Edible insects are a promising alternative to the conventional production of meat, either for direct human consumption or for indirect use as feedstock. This publication will boost awareness of the many valuable roles that insects play in sustaining nature and human life, and it will stimulate debate on the expansion of the use of insects as food and feed.

The untold story of a New York City legend's education in creativity and style For Bill Cunningham, New York City was the land of freedom, glamour, and, above all, style. Growing up in a lace-curtain Irish suburb of Boston, secretly trying on his sister's dresses and spending his evenings after school in the city's chicest boutiques, Bill dreamed of a life dedicated to fashion. But his desires were a source of shame for his family, and after dropping out of Harvard, he had to fight them tooth-and-nail to pursue his love. When he arrived in New York, he reveled in people-watching. He spent his nights at opera openings and gate-crashing extravagant balls, where he would take note of the styles, new and old, watching how the gowns moved, how the jewels hung, how the hair laid on each head. This was his education, and the birth of the democratic and exuberant taste that he came to be famous for as a photographer for The New York Times. After two style mavens took Bill under their wing, his creativity thrived and he made a name for himself as a designer. Taking on the alias William J.--because designing under his family's name would have been a disgrace to his parents--Bill became one of the era's most outlandish and celebrated hat designers, catering to movie stars, heiresses, and artists alike. Bill's mission was to bring happiness to the world by making women an inspiration to themselves and everyone who saw them. These were halcyon days when fashion was all he ate and drank. When he was broke and hungry he'd stroll past the store windows on Fifth Avenue and feed himself on beautiful things. Fashion Climbing is the story of a young man striving to be the person he was

born to be: a true original. But although he was one of the city's most recognized and treasured figures, Bill was also one of its most guarded. Written with his infectious joy and one-of-a-kind voice, this memoir was polished, neatly typewritten, and safely stored away in his lifetime. He held off on sharing it--and himself--until his passing. Between these covers, is an education in style, an effervescent tale of a bohemian world as it once was, and a final gift to the readers of one of New York's great characters.

The New York Times bestseller that helps you explore whether romance is in the stars. Linda Goodman's *Love Signs* addresses the question asked by everyone familiar with astrology: How do I relate to someone of another sign? Each sign is "related" to the twelve signs of the zodiac in a different and unique way. Each section addresses the differences for a male and a female with the same sign matches. This is an updated edition of Linda Goodman's lively bestseller, which has introduced millions to the concept of astrological compatibility. "What seems to set Goodman's books apart from other stargazing guides is their knowledgeable approach and comprehensive reach." —Newsweek

New York Times bestselling adult author of *The Bear and the Nightingale* makes her middle grade debut with a creepy, spellbinding ghost story destined to become a classic. After suffering a tragic loss, eleven-year-old Ollie only finds solace in books. So when she happens upon a crazed woman at the river threatening to throw a book into the water, Ollie doesn't think—she just acts, stealing the book and running away. As she begins to read the slender volume, Ollie discovers a chilling story about a girl named Beth, the two brothers who both loved her, and a peculiar deal made with "the smiling man," a sinister specter who grants your most tightly held wish, but only for the ultimate price. Ollie is captivated by the tale until her school trip the next day to Smoke Hollow, a local farm with a haunting history all its own. There she stumbles upon the graves of the very people she's been reading about. Could it be the story about the smiling man is true? Ollie doesn't have too long to think about the answer to that. On the way home, the school bus breaks down, sending their teacher back to the farm for

help. But the strange bus driver has some advice for the kids left behind in his care: "Best get moving. At nightfall they'll come for the rest of you." Nightfall is, indeed, fast descending when Ollie's previously broken digital wristwatch, a keepsake reminder of better times, begins a startling countdown and delivers a terrifying message: RUN. Only Ollie and two of her classmates heed the bus driver's warning. As the trio head out into the woods—bordered by a field of scarecrows that seem to be watching them—the bus driver has just one final piece of advice for Ollie and her friends: "Avoid large places. Keep to small." And with that, a deliciously creepy and hair-raising adventure begins.

