

America A Concise History Fifth Edition Summaries

America's Promise is a concise, highly readable introduction to American History. Designed to clearly explain major themes and events, it also captures the rich and often amusing character of the American people. The strong narrative emphasizes public life and how individuals constructed public structures in which they lived and worked. Including the latest scholarship in social, cultural, and political history, the work integrates the history and importance of women and minorities. To aid students in learning and reviewing, each chapter begins with a preview of the main ideas that will be discussed and ends with a conclusion that reinforces the key concepts. Rather than being simply declaratory signposts, section headings highlight main ideas and help carry along the narrative. A glossary defines main terms, and a timeline helps students keep track of events. Selected readings are also included to encourage further reading and study. Finally, carefully selected illustrations and maps portray, pinpoint, and illuminate important episodes in American history. The most concise and competitively priced book available, America's Promise is a breath of fresh air in the introductory market.

This study resource includes commentary, definitions, identifications, map exercises, short-answer exercises, and essay questions.

Designed for America's History, Eighth Edition, this two-volume primary-source reader offers a chorus of voices from the past carefully selected to enrich the study of U.S. history. Five to six documents per chapter, ranging from speeches and political cartoons by celebrated historical figures to personal letters and diary entries by ordinary people, foster historical thinking skills while putting a human face on America's diverse history. To support the structure of the parent text, unique part document sets at the end of each part present sources that illustrate the major themes of each section. Brief introductions place each document in historical context, and questions for analysis help students practice historical thinking skills and link individual sources to larger themes.

Understanding the American Promise, Third Edition, features a brief, question-driven narrative that models for students the inquiry-based methods used by historians and features an innovative active learning pedagogy designed to foster greater comprehension of the reading. This book includes a full-color map and art program, new primary documents, and comprehensive supplement options including LaunchPad. It is also enhanced by LearningCurve, our easy-to-assign adaptive learning system that will ensure students come to class prepared.?

Now in its fourth edition, this leading reader has been updated to tighten the focus of each chapter on a major interpretive problem. This edition includes an entirely new chapter, "Historical Memory," which allows readers to revisit the era of the Cold War from a contemporary perspective, and the chapters on nationalism and globalization have been thoroughly revised. The book continues to offer a rich variety of materials that can be tailored to the needs of individual instructors. By focusing each chapter on a single interpretive problem, the book painlessly engages students in document analysis and introduces them to historiography. With its innovative combination of primary and secondary sources and editorial analysis, this text is designed specifically to stimulate critical thinking in a wide range of courses on Latin American history since independence.

A third edition of this book is now available. Now in a fully updated edition, this knowledgeable and reader-friendly text gives a conceptual and historical overview of American foreign relations from the founding to the present. Providing students with a solid and readily understandable framework for evaluating American foreign policy decisions, Joyce P. Kaufman clearly explains key decisions and why they were made. Compact yet thorough, the book offers instructors a concise introduction that can be easily supplemented with other sources.

Describes the unique hardships faced by the twenty million immigrants to the United States between 1890 and 1925
The latest edition of this classic text has been updated to reflect current trends and implications for future demographic developments. The areas of Africa, international migration and population and environment have been strengthened and statistical information has been updated throughout. A new edition of this classic history of demography text, which has been updated to strengthen the major subject areas of Africa, international migration and population and the environment Includes the latest statistical information, including the 2015 UN population projections revision and developments in China's population policy Information is presented in a clear and simple form, with academic material presented accessibly for the undergraduate audience whilst still maintaining the interest of higher level students and scholars The text covers issues that are crucial to the future of every species by encouraging humanity's search for ways to prevent future demographic catastrophes brought about by environmental or human agency Analyses the changing patterns of world population growth, including the effects of migration, war, disease, technology and culture

"America's History helps AP students: Grasp vital themes: The seventh edition emphasizes political culture and political economy to help students understand the ways in which society, culture, politics, and the economy inform one another. Understand periodization: America's History's unique seven-part structure, which organizes history into distinct eras, introduces students to periodization and helps them understand cause and effect, identify historical continuities, and track change over time. Develop the skills they need to succeed: America's History's hallmark analytical narrative and pedagogy help students synthesize what they've learned and interpret history for themselves."--Back cover.

