Critical Thinking, Reading, and Writing is a compact but complete guide to critical thinking and argumentation. Comprising the text portion of the widely adopted Current Issues and Enduring Questions, it draws on the authors' dual expertise in effective persuasive writing and comprehensive rhetorical strategies to help students move from critical thinking to argumentative and researched writing. This extraordinarily versatile text includes comprehensive coverage of classic and contemporary approaches to argument, from Aristotelian to Toulmin, to a new chapter on rhetorical analysis of pop culture texts, as well as 35 readings (including e-Pages that allow students to take advantage of working with multimodal arguments on the Web), and a casebook on the state and the individual. This affordable guide can stand alone or supplement a larger anthology of readings.

Thorough and practical, Pocket Guide is a must have for any discipline using APA documentation standards. Based on the current edition of The Publication Manual of the American Psychological Association (5th ed.), this convenient and affordable reference tool offers straightforward instruction on APA style for undergraduates, graduate students and working professionals in a wide variety of fields.

With advice for finding, evaluating, and documenting sources, this handy spiral-bound pocket guide covers the essential information college students need for research assignments in more than 30 disciplines. New, up-to-date documentation models guide students as they cite common sources and newer sources in the current editions of one of four documentation styles (MLA, APA, Chicago, and CSE). Advice, examples, and activities help students engage in the research process, find entry points in debates, and develop their authority as researchers. The many examples, according to one college librarian, "are realistic and relevant." Research and Documentation in the Digital Age is the perfect companion to any college textbook.

Engaging and accessible to all students, Good Reasons is a brief, highly readable introduction to argument by two of the country's foremost rhetoricians. By stressing the rhetorical situation and audience, this argument rhetoric avoids complicated schemes and terminology in favor of providing students with the practical means to find "good reasons" to argue for the positions they take. Good Reasons helps students read, analyze, and write various types of arguments, including visual, verbal, and written. Supporting the authors' instruction are readings by professional and student writers and over 75 visuals. Good Reasons is distinctive for its discussion of why people write arguments, its coverage of rhetorical analysis and visual analysis in a brief format, its close attention to reading arguments, and its thorough attention to research. 0321951581 / 9780321951588 Good Reasons: Researching and Writing Effective Arguments Plus NEW MyWritingLab with Pearson eText -- Access Card Package Package consists of 0205870147 / 9780205870141 NEW MyWritingLab with Pearson eText -- Valuepack Access Card 0321906748 / 9780321906748 Good Reasons: Researching and Writing Effective Arguments

Ideal for all health care professionals, Ethical Dimensions in the Health Professions, 5th Edition provides a solid foundation in basic ethical theory, the terms and concepts of ethics, and current ethical issues. Expert authors Ruth Purtilo and Regina Doherty outline a unique 6-step decision-making process as a guide to making effective choices that lead to a professional and caring response to patients. They also suggest practical approaches to commonly encountered clinical issues such as confidentiality, informed consent, information sharing, and end-of-life care. With this book, you will develop the skills you need to recognize, understand, and resolve ethical problems. Unique! 6-step process of ethical decision-making provides an organizing framework for the steps to take in arriving at an ethical decision. Step 1: Gather relevant information Step 2: Identify the type of ethical problem Step 3: Analyze the problem using ethics theories or approaches Step 4: Explore the practical alternatives Step 5: Act Step 6: Evaluate the process and outcome Patient stories begin each chapter with an ethical dilemma and frame the rest of the chapter, tying abstract principles to real-life situations and demonstrating the ethical decision-making

process for each story. Content on end-of-life care shows how to develop a caring response toward dying patients and identifies basic ethical concepts applying to patients with life-threatening conditions. Unique! More than 100 Reflection boxes indicate important concepts and include space to jot down thoughts. HIPAA and patient confidentiality information covers current laws and addresses what types of information are appropriate and inappropriate to include in the patient's medical record. Questions for thought and discussion help you apply the ethical decision-making process to different situations. Unique! Over 80 summary boxes offer a quick review of the important information in each section. Unique! New coverage of biotechnology addresses the professional's role relating to environmental responsibility and the ecological costs of various health care interventions. Unique! New content on the intersection of technology and ethics describes the impact of advances in medical technology in rehabilitative care, and helps you face difficult conversations where you must offer hope while presenting realistic outcomes. Unique! New content on terrorism and disaster planning describes the ethical dilemmas professionals face in preventing terrorism and planning for disasters. New topics on the ethical decision-making process include the concepts of care, distinguishing ethical reasoning as a distinct part of your clinical reasoning and professional judgment, and attention to caregivers. New coauthor Regina Doherty, an occupational therapist, adds expertise and an OT perspective.
