The anti-inflammatory diet is not a fad; it has been used by thousands of people for the last 30 years, helping them obtain their ideal bodies and increase their overall sense of well being. You probably know people who embody the concept of vitality. They're the people in your life with almost endless energy, the friends and family members that have passion and empathy. Being in their presence calms and energizes you-they just feel good to be around. Their enthusiasm for life rubs off on you. They just have something different, something special. "Almost immediately on starting the diet, my concentration and memory - specifically my recall of events, facts and words - became sharper than at any time in my life.