With fresh interpretations from two new authors, wholly reconceived themes, and a wealth of cutting-edge scholarship, the Fifth Edition of America: A Concise History is designed to work perfectly with the way you teach the survey today. Building on the book's hallmark strengths—balance, explanatory power, and a brief-yet-comprehensive narrative—as well as its outstanding full-color visuals and built-in primary sources, authors James Henretta, Rebecca Edwards, and Robert Self have shaped America into the ideal brief book for the modern survey course, at a value that can't be beat.

"...presents an overview of the American experience.... [shows] students not only what happened but why" - Back cover.

In the second revised and expanded edition of this invaluable reader, Michael Les Benedict draws together the important documents that have shaped and been shaped by the American Constitution from medieval times through the present day. It includes not only the most important Supreme Court decisions, but also key American declarations, resolutions, laws, and platforms. All these documents represent, in a sense, the formal expression of the American people's ongoing contract with each other. The documents in the reader are organized into chapters corresponding to those in the third edition of *The Blessings of Liberty: A Concise History of the Constitution of the United States*. However, since they reflect the generally accepted canon of American constitutional history, they may supplement any textbook or other readings. The brief introductory headnotes provide

information about the social, political, and intellectual context in which each document first appeared.

A third edition of this book is now available. Now in a fully revised and updated edition, this concise and insightful book explores the ways American popular products such as movies, music, television programs, fast food, sports, and even clothing styles have molded and continue to influence modern globalization. Lane Crothers offers a thoughtful examination of both the appeal of American products worldwide and the fear and rejection they induce in many people and nations around the world. The author defines what we mean by "popular culture," how popular culture is distinguished from the generic concept of "culture," and what constitutes "American" popular culture. Tracing how U.S. movies, music, and TV became dominant in world popular culture, Crothers also considers the ways in which non-visual products like fast-food franchises, sports, and fashion have become ubiquitous. He also presents a fascinating set of case studies that highlight the varied roles American products play in a range of different nations and communities. Concluding with a projection of the future impact of American popular culture, this book makes a powerful argument for its central role in shaping global politics and economic development.

The American Promise: A Concise History is a brief, affordable text with a clear political, chronological narrative that makes teaching and learning American history a snap. This brief book includes a full-color map and art program, robust boxed feature program, and comprehensive supplement options.

From the first arrivals at Germantown, Pennsylvania in 1763 to the twilight of ethnicity in the twenty-first century, this book surveys the sweep of German American history over 300 years. It presents not only the institutions German immigrants created, but also their individual and collective voices as they established their lives within American society.

2021 NAACP Image Award Nominee: Outstanding Literary Work – Non-Fiction Honorable Mention for the 2021 Organization of American Historians Darlene Clark Hine Award A vibrant and empowering history that emphasizes the perspectives and stories of African American women to show how they are—and have always been—instrumental in shaping our country In centering Black women's stories, two award-winning historians seek both to empower African American women and to show their allies that Black women's unique ability to make their own communities while combatting centuries of oppression is an essential component in our continued resistance to systemic racism and sexism. Daina Ramey Berry and Kali Nicole Gross offer an examination and celebration of Black womanhood, beginning with the first African women who arrived in what became the United States to African American women of today. A Black Women's History of the United States reaches far beyond a single narrative to showcase Black women's lives in all their fraught complexities. Berry and Gross prioritize many voices: enslaved women, freedwomen, religious leaders, artists, queer women, activists, and women who lived outside the law. The result is a starting point for exploring Black women's history and a testament to the beauty, richness, rhythm, tragedy, heartbreak, rage, and enduring love that abounds in the spirit of Black women in communities throughout the nation.

