This eBook started as a speaking outline and then turned into an eBook as God directed me to do. The term "Rapture" is vigorously contested among Christians. My goal is to open the minds of these Christians and to bring the House of our Lord together on this issue or at least cause people to refrain from fist fights over who is right in their belief. Perhaps to the point of respectfully agreeing to disagree. My personal thoughts are that I will do God's work on earth as long as I am here. I do not put God in a box and limit Him in my mind as He has unlimited abilities. I do pray that I will be on the first available flight to heaven as the Bible states in Matthew, Luke and Revelation. 'A House Divided' is a lucid and invaluable study of the separation of Christianity from Judaism in the first century. It traces the historical forces at work in the central issues that led to the disagreements and finally, mutual rejection.

This anthology brings together under one cover the most important abolitionist and--unique to this volume--proslavery documents written in the United States between the American Revolution and the Civil War. It makes accessible to students, scholars, and general readers the breadth of the slavery debate. Including many previously inaccessible documents, *A House Divided* is a critical and welcome contribution to a literature that includes only a few volumes of antislavery writings and no volumes of proslavery documents in print. Mason Lowance's introduction is an excellent overview of the antebellum slavery debate and its key issues and participants. Lowance also introduces each selection, locating it historically, culturally, and thematically as well as linking it to other writings. The documents represent the full scope of the varied debates over slavery. They include examples of race theory, Bible-based arguments for and against slavery, constitutional analyses, writings by former slaves and women's rights activists, economic defenses and critiques of slavery, and writings on slavery by such major writers as William Lloyd Garrison, John Greenleaf Whittier, Walt Whitman, Henry David Thoreau, and Ralph Waldo Emerson. Together they

give readers a real sense of the complexity and heat of the vexed conversation that increasingly dominated American discourse as the country moved from early nationhood into its greatest trial.

Just as Jesus Christ promised, a book that simplifies and clarifies the End Times prophecies, is finally here. A House Divided chronicles, in easy-to-understand terms, the ENTIRE End Times scenario, including SEVEN easy-to-remember End Events. After years of scouring numerous passages and gathering all the prophecies scattered throughout the Old and New Testaments of The Bible, the author has been able to piece together the prophecies to form a single, coherent picture of the End Times. During the process of gathering together the prophecies, the Author also discovered a profound prophecy concerning the emergence of a book in the End Times that outlines seven events. In The Revelation, Chapter 10, John witnesses a powerful Angel descending from Heaven who holds open a book while he utters seven thunders. Although John heard the thunders and was about to write them down, he was told to conceal them. The author of A House Divided feels that he has uncovered what those "seven thunders" are. By themselves, the seven End Events only scratch the surface of all the new prophetic interpretations that are presented in this book. There are at least twenty COMPLETELY NEW interpretations of prophecy, never

before presented, that are detailed in the book. Many of the author's interpretations are as bold in its assertions as The Revelation is mysterious. Jews also, will find this work especially intriguing. In rather blunt terms, the author exalts Jews while diminishing the importance of many religious, social and political organizations of our day, including organized Christian hierarchy and the Catholic Church. The book uses a minimum of scriptural quotes and explains, in everyday language and terms, what Christians must know to prepare themselves for a terrible Christian holocaust in the future. And the book has been formatted to appeal to the "less-educated" Christian. Formerly, most prophecy authors have ignored the larger portion of Christians who are not "schooled" in ancient text, translations and scholarly jargon. A House Divided dispenses with the scholarly chitchat that has inhibited understanding in past prophecy works. It omits diplomacy and gets straight to the point. Without a doubt, A House Divided is as profound in fresh and new End Times understanding, in this day, as The Revelation was in the day of John. Do not miss this opportunity to know, understand and REMEMBER what has eluded all of us to this day: the final revealing of the mystery of God and the WHOLE End Times Truth. Did you know that the origins of Groundhog Day stem from a Catholic tradition? Or that the common pretzel was once a Lenten reward for the pious? Why Do

