In this urgent outpouring of American voices, our poets speak to us as they shelter in place, addressing our collective fear, grief, and hope from eloquent and diverse individual perspectives. As the novel coronavirus and its devastating effects began to spread in the United States and around the world, Alice Quinn reached out to poets across the country to see if, and what, they were writing under quarantine. Moved and galvanized by the response, the onetime New Yorker poetry editor and recent former director of the Poetry Society of America began collecting the poems arriving in her inbox, assembling this various, intimate, and intricate portrait of our suddenly altered reality. In these pages, we find poets grieving for relatives they are separated from or recovering from illness themselves, attending to suddenly complicated household tasks or turning to literature for strength, considering the bravery of medical workers or working their own shifts at the hospital, and, as the Black Lives Matter movement has swept the globe, reflecting on the inequities in our society that amplify sorrow and demand our engagement. From fierce and resilient to wistful, darkly humorous, and emblematically reverent about the earth and the vulnerability of human beings in frightening times, the poems in this collection find the words to describe what can feel unspeakably difficult and strange, providing wisdom, companionship, and depths of feeling that enliven our spirits.

The 2018 edition of the Best American Poetry—"a 'best' anthology that really lives up to its title" (Chicago Tribune)—collects the most significant poems of the year, chosen by Poet Laureate of California Dana Gioia. The guest editor for 2018, Dana Gioia, has an unconventional poetic background. Gioia has published five volumes of poetry, served as the Chairman of the National Endowment for the Arts, and currently sits as the Poet Laureate of California, but he is also a graduate of Stanford Business School and was once a Vice President at General Foods. He has studied opera and is a published librettist, in addition to his prolific work in critical essay writing and editing literary anthologies. Having lived several lives, Gioia brings an insightful, varied, eclectic eye to this year's Best American Poetry. With his classic essay "Can Poetry Matter?", originally run in *The Atlantic* in 1991, Gioia considered whether there is a place for poetry to be a part of modern American mainstream culture. Decades later, the debate continues, but *Best American Poetry 2018* stands as evidence that poetry is very much present, relevant, and finding

new readers.

Susan Orlean's bestseller and New York Times Notable Book is "a sheer delight...as rich in insight and as varied as the treasures contained on the shelves in any local library" (USA TODAY)—a dazzling love letter to a beloved institution and an investigation into one of its greatest mysteries. "Everybody who loves books should check out *The Library Book*" (The Washington Post). On the morning of April 28, 1986, a fire alarm sounded in the Los Angeles Public Library. The fire was disastrous: it reached two thousand degrees and burned for more than seven hours. By the time it was extinguished, it had consumed four hundred thousand books and damaged seven hundred thousand more. Investigators descended on the scene, but more than thirty years later, the mystery remains: Did someone purposefully set fire to the library—and if so, who? Weaving her lifelong love of books and reading into an investigation of the fire, award-winning New Yorker reporter and New York Times bestselling author Susan Orlean delivers a "delightful...reflection on the past, present, and future of libraries in America" (New York magazine) that manages to tell the broader story of libraries and librarians in a way that has never been done before. In the "exquisitely written, consistently entertaining" (The New York Times) *The Library Book*, Orlean chronicles the LAPL fire and its aftermath to showcase the larger, crucial role that libraries play in our lives; delves into the evolution of libraries; brings each department of the library to vivid life; studies arson and attempts to burn a copy of a book herself; and reexamines the case of Harry Peak, the blond-haired actor long suspected of setting fire to the LAPL more than thirty years ago. "A book lover's dream...an ambitiously researched, elegantly written book that serves as a portal into a place of history, drama, culture, and stories" (Star Tribune, Minneapolis), Susan Orlean's thrilling journey through the stacks reveals how these beloved institutions provide much more than just books—and why they remain an essential part of the heart, mind, and soul of our country.

