

Advanced Accounting Intercompany Inventory Transaction Solution

Advanced Accounting links theory and practice with constant emphasis on the logic of procedures. In general, the text offers in-depth coverage of the major advanced accounting topics that appear on the CPA (Chartered Public Accountant) exam and provides up-to-date information on relevant, generally accepted accounting standards.

The most reader-friendly text on the market, Advanced Accounting 8e brings real-world accounting topics to the student's level, presenting advanced concepts and issues in a flexible, step-by-step approach. This is the only advanced book that completely separates the following three major concepts dealt with in the consolidations area: (1) the general concept of consolidating, (2) the concept of a non-controlling interest, and (3) the change or no change in basis of accounting concepts for business combinations. Separating these concepts makes it much easier for students than having to simultaneously learn multiple concepts.

Help today's advanced accounting learners master the theory and practice they need for professional success with Fischer/Taylor/Cheng's ADVANCED ACCOUNTING, 12E. This leading text offers readers the most authoritative, comprehensive coverage of advanced accounting topics available. This edition explores the latest FASB statements and their impact on consolidations. The authors combine sound theoretical foundations with a hands-on approach using numerous actual examples common in today's accounting. The text's proven focus on conceptual understanding and clear presentation style make even the most complex

Modern Advanced Accounting in Canada continues the approach that made it the best selling advanced financial accounting text in Canada. This includes the complete & comprehensive coverage of business combinations, the preparation of consolidated financial statements, the consolidation of joint ventures and foreign subsidiaries, and push-down accounting. Consolidation coverage continues to emphasize the direct approach accompanied by a "building block" development of the consolidation basics. Coverage of unrelated topics - bankruptcy and receivership, partnerships, and accounting for not-for-profit organizations - has also been maintained.
