New 2015 edition fully updated for new Study Manual and including analysis of the financial reporting elements of the 2014 exam papers in both Corporate Reporting and Strategic Business Management (the first real exam papers sat under the new evolved Advanced Level syllabus). Short form question bank providing over 700 practice questions for the financial reporting aspects of the Advanced Level. This book is applicable to both the Corporate Reporting and Strategic Business Management papers as the same core financial reporting concepts are tested in both papers. Designed to complement past paper practice by splitting topics and concepts into smaller and more manageable chunks which you can revise many times before the exam, helping the knowledge to sink in. Helps to build your confidence and avoid becoming overwhelmed by the large number of learning points in full exam standard questions and in the vast and dense Study Manual. Instead, our Q&A tests one thing at once and therefore allows you to learn an issue properly before moving on. In this way, you can build your knowledge effectively and without feeling overwhelmed. Questions are organised into 15 chapters, covering all aspects of the financial reporting element of the Advanced Level syllabus. Analysis of distribution of past paper marks in the first Advanced Level paper exams set in 2014 to help you focus your revision on key areas. Detailed questions on relevant IFRSs and new Advanced Level material such as pensions, share-based payments, deferred tax, forex and forex consolidation and hedge accounting. Also includes revision of topics such as groups, leases, government grants and revenue. All questions are designed to split topics into smaller parts, allowing you to study one thing at once and gradually build up knowledge. Our short form Q&A method strips the syllabus down into the core components and gives you a 100% active way of learning the models and theories, making it more interesting to revise this very dense syllabus. Please also see our Advanced Level Audit Q&A 2015 to complete your revision of the auditing elements of the Corporate Reporting Study Manual. We will also be releasing books in our Exam Room Notes series covering SBM. Please note that we strongly recommend that you thoroughly revise your brought forward financial reporting knowledge from the Professional Level/Stage - our FAR Q&A 2015 provides the ideal way to do so. Our SBM Exam Room Notes provide condensed summaries of over 100 key SBM topics, based on our careful review of the SBM syllabus, SBM past papers & ICAEW mocks and the topics tested under the similar Business Change paper of the previous ACA syllabus. The 2018 edition of our SBM Exam Room Notes has been fully updated for the 2018 syllabus and we have added several new sections on key syllabus updates such as cloud computing, cyber security, Digital Transformation, new content relating to Big Data, amongst other areas. We have also updated the book for the possible increased likelihood of testing of ISAE 3402 implied by the syllabus additions on IT topics. In response to the recent trend for SBM past papers to test brought forward derivatives knowledge from the Financial Management paper, the 2018 edition of our SBM Exam Room Notes also includes reminders on how to perform calculations for forwards, futures, options, Interest Rate Swaps, Forward Rate Agreements and Money Market Hedging. All topics are organised alphabetically for very quick reference under time pressure in the examination and include calculations where relevant. We also provide a list of topics organised by scenario (Acquisitions, Change, Finance, Growth etc) so that you can quickly find sets of relevant notes. Using our SBM Exam Room Notes will help you avoid a mind blank in the examination and will keep you focused on points that are more likely to score. Where relevant, we include "See also" references together with page references to give you additional areas to think about as well as a direct page reference so that you can instantly access the related information: these references can be very helpful in generating further mark-scoring ideas and connections under time pressure. Important notice: this set of Exam Room Notes has been designed as a quick reference resource to remind you of content that you should already have studied in detail based on the ICAEW Study Manual and your

tuition provider's notes. You must already have studied the Advanced Level syllabus in detail before using this book - the book is in no way designed to replace the Study Manual as a learning resource. If you have invested insufficient time in learning the syllabus content then our Exam Room Notes will not be comprehensible or useful as the book only provides reminders regarding material you must already have studied. Look out for our other Advanced Level Exam Room Notes publications (Audit and Assurance Exam Room Notes and Financial Reporting Exam Room Notes)! Our Advanced Level Financial Reporting Exam Room Notes 2019 provide an alphabetically-organised set of quick reference notes of relevance to both the Corporate Reporting and Strategic Business Management Advanced Level examinations. The 2019 edition of the book has been extensively revised to allow for IFRS 9 and IFRS 15 becoming the main examinable standards on financial instruments and revenue (respectively) in the 2019 Advanced Level syllabus. We have worked backwards from the model answers to all Advanced Level past papers, Mock exams and Question Bank questions to summarise approximately 75 highly examinable financial reporting areas into sets of key mark-scoring points - ideal to prevent you dropping easy marks by forgetting basic points and also helpful when attacking harder parts of the questions. In addition, it is vital to revise brought-forward knowledge from the Professional Level paper in Financial Accounting and Reporting (FAR) as part of your preparations for the Advanced Level examinations (in many Corporate

Reporting examinations, brought-forward FAR knowledge is worth at least as many marks as the new Advanced Level FR topics). Therefore, the book also includes key model answer points from our review of all FAR past papers, Mock exams and Question Bank questions to provide useful reminders - examiner feedback is often that the brought-forward knowledge of candidates is weak, losing many potentially easy marks. All content is organised in a sensible alphabetical format so that you can very quickly find the content that you need. This organisation is more efficient than organisation by Study Manual chapter and should save you time in finding the information you require - just head to the "D" section for Deferred Tax, rather than having to remember to look in chapter 22 of the Study Manual. The book has been developed by the same authors behind our very successful BPT Exam Room Notes and SBM Exam Room Notes books and is based on our trademark style of simple, clear and succinct explanations of syllabus content with a focus on what you really need to do to get the marks as quickly as possible. Important notice: this set of Exam Room Notes has been designed as a quick reference resource to remind you of content that you should already have studied in detail based on the ICAEW Study Manual and your tuition provider's notes. You must already have studied the Advanced Level syllabus in detail before using this book - the book is in no way designed to replace the Study Manual as a learning resource. If you have invested insufficient time in learning the syllabus content then our Exam Room Notes will not be comprehensible or useful as the book only provides reminders regarding material you must already have studied.
