lead a successful direct sales team. Defcon 1

Direct Selling is the must-have playbook for anyone leading a direct sales team. It's Gage's follow up to the international bestseller, *Direct Selling Success*, and it's a handbook for leaders. DEFCON is the U.S. military acronym for "Defense Readiness Condition." DEFCON 1 is reserved only for imminent catastrophic events, like a nuclear war. Luckily, you don't have to fend off missile attacks in direct selling, but you will face some extremely difficult challenges and urgent crises leading your MLM team. No one knows how to lead teams better than author Randy Gage, a former high school dropout who rose to become a self-made multi-millionaire and inspire millions around the world. In this highly anticipated book, Randy teaches you how to hold your team together in the most difficult circumstances —the stuff no one likes to talk about, but that is vital for top-level leaders. It takes much more than a positive attitude and motivational words to be a successful field leader. True leadership requires you to deal with messy, complicated scenarios when there is not always a clear-cut solution. Many of these challenges are caused by factors completely out of your control—from economic, regulatory, and political setbacks, to having top leaders quit, to companies going out of business, and a host of other issues. It's at times like these, when it seems like your team is falling apart, that you must draw upon your resilience, persistence, and character to ride out the storm and lead your team through the chaos. This indispensable resource will enable you to: Create a team culture of maximum readiness Deal with toxic leaders and effectively handle conflict resolution Use your leadership to make your team more powerful and build their self-esteem Handle corporate incompetence, poor decisions, and PR crises Know what to do when you or a team leader leave a company Most leadership books will tell you, wrongly, that every situation has an ideal solution. Not this one. *Defcon 1 Direct Selling: Manual for Field Leaders* delivers the plain, unadulterated truth that everyone leading a direct sales team needs to know.

WHAT IS THE R.A.P. THERAPY? R.A.P. is an eclectic approach to behavior modification. This form of therapy is existential in that it incorporates spiritual principles, along with cognitive behavioral therapeutic applications. R.A.P. is designed to assist clients in realizing their true God-given potential. This behavioral modification approach has proven to be effective in self-empowerment and positive change. R.A.P. is based on the premise that each individual is responsible for his or her actions. As a result, each person will ultimately be held responsible for the outcome of the choices that he or she makes. This is a simple concept; however, there are many people who fail to grasp this principle. Because of this, these individuals live their lives in an external locus of control, which means they allow outside circumstances to control them. R.A.P. teaches that we should live our lives from an internal locus of control, which means that we realize that we have the ability to overcome the circumstance in which we find ourselves. This mindset takes us from being victimized to becoming victorious. According to the Bible, God created mankind in His image and likeness and decreed that mankind would have dominion over the earth (Gen 1:27-28). If this is true, then it stands to reason that each individual has the ability to be in control over the circumstances in which they find themselves. When the principles of responsibility, accountability, and purpose are inculcated into a person's cognitive processes an environment is created that empowers, motivates, and regulates one's behavior. This sense of empowerment is vital for an individual to take charge of his or her life. If you don't like where your life is at, then it time to use R.A.P.!

Let Purpose Lead (LPL) is a prevailing story of faith, fight, and fortitude! In this powerful masterpiece, Tynesia shares how purpose served as a conduit to rescue her from the grips of life's trials and mindset manipulations that came not only to destroy the quality of her life but also to forfeit the purpose of her life. In LPL, Tynesia shares how, during some of the most devastating seasons of her life, her determination to remain connected to God saved her from spiraling out of control and giving up on life altogether. She shares how discovering purpose in her challenges gave her reason to keep fighting. Her story will empower you and ignite the fire that lies within you to pursue your purpose and live a life filled with the promises of God. With great simplicity, LPL will serve as a practical guide to help you discover your life's purpose, scripturally demonstrating how God gave you everything you need to prosper in life through purpose. This book will give you the courage and tools you need to become empowered by the struggles and mishaps of your past. LPL will help you break the repetitive cycles of dysfunction and delay that keep you stuck in life. By the end of this book, you will have a clearer perspective into your life's purpose and the gifts that lie within you.

Your mind is an inevitable tool for prosperity because you cannot excel beyond the quality of your mind, God's intention notwithstanding. You are created in the image and likeness of God hence all that you need to prosper has been wired into your being. This means that you have the nature and creative ability of God already residing in your spirit man. And God has made this available for you so that you can prosper and succeed in every area of life. Your success therefore

validates his intent in creating you. But despite this inherent ability to succeed already resident in your spirit, your mind can compromise the output. This is why a mentally deranged person cannot function well in society and achieve much. This therefore highlights the importance of mind training and development in the pursuit of success. Furthermore God created all things you will need and put them in the earth and put the ideas to manipulate them in the air. So if your mind is not trained you can never access and enjoy them. How much you will succeed is therefore not consequent on any man but it is a product of your mind. Your output in life is dependent on how trained your mind is. You therefore need to train your mind for success because without it you cannot obtain the God kind of prosperity. In this book, our focus will be on what it means to train your mind and the areas in which to train your mind for success.
