A NEW YORK TIMES BESTSELLER An Indie Bestseller! An Indie Next Pick! The blockbuster co-writing debut of Amanda Foody and Christine Lynn Herman, *All of Us Villains* begins a dark tale of ambition and magick... You Fell in Love with the Victors of the Hunger Games. Now Prepare to Meet the Villains of the Blood Veil. The Blood Moon rises. The Blood Veil falls. The Tournament begins. Every generation, at the coming of the Blood Moon, seven families in the remote city of Ilvernath each name a champion to compete in a tournament to the death. The prize? Exclusive control over a secret wellspring of high magick, the most powerful resource in the world—one thought long depleted. But this year a salacious tell-all book has exposed the tournament and thrust the seven new champions into the worldwide spotlight. The book also granted them valuable information previous champions never had—insight into the other families' strategies, secrets, and weaknesses. And most important, it gave them a choice: accept their fate or rewrite their legacy. Either way, this is a story that must be penned in blood.

The hierarchy of caste is not about feelings or morality. It is about power—which groups have it and which do not.” In this brilliant book, Isabel Wilkerson gives us a masterful portrait of an unseen phenomenon in America as she explores, through an immersive, deeply researched narrative and stories about real people, how America

today and throughout its history has been shaped by a hidden caste system, a rigid hierarchy of human rankings. Beyond race, class, or other factors, there is a powerful caste system that influences people's lives and behavior and the nation's fate. Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting stories about people—including Martin Luther King, Jr., baseball's Satchel Paige, a single father and his toddler son, Wilkerson herself, and many others—she shows the ways that the insidious undertow of caste is experienced every day. She documents how the Nazis studied the racial systems in America to plan their out-cast of the Jews; she discusses why the cruel logic of caste requires that there be a bottom rung for those in the middle to measure themselves against; she writes about the surprising health costs of caste, in depression and life expectancy, and the effects of this hierarchy on our culture and politics. Finally, she points forward to ways America can move beyond the artificial and destructive separations of human divisions, toward hope in our common humanity. Beautifully written, original, and revealing, *Caste: The Origins of Our Discontents* is an eye-opening story of people and history, and a reexamination of what lies under the surface of ordinary lives and of American life today.

At 95, the legendary Mel Brooks continues to set the standard for comedy across television, film, and the stage. Now, for the first time, this EGOT (Emmy,

What else do you expect from the man who knew Jesus and dated Joan of Arc?"--Billy Crystal For anyone who loves American comedy, the long wait is over. Here are the never-before-told, behind-the-scenes anecdotes and remembrances from a master storyteller, filmmaker, and creator of all things funny. All About Me! charts Mel Brooks's meteoric rise from a Depression-era kid in Brooklyn to the recipient of the National Medal of Arts. Whether serving in the United States Army in World War II, or during his burgeoning career as a teenage comedian in the Catskills, Mel was always mining his experiences for material, always looking for the perfect joke. His iconic career began with Sid Caesar's Your Show of Shows, where he was part of the greatest writers' room in history, which included Carl Reiner, Neil Simon, and Larry Gelbart. After co-creating both the mega-hit 2000 Year Old Man comedy albums and the classic television series Get Smart, Brooks's stellar film career took off. He would go on to write, direct, and star in The Producers, The Twelve Chairs, Blazing Saddles, Young Frankenstein, Silent Movie, High Anxiety, and Spaceballs, as well as produce groundbreaking and eclectic films, including The Elephant Man, The Fly, and My Favorite Year. Brooks then went on to conquer Broadway with his record-breaking, Tony-winning musical, The Producers. All About Me! offers fans insight into the inspiration behind the ideas for his outstanding collection of boundary-breaking work, and offers details