MacArthur Old Testament Study Guide Series, Volume 7 A Study in 2 Samuel David is known as Israel's greatest king, and he was renowned for his courage. But David was not a super-hero. He had to fight many difficult battles in order to establish his throne, he committed murder and adultery, and he brought disaster upon his family. Far from perfect, David was a man with sin who depended on the same grace of God that is available to us as well. Despite his all-too-human failings, the Lord declared that David was a man after God's own heart. The Restoration of a Sinner takes an in-depth look at the historical period beginning

Slavery is one of the central, most enduringly significant facts of U.S. history. It loomed like a dark cloud over the country's birth at the Constitutional Convention in 1787 and shaped the most important nodes of American history before the Civil War. Even today, the country continues to debate its past as it relates to slavery, and the political and geographic contours of human bondage endure into the twenty-first century. In a deeply researched, wide-ranging book, retired journalist Ben McNitt tells the story of how slavery shaped American politics—and indeed the American story—from the Founding until the Civil War. McNitt's sharp narrative covers people and events that still resonate: Thomas Jefferson, John

The nation of Judah witnessed great miracles and great failures, as her kings vacillated between serving the Lord and following pagan practices. This was a time of decision for God’s people—would they serve the Lord with a whole heart, or divide their loyalty between God and pagan deities? *Losing the Promised Land: Elisha and the Kings of Judah* takes an in-depth look at this historical period beginning with the first kings of Judah, continuing through the ministry of Elisha, and concluding with the nation’s exile. Why race remains the central political issue in America today Why have American policies failed to reduce the racial inequalities still pervasive throughout the nation? Has President Barack Obama defined new political approaches to race that might spur unity and progress? Still a House Divided examines the enduring divisions of American racial politics and how these conflicts have been shaped by distinct political alliances and their competing race policies. Combining deep historical knowledge with a detailed exploration of such issues as housing, employment, criminal justice, multiracial census categories, immigration, voting in majority-minority districts, and school vouchers, Desmond King and Rogers Smith assess the significance of President Obama's election to the White House and the prospects for achieving constructive racial policies

for America's future. Offering a fresh perspective on the networks of governing institutions, political groups, and political actors that influence the structure of American racial politics, King and Smith identify three distinct periods of opposing racial policy coalitions in American history. The authors investigate how today's alliances pit color-blind and race-conscious approaches against one another, contributing to political polarization and distorted policymaking. Contending that President Obama has so far inadequately confronted partisan divisions over race, the authors call for all sides to recognize the need for a balance of policy measures if America is to ever cease being a nation divided. Presenting a powerful account of American political alliances and their contending racial agendas, *Still a House Divided* sheds light on a policy path vital to the country's future.

Revelation 10:9 And I went unto the angel, and said unto him, Give me the little book. And he said unto me, Take it, and eat it up; and it shall make thy belly bitter, but it shall be in thy mouth sweet as honey. Revelation 10:10 And I took the little book out of the angels hand, and ate it up; and it was in my mouth sweet as honey: and as soon as I had eaten it, my belly was bitter. Here is the mystery of God, where He will train an angel to write about the seven thunders in modern times or fear. Fear is the beginning of all wisdom (knowledge), yet we have to reach for, there is nothing to fear but fear itself. How can a book result in my mouth sweet as honey when I speak and my belly was bitter as I tried to swallow my pride and the wisdom made me sicken? He told us to eat of the book as He has told us to eat of His body. A location that does not teach fear is not a valid church location, since fear is the beginning of all wisdom (knowledge). Malachi 3:1 Behold, I will send my messenger, and he shall prepare the way before me: and the LORD, whom ye seek, shall suddenly come to his temple, even the messenger of the covenant, whom ye delight in: behold, he shall come, saith the LORD of hosts. Malachi 3:2 But who may abide the day of his coming? and who shall stand when he appeareth? for he is like a refiners fire, and like fullers soap. Malachi 3:3 And he shall sit as a refiner and purifier of silver: and he shall purify the sons of Levi, and purge them as gold and silver, that they may offer unto the LORD an offering in righteousness. the multifaceted ways in which men encounter the Nation of Islam (NOI) and navigate its ethics and gender norms. She discusses the various inter-faith and community outreach efforts that men engage in and assesses their work with both their Christian and Muslim counterparts. To conclude its discussion, the book takes a look at the NOI's 2015 Justice or Else March to commemorate the twentieth anniversary of the Million Man March in Washington, DC.
