Drawing on extensive interviews with old spooks and the social friends and family of his subjects, The Very Best Men is a fascinating narrative that brings to life a crucial piece of American history. The Very Best Men is the story of the CIA's early days as told through the careers of four glamorous, daring, and idealistic men who ran covert operations for the government from the end of World War II to Vietnam. Evan Thomas re-creates the personal dramas and sometimes tragic lives of Frank Wisner, Richard Bissell, Tracy Barnes, and Desmond FitzGerald, who risked everything to contain the Soviet threat. Within the inner circles of Washington, they were regarded as the best and the brightest. They planned and acted to keep the country out of war -- by stealth and "political action" and to do by cunning

and sleight of hand what great armies could not, must not be allowed to do. In the end, they were too idealistic and too honorable, and were unsuited for the dark, duplicitous life of spying. Their hubris and naïveté led them astray, producing both sensational coups and spectacular blunders like the Bay of Pigs and the failed assassination attempts on foreign leaders in the early 1960s. Thomas draws on the CIA's own secret histories, to which he has had exclusive access, as well as extensive interviews, to bring to life a crucial piece of American history. A new installment in the men's physical fitness series shares complete coverage of building and sculpting arm muscles, in an illustrated reference that addresses such topics as diet, stretching, and arm anatomy. Includes an excerpt from the second thrilling Laurence Beaumont novel, *The Licence of War*. It is 1642, and Laurence Beaumont has returned to England after six years in the European Wars; he has seen and done things he can't bear to remember, and he no longer has faith in God, or much in humankind itself. When clashes between King Charles I and his mutinous Parliament throw England into a civil war, Beaumont is reluctantly drawn back into a world of intrigue when he discovers coded letters outlining a plot to assassinate the king. Soon powerful conspirators are in hot pursuit, and Laurence must find proof of their identities before they overtake him. The seductive Isabella Savage wants to help, but she may only lead him deeper into the conspiracy. Intricately plotted, bawdy, and full of vivid character and detail, *The Best of Men* is thoroughly satisfying, and only the beginning of the adventures of Laurence Beaumont.

Wrapping things up with an informative Q&A, *Married Men Make the Best Lovers* is a must-read for any woman who treasures both her single status and the enjoyment of a rich, fulfilling sex life. And for those ladies (and gentlemen) who seek further enrichment, Dickson went on to author the definitive non-marriage manual, *Now That You've Got Me Here, What Are We Going to Do?* Sexier than Helen Gurley Brown, wittier than Xaviera Hollander, Ruth Dickson tells the truth, makes you laugh, gives you innovative ideas and thoughtful advice on how to navigate the tricky waters of true freedom of choice. Other Woman status may not be for everybody but it's difficult to disregard Dickson's cleverly persuasive argument in defense of this provocative lifestyle.

States through his founding role in the NAACP, as well as internationally through the Pan-African movement. Du Bois's sociological and historical research on African-American communities and culture broke ground in many areas, including the history of the post-Civil War Reconstruction period. Du Bois was also a prolific author of novels, autobiographical accounts, innumerable editorials and journalistic pieces, and several works of history. *Black Reconstruction in America* tells and interprets the story of the twenty years of Reconstruction from the point of view of newly liberated African Americans. Though lambasted by critics at the time of its publication in 1935, *Black Reconstruction* has only grown in historical and literary importance. In the 1960s it joined the canon of the most influential revisionist historical works. Its greatest achievement is weaving a credible, lyrical historical narrative of the hostile and politically fraught years of 1860-1880 with a powerful critical analysis of the harmful effects of democracy, including Jim Crow laws and other injustices. With a series introduction by editor Henry Louis Gates, Jr., and an introduction by David Levering Lewis, this edition is essential for anyone interested in African American history.

I went to a wedding and came out with not one hot guy, but three. They say weddings are the best places to meet someone. Yeah, right. In my putrid green bridesmaid dress, I just wanted to disappear. Mason, Kane and Tyler were definitely interested, sending hot vibes my way. But it's

wrong. This is a wedding for crying out loud. I'm supposed to be the maid of honor with flowers in my hair, projecting innocence and purity. Because this is dirty and nasty, taboo as hell. But I want it. Bad. Hot and hungry. Bent over and screaming. And the three best men? Well they're only too happy to do the honors ...

Ever since 1759, when Voltaire wrote "Candide" in ridicule of the notion that this is the best of all possible worlds, this world has been a gayer place for readers. Voltaire wrote it in three days, and five or six generations have found that its laughter does not grow old. "Candide" has not aged. Yet how different the book would have looked if Voltaire had written it a hundred and fifty years later than 1759. It would have been, among other things, a book of sights and sounds. A modern writer would have tried to catch and fix in words some of those Atlantic changes which broke the Atlantic monotony of that voyage from Cadiz to Buenos Ayres. When Martin and Candide were sailing the length of the Mediterranean we should have had a contrast between naked scarped Balearic cliffs and headlands of Calabria in their mists. We should have had quarter distances, far horizons, the altering silhouettes of an Ionian island. Colored birds would have filled Paraguay with their silver or acid cries. Dr. Pangloss, to prove the existence of design in the universe, says that noses were made to carry spectacles, and so we have spectacles. A modern satirist would not try to paint with Voltaire's quick brush the doctrine that he wanted to expose. And he would choose a more complicated doctrine than Dr. Pangloss's optimism, would study it more closely, feel his destructive way

about it with a more learned and caressing malice. His attack, stealthier, more flexible and more patient than Voltaire's, would call upon us, especially when his learning got a little out of control, to be more than patient. Now and then he would bore us. "Candide" never bored anybody except William Wordsworth. Voltaire's men and women point his case against optimism by starting high and falling low. A modern could not go about it after this fashion. He would not plunge his people into an unfamiliar misery. He would just keep them in the misery they were born to.

Blake: Planning my twin brother's wedding seemed like a feat on its own. But I'm the only family he's got left, and really, I couldn't be happier for him. Turns out, planning a wedding isn't so hard, especially when the other best man is such a big help. Of course, I wasn't expecting to have to share a bed with the man or to discover he's a cuddler and a little handsy. Finding out he wasn't as straight as I thought was a surprise, but not as surprising as finding out that apparently, neither am I. Sean: I always dreamt of the day my little brother would get married. Planning the perfect wedding for him and the love of his life is a dream come true. Blake's help has been invaluable, and I'm glad we've been able to grow closer over the past few weeks. Pender, en route to the provisional Confederate capital in Montgomery, Alabama, hurriedly scribbled a note to his wife, Fanny. So began a prolific correspondence between a rising Confederate officer and his cherished wife that would last until Pender was mortally wounded at Gettysburg. First published by UNC Press in 1965, Pender's letters are filled with personal details, colorful descriptions, and candid opinions of such important figures as Robert E. Lee, Stonewall Jackson, J. E. B. Stuart, and A. P. Hill. His comments on his military activities and aspirations and the challenges of command, combined with his husbandly advice and affection, sketch an intimate and unvarnished portrait of the man who was perhaps the most distinguished North Carolina commander.
