Chapter 12- Car Insurance explains the types of coverage you need, and the best way to buy it. Chapter 13 - After the Purchase helps you take care of your new investment. From the author So, you're ready to buy a used car? Or at least you're thinking about it. Well, I'm your Uncle Wally, and I'm here to help. I've bought over a dozen cars over the last 40 years. Most people decide to buy a car, walk onto a car lot, and leave a few hours later with a huge debt and a vehicle that may or may not suit their needs. In *Buying a Used Car - Uncle Wally's Guide*, you'll walk a different path. Your car expenses - payments, maintenance, and insurance - will likely represent a significant monthly commitment. Buying a car is a major purchase for most of us, and we don't need to make a mistake. If we buy a bad meal, we just don't go back to the restaurant. If our vacation choice isn't fulfilling, we can make different plans next year. But when we buy a car, we're committing to a longer time frame. Because cars depreciate in value, mistakes can be

expensive. Returning a car after two months because it doesn't fit your needs can result in a real financial blow. I wish I could be there to help you in person. Because I can't, I decided to write this book. Drive safely, and be well, my friends.

Do you have the protection you need? INSURANCE. You have to have it, but do you really know what you have? It is the one purchase that you hope never to use, but when you do, it is all too common to learn that what you thought was covered is not. Do not let your car, home or health suffer because that long, dry policy document is too difficult to understand. Instead, let The Complete Book of Insurance guide you through all of your major insurance needs. - If you are concerned with the other drivers and want to know just exactly what uninsured motorist coverage is-use The Complete Book of Insurance to evaluate what limits you really need if you are involved in an accident. - Whether you just bought your first house or are moving to a region prone to earthquakes, flood or mold-use The Complete Book of Insurance to learn what is really protected under your standard policy. - If you believe that you are too young to worry about life insurance-use The Complete Book of Insurance to plan for your family's future security. We all want the best coverage with the least expensive rates. However, finding the right insurance company and the right agent is actually your second step to making it happen. Your first step

is to understand the type of coverage you truly need.

Modern cars are more computerized than ever.

Infotainment and navigation systems, Wi-Fi, automatic software updates, and other innovations aim to make driving more convenient. But vehicle technologies haven't kept pace with today's more hostile security environment, leaving millions vulnerable to attack. The Car Hacker's Handbook will give you a deeper understanding of the computer systems and embedded software in modern vehicles. It begins by examining vulnerabilities and providing detailed explanations of communications over the CAN bus and between devices and systems. Then, once you have an understanding of a vehicle's communication network, you'll learn how to intercept data and perform specific hacks to track vehicles, unlock doors, glitch engines, flood communication, and more. With a focus on low-cost, open source hacking tools such as Metasploit, Wireshark, Kayak, can-utils, and ChipWhisperer, The Car Hacker's Handbook will show you how to:

- Build an accurate threat model for your vehicle
- Reverse engineer the CAN bus to fake engine signals
- Exploit vulnerabilities in diagnostic and data-logging systems
- Hack the ECU and other firmware and embedded systems
- Feed exploits through infotainment and vehicle-to-vehicle communication systems
- Override factory settings with performance-tuning techniques
- Build physical and virtual test

benches to try out exploits safely If you're curious about automotive security and have the urge to hack a two-ton computer, make *The Car Hacker's Handbook* your first stop.

and business development. But corporate events and business entertaining can also seriously damage a company's image and put the company and its management in potentially high-risk situations if not handled carefully, professionally, and appropriately. Corporate boards and chief executives are now seeing how company scandals played out in the headlines can estrange customers, sink stock prices, and end careers in a matter of minutes. And many of the transgressions that have been made public have been linked to corporate events and business entertaining. The Executive's Guide to Corporate Events and Business Entertaining provides executives with all the information they need before they plan, host, sponsor, or attend corporate events. It gives rising and established executives the tools they need to move ahead with confidence in planning their next company function.