In 1956, one year before federal troops escorted the Little Rock 9 into Central High School, fourteen year old Jo Ann Allen was one of twelve African-American students who broke the color barrier and integrated Clinton High School in Tennessee. At first things went smoothly for the Clinton 12, but then outside agitators interfered, pitting the townspeople against one another. Uneasiness turned into anger, and even the Clinton Twelve themselves wondered if the easier thing to do would be to go back to their old school. Jo Ann--clear-eyed, practical, tolerant, and popular among both black and white students---found herself called on as the spokesperson of the group. But what about just being a regular teen? This is the heartbreaking and relatable story of her four months thrust into the national spotlight

and as a trailblazer in history. Based on original research and interviews and featuring backmatter with archival materials and notes from the authors on the co-writing process.

Ten percent of book profits will go to the Susan Angeline Collins Scholarship at Upper Iowa University in Fayette, Iowa. Get ready to delve into a world of hardship, challenge, and fulfillment. Explore the life of African American Susan Angeline Collins and be inspired by her faith, pioneering attitude, missionary successes, unflinching courage, and belief in everyone's right to an education. As Miss Collins' life unfolds before you, relevant social issues affecting people of color are intertwined. Issues examined include economics, education, gender, race, religion, and Africa's colonization from her 1851 birth in Illinois until her 1940 death in Iowa. Her resourcefulness in overcoming obstacles during her 33-year commitment to missionary service in the Congo Delta Region and Angola is compelling. Miss Collins' story demonstrates the difference one person can make in the lives of an unknown number of women and children, some orphaned and homeless and others escaping early marriage and subservience. Her leadership is evidenced when starting a girls' school in the northern Angolan high plateau region years before Mary Jane McLeod Bethune initiated her school for African-American girls in Florida. You will be gratified to discover how this diminutive bundle of energy achieved recognition as a stalwart missionary, leader, teacher, nurse, construction manager, and surrogate mother to "her girls."

Based on the diaries Susan has kept since she was in her 20s, The Fairy Tale Girl is book one of a two part series. Together the books are an illustrated memoir, charmingly designed in Susan's style with her whimsical watercolors and personal photographs. It's an enchanting story of love and loss, mystery and magic that begins in a geranium-colored house in California, and ends up, like any good fairy tale, on the right side of the rabbit hole, in a small cottage in the woods on the New England Island of Martha's Vineyard. The Fairy Tale Girl humorously explores Susan's journey as an artist and as a girl/woman, from the 1950s through the 1980s. In the first book of the series we get a revealing view of Susan's early life as the oldest of eight children and the marriage she imagined would be forever; it's filled with inspiration, romance and discovery, and a leap into the unknown.

A lot of work has been done talking about what masculinity is and what it does within video games, but less has been given to considering how and why this happens, and the processes involved. This book considers the array of daily relationships involved in producing masculinity and how those actions and relationships translate to video games. Moreover, it examines the ways the actual play of the games maps onto the stories to create contradictory moments that show that, while toxic masculinity certainly exists, it is far from inevitable. Topics covered include the nature of masculine apprenticeship and nurturing, labor, fatherhood, the scapegoating of women, and reckoning with mortality, among many others.

"In the winter of 1982, long before she became the watercolor artist and author we know today, Susan Branch, 34-years-old and heartbroken from the sudden and unexpected end of her marriage in California, "ran away from home" to the Island of Martha's Vineyard hoping to gain perspective. It was meant to be temporary, a three-month time-out from the daily grind of being broken up and miserable, but within days of her arrival, alone and not quite in her right mind, Susan "accidentally" bought a tiny one-bedroom cottage in the woods - which is how she discovered she was moving 3,000 miles away from everyone and everything she had known and loved. Funny, observant, touching, and addictive (you are not going to want this book to end), based on the diaries she has kept all her life, Susan Branch relates her inspirational tale of lost love and self discovery, her search for roots, purpose, and destiny with laugh-out-loud honesty. A road map for overcoming loss, following your heart, and making dreams come true, charmingly hand-lettered and watercolored in Susan's inimitable style, there are diary excerpts, recipes, and hundreds of photographs."--Provided by Amazon.com.
