"The title 'The Unfinished Nation' is meant to suggest several things. It is a reminder of America's exceptional diversity of the degree to which, despite all the many efforts to build a single, uniform definition of the meaning of American nationhood, that meaning remains contested. It is a reference to the centrality of change in American history to the ways in which the nation has continually transformed itself and continues to do so in our own time. It is also a description of the writing of American history itself of the ways in which historians are engaged in a continuing, ever unfinished process of asking new questions"--

The study of two great demagogues in American history--Huey P. Long, a first-term United States Senator from the red-clay, piney-woods country of northern Louisiana; and Charles E. Coughlin, a Catholic priest from an industrial suburb near Detroit. Award-winning historian Alan Brinkley describes their modest origins and their parallel rise together in the early years of the Great Depression to become the two most successful leaders of national political dissidence of their era. *Winner of the American Book Award for History*

Known for its clear narrative voice, impeccable scholarship, and affordability, Alan Brinkley's *The Unfinished Nation* offers a concise but comprehensive examination of American History. Balancing social and cultural history with traditional political and diplomatic themes, it tells the story of the diversity and complexity of the United States and the forces that have enabled it to survive and flourish despite division. Volume 2 covers 1865 to the present. This fifth edition features six new essays and enhanced coverage of recent events and developments in the continuing American story.

This trade-like survey text is known for Alan Brinkley's clear narrative voice, impeccable scholarship, and reliability, all at a low price. It offers a careful examination of American political and diplomatic history, while also exploring the other areas of the

American past that are of interest to scholars and students alike. The balanced picture that emerges connects the newer histories of society and culture with the more traditional stories of politics, diplomacy, and great public events. The fourth edition features a completely new four-color design and expanded illustration and mapping program, as well as new "America in the World" features and more!

At a time when liberalism is in disarray, this vastly illuminating book locates the origins of its crisis. Those origins, says Alan Brinkley, are paradoxically situated during the second term of Franklin Delano Roosevelt, whose New Deal had made liberalism a fixture of American politics and society. *The End of Reform* shows how the liberalism of the early New Deal—which set out to repair and, if necessary, restructure America's economy—gave way to its contemporary counterpart, which is less hostile to corporate capitalism and more solicitous of individual rights. Clearly and dramatically, Brinkley identifies the personalities and events responsible for this transformation while pointing to the broader trends in American society that made the politics of reform increasingly popular. It is both a major reinterpretation of the New Deal and a crucial map of the road to today's political landscape.

Known for its balanced voice and approachable scholarship, Alan Brinkley's best-selling *The Unfinished Nation* offers a concise, yet thorough survey of American History appropriate for students at all levels. The 8th edition features new scholarship and updated discussions, most significantly on the topics of War, American Imperialism, and

Globalization. Brinkley's accessible narrative is available as a digital SmartBook™, a personalized eBook that enhances understanding by asking students to demonstrate comprehension as they read. It is also supported by engaging digital tools, such as interactive maps, that encourage critical thinking and retention of key course concepts. Balancing social and cultural history with traditional political and diplomatic themes, historian Brinkley tells the story of the diversity and complexity of the United States and the forces that have enabled it to survive and flourish despite division. This fifth edition features eight new essays and enhanced coverage of recent events and developments in the continuing American story.--From publisher description.

Discusses the impact of Franklin Roosevelt, Robert Penn Warren, T. Harry Williams, Huey Long, Allard Lowenstein, and Oral Roberts upon American political culture. The popular historian shares his views of his own life and on the history of America, in a series of reflections on the Founding Fathers, Native Americans, Theodore Roosevelt, World War II, civil rights, Vietnam, and the writing of history.

The young president who brought vigor and glamour to the White House while he confronted cold war crises abroad and calls for social change at home John Fitzgerald Kennedy was a new kind of president. He redefined how Americans came to see the nation's chief executive. He was forty-three when he was inaugurated in 1961—the youngest man ever elected to the office—and he personified what he called the "New Frontier" as the United States entered the 1960s. But as Alan Brinkley shows in this

incisive and lively assessment, the reality of Kennedy's achievements was much more complex than the legend. His brief presidency encountered significant failures—among them the Bay of Pigs fiasco, which cast its shadow on nearly every national-security decision that followed. But Kennedy also had successes, among them the Cuban Missile Crisis and his belated but powerful stand against segregation. Kennedy seemed to live on a knife's edge, moving from one crisis to another—Cuba, Laos, Berlin, Vietnam, Mississippi, Georgia, and Alabama. His controversial public life mirrored his hidden private life. He took risks that would seem reckless and even foolhardy when they emerged from secrecy years later. Kennedy's life, and his violent and sudden death, reshaped our view of the presidency. Brinkley gives us a full picture of the man, his times, and his enduring legacy.

Known for its balanced voice and approachable scholarship, Alan Brinkley's best-selling *The Unfinished Nation* offers a concise, yet thorough survey of American History appropriate for students at all levels. With new authors and new scholarship added to the team for the 9th edition, the panorama of history will be covered even more thoroughly. The 9th edition will feature new scholarship on treatment of Native Americans, the effects of the Revolutionary War, the Civil Rights Movement, and the effects of modern warfare on American History.
