Many of us grimace when faced with grammar exercises. But in order to communicate with others, pass tests, and get your point across in writing, using words and punctuation effectively is a necessary skill. It's a fact that in our life today, good communication skills—including writing—are essential. The good news is that grammar and writing skills can be developed with practice. It's time for a new approach to learning Spanish verbs. Unlike popular verb guides that require the rote memorization of hundreds of verb forms, this book clearly explains the rules that govern the conjugation of all classes of Spanish verbs—especially the irregular ones that give second-language learners the most trouble. These simple, easy-to-understand rules for conjugating Spanish verbs are effective learning tools for both beginning students and more advanced speakers who want to perfect their usage of Spanish verb forms. *Spanish Verbs Made Simple(r)* has many helpful features that you won't find in any other verb guide: Clear explanations of all verb tenses and forms. The simple rules that govern the conjugation of all verbs—including the 90% of irregular verbs whose irregularities are entirely predictable. A detailed discussion of how each verb form is used, with numerous examples. A full explanation of the distinction between *ser* and *estar*—the single most confusing element in the Spanish verbal system. An extended treatment of the subjunctive that will help you understand why it is used in some situations but not others. Conjugations for 35 model Spanish verbs and a comprehensive listing of 4,800 verbs that indicates which of the models each verb follows. Going well beyond any other guide in the clarity and detail of its explanations—as well as the innovative manner in which individual verbs are linked to model conjugations—*Spanish Verbs Made Simple(r)* is the only guide to Spanish verbs a learner needs.

The second edition of *Modern Brazilian Portuguese Grammar Workbook* is an innovative book of exercises and language tasks for all learners of Brazilian Portuguese. The book is divided into two sections: • Part A provides exercises based on essential grammatical structures • Part B practises everyday functions (e.g. making social contact, asking questions and expressing needs). A comprehensive answer key at the back of the book enables you to check on your progress. The *Modern Brazilian Portuguese Grammar Workbook* is ideal for all learners who have a basic knowledge of Brazilian Portuguese, including undergraduates taking Brazilian Portuguese as a major or minor part of their studies, as well as intermediate and advanced school, adult education and self-study students. While primarily intended for use in conjunction with *Modern Brazilian Portuguese Grammar: A Practical Guide*, it can also serve as an independent resource.

It's true that some people spend years studying German before they finally get around to speaking the language. But here's a better idea. Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of German, #LanguageHacking shows you how to learn and speak German through proven memory techniques, unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks -shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only "other people" can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in German from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the book . You don't need to go abroad to learn a language any more.

Auxiliaries are one of the most complex areas of English syntax. Disagreement over both the principles and details of their grammar has been substantial. Anthony Warner here offers a detailed account of both their synchronic and diachronic properties. He first argues that lexical properties are central to their grammar, which is relatively non-abstract. He then traces in detail the history of processes of grammaticalisation in their development and claims most notably that we can identify a group of auxiliaries in English from an early period on formal, not just semantic, grounds. This book meets the dual challenge of accounting for both the grammar and the history of the English auxiliary. It will be essential reading for all those interested in English syntax and its history.

Popular phrases, words, and expressions accompany the complete conjugation of common Spanish verbs.
