

Arabi Zaban O Adab Abuabdurrehman

World renowned poet and thinker Sheikh Saadi's teachings carry a flavour of humor but they are so penetrating and touching that in spite of their lightness, they shake our heart and mind. In these sayings of 'Gulistaan', Sheikh Saadi has threaded some rare pearls to make human life better and more beautiful. He has transformed his realistic preachings into sweet sayings in such a way that it would wake anyone, who is broken down and sad, to bloom like Gulistaan. This collection of his preachings is so valuable that with it we can evaluate our own strengths and weaknesses to move on the right path

The definitive biography of the father of modern Turkey, a powerful figure in the still-unfolding drama of the Middle East. With the collapse of the Ottoman Empire after the First World War came the emergence of new nations, chief among them Turkey itself. It was the creation of one man, the soldier-statesman Mustafa Kemal, who dragged his country from the Middle Ages to the twentieth century, and in defeating Western imperialists inspired 'the cause of the East'. Lord Kinross writes of the intrigues of empires, the brutalities of civil war, personal courage - showing us Ataturk, the incarnation of glory - as well as of Kemal's youthful ambition, and his problems with his wife.

"Eddie wins a national competition where she can spend a day with her local MP and give a speech in Parliament (where she'll meet the Prime Minister) but it's a prize Eddie doesn't want! When her dad is injured in a workplace accident he sets his sights on getting better for Eddie's day with the PM... so Eddie sets her sights on going through with it. A spirited story about the times when what we don't want, turns out to be more than we could hope for"--Publisher's website.

"We tried to live with 120 percent intensity, rather than waiting for death. We read and read, trying to understand why we had to die in our early twenties. We felt the clock ticking away towards our death, every sound of the clock shortening our lives." So wrote Irokawa Daikichi, one of the many kamikaze pilots, or tokkotai, who faced almost certain death in the futile military operations conducted by Japan at the end of World War II. This moving history presents diaries and correspondence left by members of the tokkotai and other Japanese student soldiers who perished during the war. Outside of Japan, these kamikaze pilots were considered unbridled fanatics and chauvinists who willingly sacrificed their lives for the emperor. But the writings explored here by Emiko Ohnuki-Tierney clearly and eloquently speak otherwise. A significant number of the kamikaze were university students who were drafted and forced to volunteer for this desperate military operation. Such young men were the intellectual elite of modern Japan: steeped in the classics and major works of philosophy, they took Descartes' "I think, therefore I am" as their motto. And in their diaries and correspondence, as Ohnuki-Tierney shows, these student soldiers wrote long and often heartbreaking soliloquies in which they poured out their anguish and fear, expressed profound ambivalence toward the war, and articulated thoughtful opposition to their nation's imperialism. A salutary correction to the many caricatures of the kamikaze, this poignant work will be essential to anyone interested in the history of Japan and World War II.

Beautiful and charismatic, the daughter of one of Pakistan's most popular leaders -- Zulfikar Ali Bhutto, hanged by General Zia in 1979 -- Benazir Bhutto is not only the first woman to lead a post-colonial Muslim state, she achieved a status approaching that of a royal princess, only to be stripped of her power in another example of the bitter political in-fighting that has riven her country. From her upbringing in one of Pakistan's richest families, the shock of the contrast of her Harvard and Oxford education, and subsequent politicisation and arrest after her father's death, Bhutto's life has been full of drama. Her riveting autobiography, first published in 1988 and now updated to cover her own activities since then and how her country has changed since being thrust into the international limelight after 9/11, is an inspiring tale of strength, dedication and courage in the face of adversity.

Based on 30 years of research and analysis, this definitive book is a profound, multi-layered, and historical analysis of the nature and role of the Pakistan army in the country's polity as well as its turbulent relationship with the United States. Shuja Nawaz examines the army and Pakistan in both peace and war. Using many hitherto unpublished materials from the archives of the United States, the United Kingdom, and the General Headquarters of the Pakistan Army, as well as interviews with key military and political figures in Pakistan and the United States, he sheds light not only on the Pakistan Army and its US connections but also on Pakistan as a key Muslim country in one of the world's toughest neighborhoods. In doing so, he lays bare key facts about Pakistan's numerous wars with India and its many rounds of political musical chairs, as well as the Kargil conflict of 1999. He then draws lessons from this history that may help Pakistan end its wars within and create a stabler political entity.
