Hathaway House: Gregory (Book 7) Welcome to Hathaway House, a heartwarming military romance series from USA TODAY best-selling author Dale Mayer. Here you'll meet a whole new group of friends, along with a few favorite characters from Heroes for Hire. Instead of action, you'll find emotion. Instead of suspense, you'll find healing. Instead of romance, ... oh, wait. ... There is romance—of course! Welcome to Hathaway House. Rehab Center. Safe Haven. Second chance at life and love. Navy SEAL Gregory Parkins knows he's not so bad off as to need what Hathaway House offers, but he'll do anything to get in. RN Meredith Anderson is there, and Greg loves Meredith. In the time since they split up, his life has been one disaster after another, including the one that ended his career—the career that separated them in the first place. Meredith was horrified to hear what happened to Gregory. But seeing his file was an even bigger shock. Greg thinks he's basically back to normal, but Meredith knows he has a long way to go. She doesn't know how to tell him, without running the risk of him leaving Hathaway House before his healing can really take place. But the last thing she wants is for him to walk away from her again. Not if there is any chance that they can find their way back to each other ... As a nation, we're big fans of man's best friend. Nearly a quarter of all British homes own a dog. Sadly, not all of them receive the love and care they deserve and some dogs are neglected or, worse, abused. Enter The Dog Rescuers. Every day, these dedicated and passionate RSPCA inspectors - like Anthony Joynes - contend with dog owners' abandonment and misuse of their pets, and spring into action on behalf of dogs in trouble, returning them to health, happiness and a loving new home. This collection of heartbreaking but ultimately heartwarming tales follows the likes of puppy Clover, who suffered damage to her face and lips, and Flint, the Lurcher who'd been used for badger baiting and lost most of his tail. When all seems lost, the RSPCA's dog rescuers are on hand, providing vital support to get Clover, Flint and friends the help they need and into forever families so that they don't just survive, they thrive. Much beloved broadcaster Jenni Murray recounts her great love affair with Butch the Chihuahua. There was always a dog. If not real, then imagined. As a lonely only child, Jenni Murray longed to have a dog.

Hathaway House: Aaron (Book 1) Welcome to Hathaway House, a heartwarming series from USA TODAY best-selling author Dale Mayer. Here you'll meet wounded warriors as they're given a second chance at happiness and love at a special physical rehab facility, including heroes from Dale's other books as they continue on their journeys. Magic happens here! Welcome to Hathaway House. Rehab Center. Safe Haven. Second chance at life and love. Former Navy SEAL Aaron Hammond has no idea how he wound up at Hathaway House, Texas. Nor does he particularly care. All he can see is his anger. Anger at the betrayal that destroyed his physical body and at the loss of the future he wanted but that he'll never have now. He's a cripple, less than half a man, and all he can look forward to is a half life, alone with himself and his pain. Dani Hathaway runs Hathaway House with her father, an ex-military man nicknamed the Major, and she knew Aaron and his brother SEAL Levi in another life. Levi was a good friend to her through her difficult teen years, but it was Aaron who caught her eye more than a decade ago. When she heard what happened to him, she moved heaven and earth to get him to Hathaway House, where she could help him regain his health and return him to the man he used to be. Old feelings resurface as Dani continues to push Aaron to acknowledge that his life is not over, and that, if he chooses, he can find both love and a future at Hathaway House.

After years of drug abuse and dealing, Kevin Clark's life was spiraling downward. Food and money were hard to come by, and he was in and out of jail. He burned every bridge he had. Eventually, he ended up homeless, and he wanted out. All the while, he had a vision of a book of titles. Dreaming up book titles kept him alive at times. He began writing titles down on anything he could find. High and alone in a hotel room, he would write them on hotel stationery. Hungry and cold, living in a car, he would write them on napkins. Finding himself in prison again, he cried out to his father, God, to please help him. God answered his prayers. At his sentencing hearing, the judge gave him an option of a court-mandated rehab program. During his recovery, his vision for The Book of Titles became clear. Just as the titles were God's gift to him, he would like to share this gift with you.

Nearly a quarter of all British homes own a dog. Sadly, not all of them receive the love and care they deserve and some dogs are neglected or, worse, abused. Enter The Dog Rescuers. Every day, these dedicated and passionate RSPCA inspectors - like Anthony Joynes - contend with dog owners' abandonment and misuse of their pets, and spring into action on behalf of dogs in trouble, returning them to health, happiness and a loving new home. This collection of heartbreaking but ultimately heartwarming tales follows the likes of puppy Clover, who suffered damage to her face and lips, and Flint, the Lurcher who'd been used for badger baiting and lost most of his tail. When all seems lost, the RSPCA's dog rescuers are on hand, providing vital support to get Clover, Flint and friends the help they need and into forever families so that they don't just survive, they thrive.