The INSTANT New York Times Bestseller A New York Times Book Review Editors' Choice A New York Times Notable Book A Best Book of the Year: Time, Wall Street Journal, and Publishers Weekly In this "stunning literary achievement," Donner chronicles the extraordinary life and brutal death of her great-great-aunt Mildred Harnack, the American leader of one of the largest underground resistance groups in Germany during WWII—"a page-turner story of espionage, love and

betrayal” (Kai Bird, winner of the Pulitzer Prize for Biography) Born and raised in Milwaukee, Mildred Harnack was twenty-six when she enrolled in a PhD program in Germany and witnessed the meteoric rise of the Nazi party. In 1932, she began holding secret meetings in her apartment—a small band of political activists that by 1940 had grown into the largest underground resistance group in Berlin. She recruited working-class Germans into the resistance, helped Jews escape, plotted acts of sabotage, and collaborated in writing leaflets that denounced Hitler and called for revolution. Her coconspirators circulated through Berlin under the cover of night, slipping the leaflets into mailboxes, public restrooms, phone booths. When the first shots of the Second World War were fired, she became a spy, couriering top-secret intelligence to the Allies. On the eve of her escape to Sweden, she was ambushed by the Gestapo. At a Nazi military court, a panel of five judges sentenced her to six years at a prison camp, but Hitler overruled the decision and ordered her execution. On February 16, 1943, she was strapped to a guillotine and beheaded. Historians identify Mildred Harnack as the only American in the leadership of the German resistance, yet her remarkable story has remained almost unknown until now. Harnack’s great-great-niece Rebecca Donner draws on her extensive archival research in Germany, Russia, England, and the U.S. as well as newly uncovered documents in her family archive to produce this astonishing work of narrative nonfiction. Fusing elements of biography, real-life political thriller, and scholarly detective story, Donner

brilliantly interweaves letters, diary entries, notes smuggled out of a Berlin prison, survivors' testimony, and a trove of declassified intelligence documents into a powerful, epic story, reconstructing the moral courage of an enigmatic woman nearly erased by history.

It takes more than 10 billion years to create just the right conditions on one planet for life to begin. It takes another three billion years of evolving life forms until it finally happens, a primate super species emerges: mankind. In conjunction with History Channel's hit television series by the same name, Mankind is a sweeping history of humans from the birth of the Earth and hunting antelope in Africa's Rift Valley to the present day with the completion of the Genome project and the birth of the seven billionth human. Like a Hollywood action movie, Mankind is a fast-moving, adventurous history of key events from each major historical epoch that directly affect us today such as the invention of iron, the beginning of Buddhism, the crucifixion of Jesus, the fall of Rome, the invention of the printing press, the Industrial Revolution, and the invention of the computer. With more than 300 color photographs and maps, Mankind is not only a visual overview of the broad story of civilization, but it also includes illustrated pop-out sidebars explaining distinctions between science and history, such as why there is 700 times more iron than bronze buried in the earth, why pepper is the only food we can taste with our skin, and how a wobble in the earth's axis helped bring down the Egyptian Empire. This is the most exciting and entertaining history of mankind ever produced.

In this “brave and heartbreaking novel that digs its claws into you and doesn’t let go, long after you’ve finished it” (Anna Todd, New York Times bestselling author) from the #1 New York Times bestselling author of All Your Perfects, a workaholic with a too-good-to-be-true romance can’t stop thinking about her first love. Lily hasn’t always had it easy, but that’s never stopped her from working hard for the life she wants. She’s come a long way from the small town where she grew up—she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily’s life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He’s also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn’t hurt. Lily can’t get him out of her head. But Ryle’s complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his “no dating” rule, she can’t help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. An honest, evocative, and tender novel, It