America: A Concise History, Volume One: To 1877 Macmillan

[In this book, the author's] analysis of the effects and causes of capitalist underdevelopment in Latin America present [an] account of ... Latin American history. [The author] shows how foreign companies reaped huge profits through their operations in Latin America. He explains the politics of the Latin American bourgeoisies and their subservience to foreign powers, and how they interacted to create increasingly unequal capitalist societies in Latin America.-Back cover.

Plucknett, Theodore F.T. A Concise History of the Common Law. Fifth Edition. Boston: Little, Brown and Company, 1956. Reprinted 2001 by The Lawbook Exchange, Ltd. LCCN 00-067821. ISBN 1-58477-137-2. Cloth. \$125. * "Professor Plucknett has such a solid reputation on both sides of the Atlantic that one expects from his pen only what is scholarly and accurate...Nor is the expectation likely to be disappointed in this book. Plucknett's book is not...a mere epitome of what is to be found elsewhere. He has explored on his own account many regions of legal history and, even where the ground has been already quartered, he has fresh methods of mapping it. The title which he has chosen is, in view of the contents of the volume, rather a narrow one. It might equally well have been A Concise History of English Law...In conjunction with Readings on the History and System of the Common Law by Dean Pound...this book will give an excellent grounding to the student of English legal history." Percy H. Winfield. Harv. L. Rev. 43:339-340.

This concise, accessible book describes American music as a panorama of distinct yet parallel streams--hip-hop and Latin; folk and country; gospel and classical; jazz, blues, and rock--that reflect the uniquely diverse character of the United States. Comparing and contrasting musical styles across regions and time, the author delivers a vision of American music both exuberant and inventive--a music that arises out of the history and musical traditions of the many immigrants to America's shores. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

A compelling story of agency, survival, struggle and triumph over adversity African Americans: A Concise History illuminates the central place of African-Americans in U.S. history by telling the story of what it has meant to be black in America and how African-American history is inseparably woven into the greater context of American history. It follows the long and turbulent journey of African-Americans, the rich culture they have nurtured throughout their history and the quest for freedom through which African-Americans have sought to counter oppression and racism. MyHistoryLab is an integral part of the Hine / Hine / Harrold program. Key learning applications include Closer Looks, MyHistoryLibrary, and writing assessment. Give Me Liberty! is the #1 book in the U.S. history survey course because it works in the classroom. A single-author text by a leader in the field, Give Me Liberty! delivers an authoritative, accessible, concise, and integrated American history. Updated with powerful new scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool. The best-selling Seagull Edition is also available in full color for the first time.

Rev ed. of: Documents to accompany America's history.

Born out of violence and the aspirations of its early settlers, the United States of America has become one of the world's most powerful nations, even as its past continues to inform its present and to mould its very identity as a nation. The search for nationhood and the ambiguities upon which the nation was founded are at the root of this intelligent and forthright book. Taking a broadly chronological approach, it begins in colonial America as the first Europeans arrived, lured by the promise of financial profit, driven by religious piety, and accompanied by the diseases which would ravage and consume the native populations. It explores the tensions inherent in a country built on slave labor in the name of liberty, one forced to assert its unity and reassess its ideals in the face of secession and civil war, and one that struggled to establish moral supremacy, military security, and economic stability during the financial crises and global conflicts of the twentieth century. Woven through this richly crafted study of America's shifting social and political landscapes are the multiple voices of the nation's history: slaves and slave owners, revolutionaries and reformers, soldiers and statesmen, immigrants and refugees. It is their voices, together with those of today's multicultural America, that define the United States at the dawn of a new century.

Concise History of Western Music combines Grout and Palisca's uncompromising reliability, scope, and respect for the narrative, while offering many more pedagogical aids, such as chapter preludes and postludes; "Etudes," excursions that explore the material more deeply than the main text; and "Windows," boxed discussions of special topics.

