Are you ready to spend some great funny time with your kids and family? Do you want to test and challenge your children to improve their concentration and thinking skills? Are you searching for a creative and humorous way to boost your party or event at home?! Children are like sponges, especially at a very young age - absorbing anything and everything they hear and see around them. This creates a very big responsibility for parents to feed their children with the best information possible. The problem though is that sometimes the intellectual information does not interest the child even slightly. This has created a need for parents to have material that will both stimulate their children, while keeping them entertained. This riddle book does precisely that. Filled with simple riddles and rhymes that will entice young children between the ages of 4 and 8 to listen and keep listening. The riddles encourage children to think outside the box - a skill that will no doubt help them in the distant future. As children, their ability to think lineally is still developing. In this developing stage, it is vital to train them to really use their thinking faculties to the best of their ability. The riddles are divided into different sections to make it easier for them to identify the solutions, and if they still get stuck, all the answers are only a click away. This book offers over 300 riddles to challenge and encourage children to use their thinking abilities, and includes: ?? 300 riddles and trick questions from easy to difficult for children 9-12 and young teens. ?? Riddles divided into different categories like Love, Animals, Detective and more to choose from! ?? Interactive answers, very easy to navigate with a simple click! ?? The parents and adults will enjoy them too! ?? Challenge your kids' brains, and teach them to think "outside the box"! ?? Available for Kindle, Paperback, PC, Smartphone and Tablet! ?? 100% kids appropriate content! Over and above the necessary stimulation that it provides, it will also encourage mommies and daddies to really spend some quality time with their children. Life is very fast paced nowadays, and reading has become more of a chore to all generations. However, reading is a direct link to our imagination. So, as parents, train yourselves to make time for reading for your children and for training your imagination. What would this world be like if no one had an imagination? That is not a world that anyone would want to live in. So, sit down and dive in to the world of riddles with your children, growing closer to them while they grow closer to imaginative adults! "Education is not the learning of facts, but the training of the mind to think." - Albert Einstein. All Levels are Suitable for Adults and Kids. Do you want to stretch the limits of your intelligence? This collection of riddles and brain teasers open your mind like an IQ test. Logical puzzles create new connections for advanced thought and mental sharpness. They make strong the connections between brain cells. An assemblage of 300 tantalisingly fun mind-teasers, The Riddler, is accompanied with thought-provoking hints and entertaining pictures to ensure the reader is visually satisfied too. The riddles are laid out in three enjoyable chapters that get more difficult and challenging as you progress. Riddles have such a long lasting and profound effect on the power of our brains that solving them on a daily basis can actually turn out to be great brain exercise. If you do not use certain areas of the brain like logic, memory and reasoning - then they will start gaining rust, and the brains neural networks in those areas become less effective at decision-making. Experts across the ages have recommended riddles for kids and adults as an activity to improve their thinking ability and creativity. Riddles are also fun and provide a great opportunity to gain added knowledge. The more difficult riddles are aimed at children, teenagers and adults alike. They also make for good education in the classroom, as well as for a great family activity too. But beware: adults, don't be shocked if the kids outsmart you! This book is the perfect chance for you or your kids to enhance your problem-solving skills. Riddles and brain teasers are more beneficial and can improve your mental state in more ways than you may expect: Laughter is the best medicine. People might get bored of their everyday routines. And it is vital that you give your brain some down-time and fresh avenues of nourishment for learning. Also, the laughter is good for bonding and to reduce overall stress levels. Working your brains for academic or work-based achievement. Problem solving and critical thinking are huge in society. This for example, is demonstrated in standardised testing to gain entry to college and graduate schools. Both the ACT and SAT examinations are heavily structured around critical thinking, reading and problem solving skills. Reading comprehension: the literacy rate is 99% in the United States, however people often fail at comprehension as this falls on a spectrum. This can affect people when they deal with certain situations during their work life. Riddles can expand your ability to understand context. Expanding your vocabulary: riddles provide a large amount of context thereby making it easier to learn, remember and utilise words. They also enable people to ask further questions and conduct their own research as a follow-up to the information in the riddle. It also gives you an opportunity to teach and work with others. The riddles can be taught to peers, parents and teachers. This reinforces the understanding of the brain teasers and allows for people to form better social relationships in the future. Brainteasers, riddles and puzzles give us that little hit of dopamine which showers us with satisfaction or a sense of self-accomplishment. Humans, irrespective of age, always proceed towards a pursuit of uncertainty. And The Riddler will chisel your logic and undoubtedly strengthen your mental aptitude. If you learn to solve problems, you will gain the confidence not to avoid problems when you encounter them going forward. If you want to improve the power of your brain then scroll up and click the Add to Cart button.

Why did the chicken cross the road? Knock, knock. Who's there? What do you get when you...? As kids guess the answers, they're sure to get the giggles! With this book, little ones will look forward to sharing the jokes with parents, teachers, and siblings--and even coming up with some variations of their own! In addition to hundreds of rib-tickling jokes, readers will love: Head-scratching brain teasers Funny knock-knock jokes Hysterical puzzles Ridiculous riddles And much, much more! Amid the jokes, kids also find information on how to deliver the perfect punch line and how their favorite comics got started telling jokes. Every budding comic needs a little help getting started, and this book is the perfect go-to for getting laughs!
