Hundreds of practice questions ensure that students are familiar with the STAAR science exam format before walking into the test. Many questions involve graphic representations, an important part of the STAAR exam. Teacher editions include extensive test-specific introductory guides and show correct and suggested answers for each of the questions asked, as well as targeted skill for those questions. Our science workbooks are the most effective test preparation available

today. Great for home schooling as well!

Teacher Education and Practice, a peer-refereed journal, is dedicated to the encouragement and the dissemination of research and scholarship related to professional education. The journal is concerned, in the broadest sense, with teacher preparation, practice and policy issues related to the teaching profession, as well as being concerned with learning in the school setting. The journal also serves as a forum for the exchange of diverse ideas and points of view within these purposes. As a forum, the journal offers a public space in which to critically examine current discourse and practice as well as engage in generative dialogue. Alternative forms of inquiry and representation are invited, and authors from a variety of backgrounds and diverse perspectives are encouraged to contribute. Teacher Education & Practice is published by Rowman & Littlefield.

Everyone has a talent, right? Hayley is sure she has one, but she's having trouble pinpointing it. Then Hayley buys a ukulele at a yard sale. Learning to play takes practice, but it's fun, fun, fun. Before long Hayley is strumming up a storm, and her classmates want in on the action. Then terrible new threatens not only the new uke band, but the whole school music program. Now it's up to Hayley and her band to come up with a creative plan to keep their school rocking.
