In order to help create that community, YA authors David Levithan and Billy Merrell have collected original poems, essays, and stories by young adults in their teens and early 20s. The Full Spectrum includes a variety of writers—gay, lesbian, bisexual, straight, transitioning, and questioning—on a variety of subjects: coming out, family, friendship, religion/faith, first kisses, break-ups, and many others. This one of a kind collection will, perhaps, help all readers see themselves and the world around them in ways they might never have imagined. We have partnered with the Gay, Lesbian and Straight Education Network (GLSEN) and a portion of the proceeds from this book will be donated to them.

basis, n. There has to be a moment at the beginning when you wonder whether you're in love with the person or in love with the feeling of love itself. If the moment doesn't pass, that's it—you're done. And if the moment does pass, it never goes that far. It stands in the distance, ready for whenever you want it back. Sometimes it's even there when you thought you were searching for something else, like an escape route, or your lover's face. How does one talk about love? Do we even have the right words to describe something that can be both utterly mundane and completely transcendent, pulling us out of our everyday lives and making us feel a part of something greater than ourselves? Taking a unique approach to this problem, the nameless narrator of David Levithan's *The Lover's Dictionary* has constructed the story of his relationship as a dictionary. Through these short entries, he provides an intimate window into the great events and

quotidian trifles of being within a couple, giving us an indelible and deeply moving portrait of love in our time.

Now with exclusive bonus content from author David Levithan, the New York Times bestselling mind behind *Every Day* and *Another Day*. An emotional and politically charged novel that's a must-read for turbulent times when the very democratic process itself is called into question and basic rights are at risk. In the not-too-impossible-to-imagine future, a gay Jewish man has been elected president of the United States. Until the governor of one state decides that some election results in his state are invalid, awarding crucial votes to the other candidate, and his fellow party member. Thus is the inspiration for couple Jimmy and Duncan to lend their support to their candidate by deciding to take part in the rallies and protests. Along the way comes an exploration of their relationship, their politics, and their country, and sometimes, as they learn, it's more about the journey than it is about reaching the destination. Only David Levithan could so masterfully and creatively weave together a plot that's both parts political action and reaction, as well as a touching and insightfully-drawn teen love story. When you're in love with the wrong person for the right reasons, anything could happen. Tretch lives in a very small town where everybody's in everybody else's business. Which makes it hard for him to be in love with his straight best friend. For his part, Matt is completely oblivious to the way Tretch feels – and Tretch can't tell whether that makes it better or worse. The problem with living a lie is that the lie can slowly become your life. For Tretch, the problem isn't just with Matt. His family has no idea who he really is and what he's really thinking. The girl at the local bookstore has no clue how off-base her crush on him is. And the guy at school who's a thorn in Tretch's side doesn't realize how close to the truth

he's hitting. Tretch has spent a lot of time dancing alone in his room, but now he's got to step outside his comfort zone and into the wider world. Because like love, a true self can rarely be contained. *Anything Could Happen* is a poignant, hard-hitting exploration of love and friendship, a provocative debut that shows that sometimes we have to let things fall apart before we can make them whole again.

Take a trip to Italy in this "introspective, moving, and honest" (Publishers Weekly) novel by bestselling author David Levithan (*Every Day*; *Will Grayson, Will Grayson* with John Green) in which fledgling family bonds are threatened by new love. Sixteen-year-old Elijah is completely mellow and his 23-year-old brother Danny is completely not, so it's no wonder they can barely tolerate one another. So what better way to repair their broken relationship than to trick them into taking a trip to Italy together? Soon, though, their parents' perfect solution has become Danny and Elijah's nightmare as they're forced to spend countless hours together. But then Elijah meets Julia, and soon the brothers aren't together nearly as much. And when Julia suddenly decides that maybe it's Danny she's really interested in, Danny has a decision to make: does he honor his relationship with the brother he thinks hates him, or does he follow his heart, which sorely needs some repairing of its own? Elijah and Danny don't think they have anything in common except their parents. Danny thinks Elijah is a lazy, slacking, clueless dreamer who doesn't know how to make a living. Elijah thinks Danny is a workaholic, stuck-up, soulless drone who doesn't know how to make a life. Yes, they're brothers. Then their parents trick them into taking a trip to Italy together. Nine days of escape. Nine days of somewhere else. Elijah and Danny aren't sure it's going to work. Until they each meet a girl—the same girl. Julia. And nothing will ever be the same again. Celebrate all the ways love makes us who we are with the sequel to the New York Times bestseller Every Day, now a major motion picture. Every day a new body. Every day a new life. Every day a new choice. For as long as A can remember, life has meant waking up in a different person's body every day, forced to live as that person until the day ended. A always thought there wasn't anyone else who had a life like this. But A was wrong. There are others. A has already been wrestling with powerful feelings of love and loneliness. Now comes an understanding of the extremes that love and loneliness can lead to -- and what it's like to discover that you are not alone in the world. In Someday, David Levithan takes readers further into the lives of A, Rhiannon, Nathan, and the person they may think they know as Reverend Poole, exploring more deeply the questions at the core of Every Day and Another Day: What is a soul? And what makes us human?

The New York Times Bestselling duo behind Nick & Norah's Infinite Playlist and The Twelve Days of Dash & Lily return with twins out to throw the party of a lifetime--or at least the best party of high school! Siblings Sam and Ilsa Kehlmann have spent most of their high school years throwing parties for their friends--and now they've prepared their final blowout, just before graduation. The rules are simple: each twin gets to invite three guests, and the other twin doesn't know who's

coming until the partiers show up at the door. With Sam and Ilsa, the sibling revelry is always tempered with a large dose of sibling rivalry, and tonight is no exception. One night. One apartment. Eight people. What could possibly go wrong? Oh, we all know the answer is plenty. But plenty also goes right, as well...in rather surprising ways.

A brush with the supernatural? A rock concert? A reunion? A poolside revelation? The need to know what's up? The confessions of a friend? The dream of escape? A sick pet? An English assignment? The rear-window view of a murder next door? The search for the mother you never met? What keeps you up all night? *You Know Me Well* is a deeply honest story about navigating the joys and heartaches of first love, one truth at a time. Who knows you well? Your best friend? Your boyfriend or girlfriend? A stranger you meet on a crazy night? No one, really? Mark and Kate have sat next to each other for an entire year, but have never spoken. For whatever reason, their paths outside of class have never crossed. That is until Kate spots Mark miles away from home, out in the city for a wild, unexpected night. Kate is lost, having just run away from a chance to finally meet the girl she has been in love with from afar. Mark, meanwhile, is in love with his best friend Ryan, who may or may not feel the same way. When Kate and Mark meet up, little do they know how important they will become to each other -- and how, in a very short time, they will know each other better than any of the people who are supposed to know them more. Told in alternating points of view by Nina LaCour, the award-

winning author of *Hold Still* and *The Disenchantments*, and David Levithan, the bestselling author of *Every Day* and co-author of *Nick and Norah's Infinite Playlist* (with Rachel Cohn) and *Will Grayson, Will Grayson* (with John Green).

Evan is haunted by the loss of his best friend, but when mysterious photographs start appearing, he begins to fall apart as he starts to wonder if she has returned, seeking vengeance.

In the not-too-distant future, when a gay Jewish man is elected president of the United States, sixteen-year-old Duncan examines his feelings for his boyfriend, his political and religious beliefs, and tries to determine his rightful place in the world. Reprint.