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- A compelling story of agency, survival, struggle and triumph over adversity. This text illuminates the central place of African Americans in U.S. history by telling the story of what it has meant to be black in America and how African-American history is inseparably woven into the greater context of American history. African Americans draws on recent research to present black history within broad social, cultural and political frameworks. From Africa to the 21st century, this book follows the long turbulent journey of African Americans, the rich culture they have nurtured throughout their history and the quest for freedom through which African Americans have sought to counter oppression and racism. This text also recognizes the diversity within the African-American sphere, providing coverage of class and gender and balancing the lives of ordinary men and women with accounts of black leaders. Note: MyHistoryLab does not come automatically packaged with this text. To purchase MyHistoryLab at no extra charge, please visit www.MyHistoryLab.com or use ISBN: 9780205090754.

In The American South, William J. Cooper, Jr. and Thomas E. Terrill demonstrate their belief that it is impossible to divorce the history of the south from the history of the United States. Each volume includes a substantial biographical essay—completely updated for this edition—which provides the reader with a guide to literature on the history of the South. Coverage now includes the devastation of Hurricane Katrina in 2005, up-to-date analysis of the persistent racial divisions in the region, and the South's unanticipated role in the 2008 presidential primaries.

Satan in America tells the story of America's complicated relationship with the devil. "New light" evangelists of the eighteenth century, enslaved African Americans, demagogic politicians, and modern American film-makers have used the devil to damn their enemies, explain the nature of evil and injustice, mount social crusades, construct a national identity, and express anxiety about matters as diverse as the threat of war to the dangers of deviant sexuality. The idea of the monstrous and the bizarre providing cultural metaphors that interact with historical change is not new. Poole takes a new tack by examining this idea in conjunction with the concerns of American religious history. The book shows that both the range and the scope of American religiousness made theological evil an especially potent symbol. Satan appears repeatedly on the political, religious, and cultural landscape of the United States, a shadow self to the sunny image of American progress and idealism.

With fresh interpretations from two new authors, wholly reconceived themes, and a wealth of cutting-edge scholarship, the Fifth Edition of America: A Concise History is designed to work perfectly with the way you teach the survey today. Building on the book's hallmark strengths — balance, explanatory power, and a brief-yet-comprehensive narrative — as well as its outstanding full-color visuals and built-in primary sources, authors James Henretta, Rebecca Edwards, and Robert Self have shaped America into the ideal brief book for the modern survey course, at a value that can't be beat.

Read the preface.

The idea that America is exceptional, whether because of its founding creed, natural abundance, or Protestant origins, has been the subject of fierce debate going back to the founding. Rather than argue for one side or the other, Volker Depkat explores the diverse ways in which Americans have described their country as exceptional. Describing how narratives of exceptionalism have never been a purely American affair, Depkat shows how, for example, European, African, and Asian immigrants projected their own dreams and nightmares onto the American screen, contributing to the intellectual construction of America. In fact, the different groups living in America have described American exceptionalism in such differing terms that there hardly ever was a shared understanding as to what these exceptional experiences were and how to interpret them. What has unified the disparate exceptionalist narratives, Depkat explains, is their insistence on America's universalist and future-oriented way of life. In engaging and lucid prose, Depkat offers general readers and students of American history an invaluable lens through which they can evaluate for themselves the merits of the many ways in which Americans have understood their country as exceptional.

Another new addition to the Overture Books programme, known for their outstanding authorship, scholarship, beautiful trade-like design and inexpensive price. Overture Books offer a unique opportunity for professors looking for an alternative to large survey texts. This concise volume reflects an enormous range of contemporary scholarship and can act as a core text for courses in US women's history, or as a supplement in a US history survey course. The book's style is a vivid, lively and exciting account of women's history.

It Happened in West Virginia takes readers on a rollicking, behind-the-scenes look at some of the characters and episodes from the Mountain State's storied past. Including both famous tales, and famous names--and little-known heroes, heroines, and happenings.
