A warm and witty short story from the Sunday Times bestselling author – perfect for fans of Katie Fforde and Jill Mansell

There were five boys that made up the Knights of Kingston High. These same boys rule the halls of which I'm just a commoner trying to move along unnoticed. I didn't ask to be part of their group nor do I want to be. When one of the boys insists I have no choice because you simply don't say no when it comes to the Knights. Easton Kennedy. The town's golden boy and the Knights' chosen boss of the group loathes the idea of being anywhere near me. His angry glare? His icy facade? The fact that he seemed to despise the idea of being anywhere near me? The dark prince made himself perfectly clear that he wanted nothing to do with me.

Easton comes to my rescue one night only to torment me the following day. He's the devil in disguise with the things he says. In the way he makes me feel when he whispers dirty words into my ear. I want him only to hate him at the same time. When I finally learn the truth about this town, and the boy behind the green eyes it might already be too late. For both of us.

Bernadette Mayer and Lewis Warsh wrote *Piece of Cake* as a work of collaborative prose poetry, based on a process of each writing on alternate days in the course of August of 1976 - the bicentennial year of America's Declaration

of Independence. It recounts the quotidian details of daily activities, negotiating the exigencies of young, married-with-children life, the artistic path and citizenship. It has the classic "I did this, I did that" of a New York School of Poetry text, as characterized by the poetry of Frank O'Hara, and is somewhat reminiscent of Mayer's work *Memory*, written not long before taking up *Piece of Cake*, and a forerunner to *Midwinter Day*, also written in Lenox, Massachusetts. Another distinguishing feature of this work is that it is arguably the first significant male-female collaboration in 20th-century American poetry. Regarding the possible derivation of the work's title, and exemplary of the work's tenor, is the start of Warsh's entry of August 29: "I also recall getting up and eating a piece of left-over cake (a very sweet store-bought cake with green or possibly pinkish icing) and drinking a glass of milk at the kitchen window. Empty streets, no moon. Michael and Twinkie asleep on the floor of Bernadette's room, Guy and Karen in mine, Bill on the couch in the living room. Marie in her crib. Everyone 'dead to the world,' a phrase I dislike, what a full house."

“[Quindlen] serves up generous portions of her wise, commonsensical,

irresistibly quotable take on life. . . . What Nora Ephron does for body image and Anne Lamott for spiritual neuroses, Quindlen achieves on the home front.”—NPR Includes an exclusive conversation between Meryl Streep and Anna Quindlen! In this irresistible memoir, Anna Quindlen writes about a woman’s life, from childhood memories to manic motherhood to middle age, using the events of her life to illuminate ours. Considering—and celebrating—everything from marriage, girlfriends, our mothers, parenting, faith, loss, to all the stuff in our closets, and more, Quindlen says for us here what we may wish we could have said ourselves. As she did in her beloved New York Times columns, and in *A Short Guide to a Happy Life*, Quindlen uses her past, present, and future to explore what matters most to women at different ages. Quindlen talks about Marriage: “A safety net of small white lies can be the bedrock of a successful marriage. You wouldn’t believe how cheaply I can do a kitchen renovation.” Girlfriends: “Ask any woman how she makes it through the day, and she may mention her calendar, her to-do lists, her babysitter. But if you push her on how she really makes it through her day, she will mention her girlfriends.” Our bodies: “I’ve finally recognized my body for what it is: a personality-delivery system, designed expressly to carry my character from place to place, now and in the years to come.” Parenting: “Being a parent is not transactional. We do not get what we

give. It is the ultimate pay-it-forward endeavor: We are good parents not so they will be loving enough to stay with us but so they will be strong enough to leave us.” Candid, funny, and moving, *Lots of Candles, Plenty of Cake* is filled with the sharp insights and revealing observations that have long confirmed Quindlen’s status as America’s laureate of real life. “Classic Quindlen, at times witty, at times wise, and always of her time.”—The Miami Herald “[A] pithy, get-real memoir.”—Booklist

Students can experience 19th century ragtime first-hand with A Piece of Cake (walk). Originally written as a dance, the cakewalk was often performed by banjo, upright piano, or small jazz bands. Students should picture these instruments as they strut across the keyboard in style! Chromatic lines rise and fall above a playful staccato bass line as this 4/4 solo in C major dances its way through many varied dynamics and accent marks. These accent marks should be played with great gusto to truly capture the dance style of the cakewalk! A Federation Festivals 2016-2020 selection.
