The Fountas & Pinnell Literacy Continuum: Expanded Edition is the newest edition of the beloved Continuum of Literacy Learning resource by best-selling literacy authors and educators, Irene Fountas and Gay Su Pinnell. There has never been a more comprehensive resource available to teachers that does what the continuum does - provide specific behaviors and understandings that are required at each level for students to demonstrate thinking within, beyond, and about the text. These behaviors and understandings describe what students will be expected to do in order to effectively read and understand the text. More in-depth, more intuitive, and more essential than ever-The Fountas & Pinnell Literacy Continuum, Expanded Edition enables teachers to construct a common vision for student achievement that effectively and efficiently engages all students in the robust, authentic and meaningful literacy learning every child deserves. The Literacy Continuum provides a way to look for specific evidence of learning from prekindergarten through grade eight, and across eight instructional contexts. Each instructional context contributes substantially, in different but complementary ways, to students' development of the literacy process. With this indispensable literacy tool, Fountas and Pinnell remind you of The Literacy Continuum's critical role in transforming literacy teaching and learning. This is the heroic and true story of children coming of age in Terezin, the "Jewish city" established by the Nazis near Prague as a way station before the death camps. In the face of unspeakable horror, these children use their determination and creativity to build lives filled with hope and beauty -- playing, studying, making art, and writing an underground newspaper -- all at the peril of being executed. Their actual poems and stories are woven into a fast-paced drama, evoking the universality of children caught in the insanity of war.

Physics is equally appropriate for average and gifted students. The entire program is based on introducing a topic to a student and then allowing them to build upon that concept as they learn new ones.
