present the material, Bob teaches and explains math concepts and ideas. His no-nonsense, easy-to-grasp style, and decades of experience as a math teacher help students really understand math. Each chapter is filled with examples and exercises plus explanations of solutions to illustrate the math concepts and reinforce skills. The easy-to-follow, student-friendly review covers all topics tested on the TABE Level A math portion: number operations, integers, decimals and fractions, word problems, geometry, and averages. The book also includes four practice tests that mirror the actual exam. REA offers the only independent test preparation for the TABE. Packed with examples, practice tests, and test-taking tips that boost confidence on exam day, this book is a must for anyone preparing for the TABE. What is the TABE? The Test for Adult Basic Education (TABE) is a diagnostic test used to determine a person's skill levels and aptitudes in reading, English, and math. The TABE is administered across the country and is a good prep for anyone taking the GED. TABE Level A is the highest level available (the equivalent of grades 8-12), and the most popular exam in the TABE battery.

Zill's renowned pedagogy and accessible, straightforward writing style urges students to delve into the content and experience the mathematics first hand through numerous problem sets. These problem sets give students the opportunity to test their comprehension, challenge their understanding, and apply their knowledge to real-world situations. A robust collection of student and instructor ancillaries include: WebAssign access, PowerPoint Lecture Slides, Test Bank, Student Resource Manual and more.

"To the ancient Greeks, trigonometry was the study of right triangles. Trigonometric functions (sine, cosine, tangent, cotangent, secant, and cosecant) can be defined as right triangle ratios. (ratios of the lengths of sides of a right triangle). Thousands of years later, we still find applications of right triangle trigonometry today in sports, surveying, navigation,\* and engineering."
