Hiroshima is the story of six people--a clerk, a widowed seamstress, a physician, a Methodist minister, a young surgeon, and a German Catholic priest--who lived through the greatest single manmade disaster in history. In vivid and indelible prose, Pulitzer Prize-winner John Hersey traces the stories of these half-dozen individuals from 8:15 a.m. on August 6, 1945, when Hiroshima was destroyed by the first atomic bomb ever dropped on a city, through the hours and days that followed. Almost four decades after the original publication of this celebrated book, Hersey went back to Hiroshima in search of the people whose stories he had told, and his account of what he discovered is now the eloquent and moving final chapter of Hiroshima.

The cause of Gregor's transformation is never revealed, and as he attempts to adjust to his new condition he becomes a burden to his parents and sister, who are repelled by the horrible, verminous creature Gregor has become. In the midst of the Philippine-American War, twenty-two-year-old Robert Dexter Carter served in Manila as a civilian quartermaster clerk. Through his letters to his family, he provided a vivid picture of army life in Manila—the sights, the smells, and his responses to the native culture. In addition to his letters, his diary and several related articles present a firsthand account of the historic voyage of the United States Army Transport Grant through the Suez Canal to Manila in early 1899. Carter's writings not only tell of his sometimes harrowing experiences, but also reveal the aspirations and fears of a young man not quite sure of his next steps on life's journey. Carter's father, Robert Goldthwaite Carter, was a war hero and a longtime friend of Maj. Gen. Henry W. Lawton. Carter obtained his position through Lawton's influence, and his respect for Lawton is clear throughout his writings. A frequent guest in the Lawton home, the young clerk was introduced to many notable figures both military and civilian. Carter's letters, particularly to his father, are full of news and gossip related to his commander. In other letters, he reveals the

kindness and generosity of Mrs. Lawton, who took time to look out for Carter while he was in the hospital and often loaned him books. This well-researched and expertly edited work casts light on the role of support troops in war, a subject too often minimized or ignored. Shay begins each chapter with an introduction that establishes the setting, the context of events, and the disposition of Carter and his compatriots and provides notes and commentary to place the letters in context. By choosing not to edit the offensive expletives of a sometimes arrogant and racist young man, Shay presents a fully nuanced portrait of a young American exploring the larger world in a time of turmoil. Enhanced by photographs from collections at the Library of Congress and the Military History Institute, as well as many of Carter's own whimsical drawings, the book will appeal to armchair historians and scholars alike.