The instant New York Times bestseller and companion book to the PBS series. “Absolutely brilliant . . . A necessary and moving work.” —Eddie S. Glaude, Jr., author of Begin Again “Engaging. . . . In Gates’s telling, the Black church shines bright even as the nation itself moves uncertainly through the gloaming, seeking justice on earth—as it is in heaven.” —Jon Meacham, New York Times Book Review From the New York Times bestselling author of Stony the Road and one of our most important voices on the African American experience comes a powerful new history of the Black church as a foundation of Black life and a driving force in the larger freedom struggle in America. For the young Henry Louis Gates, Jr., growing up in a small, residentially segregated West Virginia town, the church was a center of gravity—an intimate place where voices rose up in song and neighbors gathered to celebrate life’s blessings and offer comfort amid its trials and tribulations. In this tender and expansive reckoning with the meaning of the Black Church in America, Gates takes us on a journey spanning more than five centuries, from the intersection of Christianity and the

transatlantic slave trade to today's political landscape. At road's end, and after Gates's distinctive meditation on the churches of his childhood, we emerge with a new understanding of the importance of African American religion to the larger national narrative—as a center of resistance to slavery and white supremacy, as a magnet for political mobilization, as an incubator of musical and oratorical talent that would transform the culture, and as a crucible for working through the Black community's most critical personal and social issues. In a country that has historically afforded its citizens from the African diaspora tragically few safe spaces, the Black Church has always been more than a sanctuary. This fact was never lost on white supremacists: from the earliest days of slavery, when enslaved people were allowed to worship at all, their meetinghouses were subject to surveillance and destruction. Long after slavery's formal eradication, church burnings and bombings by anti-Black racists continued, a hallmark of the violent effort to suppress the African American struggle for equality. The past often isn't even past—Dylann Roof committed his slaughter in the Mother Emanuel AME Church 193 years after it was first burned down by white citizens of Charleston, South Carolina, following a thwarted slave rebellion. But as Gates brilliantly shows, the Black church has never been only one thing. Its story lies at the heart of the Black political struggle, and it has produced many of the Black community's most notable leaders. At the same time, some churches and denominations have eschewed political engagement and exemplified practices of exclusion and intolerance that have caused polarization and pain. Those tensions remain today, as a rising generation demands freedom and dignity for all within and beyond their communities, regardless of race, sex, or gender. Still, as a source of faith and refuge, spiritual sustenance and struggle against society's darkest forces, the

Black Church has been central, as this enthralling history makes vividly clear.

From the financial crisis of 2008 to

rising student debt to collapsing public infrastructure, she found a root problem: racism in our politics and policymaking. But not just in the most obvious indignities for people of color. Racism has costs for white people, too. It is the common denominator of our most vexing public problems, the core dysfunction of our democracy and constitutive of the spiritual and moral crises that grip us all. But how did this happen? And is there a way out? McGhee embarks on a deeply personal journey across the country from Maine to Mississippi to California, tallying what we lose when we buy into the zero-sum paradigm—the idea that progress for some of us must come at the expense of others. Along the way, she meets white people who confide in her about losing their homes, their dreams, and their shot at better jobs to the toxic mix of American racism and greed. This is the story of how public goods in this country—from parks and pools to functioning schools—have become private luxuries; of how unions collapsed, wages stagnated, and inequality increased; and of how this country, unique among the world’s advanced economies, has thwarted universal healthcare. But in unlikely places of worship and work, McGhee finds proof of what she calls the Solidarity Dividend: the benefits we gain when people come together across race to accomplish what we simply can’t do on our own. *The Sum of Us* is not only a brilliant analysis of how we arrived here but also a heartfelt message, delivered with startling empathy, from a black woman to a multiracial America. It leaves us with a new vision for a future in which we finally realize that life can be more than a zero-sum game.

When Brad Sorenson crossed paths with Zoe O'Loughlin at a high school graduation party, the connection was undeniable. He noticed her when no one else did; she inspired him to want more out of life. But it would be years before they'd meet again...and in the most unlikely of places. Brad was looking for a good time online, not love. But Zoe was so sweet, so kind. Everything about her was perfect-until she fell in love with him. Zoe doesn't know why Brad left her standing in an airport; he won't return her calls or texts. With her self-esteem and dreams shattered, she can't imagine ever loving anyone else. When a single phone call changes Brad's life forever he wants just one thing: to make amends with the only woman that's ever mattered. Will his first love give him a second chance or will Zoe turn her back on love for good?
