

## Aqa Gcse Pe Full Course Revision Guide

The only textbook that fully supports the Oxford AQA International GCSE Biology specification (9201), for first teaching in September 2016. The enquiry-based, international approach builds scientific skills and knowledge, preparing students for the Oxford AQA International GCSE exams and supporting their progression to further A Level study.

Designed to help students pass the GCSE PE exam, this text includes: summaries of topics covered in the specification; hints on what to learn and remember; "test yourself" questions with answers and marks; definitions of key terms and a "did you know?" section; and advice on the exam questions.

The third edition of AQA GCSE Physical Education, by best-selling and trusted author Kirk Bizley, has been fully revised to completely match the 2016 AQA GCSE Physical Education specification. It contains everything students need to succeed and is presented visually to ensure that it is accessible to all.

The latest teaching standards demand that all teachers 'take responsibility for promoting high standards of literacy and correct use of standard English, whatever the teacher's specialism'. That's no bad thing, but it leaves some of us feeling under-trained and over-exposed. Enter the Literacy Across the Curriculum Pocketbook. The book is based on four principles: literacy is important for all learning; we owe it to our pupils to help them develop their literacy; developing strategies for LAC enhances teaching and learning across the school; teachers do not have to be literacy experts to promote LAC. In a series of punchy chapters, (Speaking for Success, Write Better! Vamp up your Vocabulary, Splendid Spelling, Raring to Read) Caroline Bentley-Davies presents practical ideas and simple strategies for incorporating literacy skills into your own lessons. All this plus some really helpful advice on note-making and a self-audit LAC

checklist."Literacy Across the Curriculum Pocketbook is a necessity for all teachers wanting to find manageable, effective and exciting ways of promoting literacy in their lessons. A great resource!" Justin Wakefield, Literacy & Numeracy Co-ordinator, Humberston Academy, Grimsby "Innovating tips, strategies and ideas to revitalise literacy in your lessons instantly. Every page offers simple and realistic approaches to promoting literacy across all subjects. Vamp up your vocab; make tricky spelling stick; weave literacy seamlessly into your lessons. I love it!" Lesley Ann McDermott, History Teacher, St Patrick's Catholic College, Thornaby-on-Tees "Contains everything you should know about Literacy and more. Written in a clear and concise manner, even as an experienced English teacher it still taught me a trick or two!" Sarah Martin, CPD Leader, Academies Enterprise Trust

Written by leading PE specialists, students will be guided through the AQA GCSE (9-1) PE specification topic by topic and have opportunity to improve their understanding, analysis, evaluation and application skills through exam-style

questions and detailed insight to the NEA. Approved by AQA, this Student Book: - develops understanding with thorough coverage of topics and contains summaries, diagrams and key questions to direct thinking and aid revision - provides clear definitions of key terms, technical vocabulary and concepts, including those that students have struggled the most - builds sound knowledge and analysis, evaluation and application skills through detailed support and exam-style questions - stretches, challenges and encourages independent thinking and a deeper understanding through activities, stimulus material and suggestions for further reading.

Specifically tailored for the new AQA GCSE Science (91) specifications, this third edition supports your students on their journey from Key Stage 3 and through to success in the new linear GCSE qualifications. This series help students and teachers monitor progress, while supporting the increased demand, maths, and new practical requirements.