The twentieth century looms just a few years away, bringing with it the belief in progress and a new world. But for Josiah Fuller, William Corvin, and the Rider in the Appalachian backwoods and small towns, there is nothing but a world where bloodshed is paid for in blood, and violence is the ultimate law of the land. When seventeen-year-old Josiah Fuller comes home to find his parents hanged and mutilated and the family house burned to the ground, he sets off to find the man responsible for their murders and avenge their deaths.

His journey takes him through new towns and wildernesses he has not seen before. He meets people who show him the realities of living in a violent world, forcing Josiah to decide what is most important to him: vengeance or grace. Years after running away from home as a young boy, William Corvin returns with his new bride to take over the family's coal mining operation. Though he is haunted by the violence of his past, he sets out to live a peaceful life and start a family there. However, Corvin's hopes of peace are challenged when a horrible act of violence causes him to revert back to the man he once was. After being visited by an angel in a dream years earlier, the Rider has become a man with violence in his blood, believing himself to be appointed by God to collect the souls of sinners. He travels around on his horse, killing whoever he feels is deserving of God's wrath and vengeance. These three men move along their individual paths, their stories intersecting one another, as they search for an understanding of the violent world in which they live. The novel examines the power and fragility of belief and conviction within humans, showing how one small act often leads to consequences that reach far beyond anyone's imagining. Praise for *A MURDER COUNTRY*: "A Murder Country is an existential, primordial fable. You will hear this novel compared to the work of Cormac McCarthy. You're going to hear that a lot. And it's true, Daily is mining a dark American seam. He's of a tradition that starts with Hawthorne, and on to Poe, to Dickinson. From Melville, to Steinbeck, to O'Connor. And yes, to McCarthy. And now beyond. You must read this book.

But steel yourself.” —Grant Jerkins, author of *A Scholar of Pain* and *A Very Simple Crime* “In *A Murder Country*, author Brandon Daily has crafted a dark and beautifully written story of death and violence in a mystical landscape of tortured souls struggling with their innermost desires and demons. Daily’s style is reminiscent of Cormac McCarthy at his finest, but with twists and turns that make this work uniquely his own. An excellent read!” —William Rawlings, author of *A Killing on Ring Jaw Bluff* “*A Murder Country* is a beautifully written, razor-sharp historical thriller. The prose is so assured and powerful, the characters so vivid and fully formed that it’s hard to believe this is a first novel. You won’t be able to put it down.” —David Bell, author of *Never Come Back* “Brandon Daily has managed what is rare in a debut novel, the synthesis of adventure and philosophy, of gritty realism and metaphysics. In the traditions of Jack London and Cormac McCarthy he has delivered an engaging story of the hardness of human nature and the quest for vengeance, all set in an expansive and questioning vision.” —Anthony Grooms, author of *The Vain Conversation* and *Bombingham*

#1 NEW YORK TIMES BESTSELLER • The book that sparked a revolution and inspired the hit Netflix series *Tidying Up with Marie Kondo*: the original guide to decluttering your home once and for all. **ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE—CNN** Despite constant efforts to declutter your home, do papers still accumulate like snowdrifts and clothes pile up like a tangled mess of noodles? Japanese cleaning consultant Marie Kondo takes tidying to a whole new level, promising that if you properly simplify and organize your home once, you'll never have to do it again. Most methods advocate a room-by-room or little-by-little approach, which doom you to pick away at your piles of stuff forever. The KonMari Method, with its revolutionary category-by-category system, leads to lasting results. In fact, none of Kondo's clients have lapsed (and she still has a three-month waiting list). With detailed guidance for determining which items in your house "spark joy" (and which don't), this international bestseller will help you clear your clutter and enjoy the unique magic of a tidy home—and the calm, motivated mindset it can inspire.

Australia's most famous children's cake book - reprinted in a collector's edition. The Australian Women's Weekly's Children's Birthday Cake Book was first published in 1980 and has sold more than half a million copies. In response to all the requests we have had, often from mothers who remember fondly all the cakes from their own childhood, we have taken this book from our archives and reprinted it 30 years after it first appeared. We have had to make a minor change - four of your little friends are missing, but they've been replaced by other cakes you'll love just as much. Apart from that we've left it just as it was - a true collectors' cookbook especially for you. Now you can recreate your favourite cakes - the swimming pool, rocket and that train from the cover for your own child.
