From the incomparable Emmy, Grammy, and Tony Award winner, a powerful and revealing autobiography about race, sexuality, art, and healing It's easy to be yourself when who and what you are is in vogue. But growing up Black and gay in America has never been easy. Before Billy Porter was slaying red carpets and giving an iconic Emmy-winning performance in the celebrated TV show Pose; before he was the groundbreaking Tony and Grammy Award-winning star of Broadway's Kinky Boots; and before he was an acclaimed recording artist, actor, playwright, director, and all-around legend, Porter was a young boy in Pittsburgh who was seen as different, who didn't fit in. At five years old, Porter was sent to therapy to "fix" his effeminacy. He was endlessly bullied at school, sexually abused by his stepfather, and criticized at his church. Porter came of age in a world where simply being himself was a constant struggle. Billy Porter's Unprotected is the life story of a singular artist and survivor in his own words. It is the story of a boy whose talent and courage opened doors for him, but only a crack. It is the story of a teenager discovering himself, learning his voice and his craft amidst deep trauma. And it is the story of a young man whose unbreakable determination led him through countless hard times to where he is now; a proud icon who refuses to back down or hide. Porter is a multitalented, multifaceted treasure at the top of his game, and Unprotected is a resonant, inspirational story of trauma and healing, shot through with his singular voice.

The vibrant, sprawling saga of Empress Maria Theresa—one of the most renowned women rulers in history—and three of her extraordinary daughters, including Marie Antoinette, the doomed queen of France. Out of the thrilling and tempestuous eighteenth century comes the sweeping family saga of beautiful Maria Theresa, a sovereign of uncommon strength and vision, the only woman ever to inherit and rule the vast Habsburg Empire in her own name, and three of her remarkable daughters: lovely, talented Maria Christina, governor-general of the Austrian Netherlands; spirited Maria Carolina, the resolute queen of Naples; and the youngest, Marie Antoinette, the glamorous, tragic queen of France, and perhaps the most famous princess in history. Unfolding against an irresistible backdrop of brilliant courts from Vienna to Versailles, embracing the exotic lure of Naples and Sicily, this epic history of Maria Theresa and her daughters is a tour de force of desire, adventure, ambition, treachery, sorrow, and glory. Each of these women's lives was packed with passion and heart-stopping suspense. Maria Theresa inherited her father's thrones at the age of twenty-three and was immediately attacked on all sides by foreign powers confident that a woman would be too weak to defend herself. Maria Christina, a gifted artist who alone among her sisters succeeded in marrying for love, would face the same dangers that destroyed the monarchy in France. Resourceful Maria Carolina would usher in the golden age of Naples only to face the deadly whirlwind of Napoleon. And, finally, Marie Antoinette, the doomed queen whose stylish excesses and captivating notoriety have masked the truth about her husband and herself for two hundred and fifty years. Vividly written and deeply researched, In the Shadow of the Empress is the riveting story of four exceptional women who changed the course of history. Charles Piot follows a visa broker--known as a "fixer"--in the West African nation of Togo as he helps his clients apply for the U.S. Diversity Visa Lottery program.

Table of Contents Page Numbers1Introduction32Questions and Answers4-24INTRODUCTIONMany people around the world from different countries meet with each others on internet or they meet during studies or work or any other place and then they fall in love or decide for marriage. Getting marriage is much more difficult, for people from third world countries ( like India, Pakistan or Bangladesh etc.) , with people from developed world countries (like USA, UK or Germany etc. ) . After marriage to go with their life partners in their ( developed ) countries, it is also a big hurdle, even for some countries it takes years to go there. To get a Family Reunion Visa , there is a first most important step to take examination of A1 level Language examination of required country. So many people around the world specially third world countries spend much money and time to learn a concerned language. Then right ways preparation of documents and Interviews in embassy are also big hindrances. Now a days without a proper planning and preparation, it may be so hard or in some cases is impossible, to get a Family Reunion Visa, of developed world countries , for developing countries people. I have tried in this book to guide for Family Reunion Visa's Interview in German Embassy. I have tried to cover some questions and answers of most asked by visa section in embassy. But it may be vary person to person case because every case is different. These questions and answers are related to a real Family Reunion Visa case. In this case, A Man was from Pakistan and his wife was from Germany. They both met on internet and they were married in Cyprus. After getting marriage they both were back to their countries. This Pakistani man has learned German Language A1 from Goethe, Institute, Upper Mall, Lahore. He has passed this examination in first attempt and his wife also helped on internet to learn this language. Then they have prepared documents and submitted there Family Reunion visa case in the German embassy in Islamabad. Embassy had taken Interview at the time of documents submission. Then they were taken one interview once again from both.His wife was called for Interview in Ministry of Foreign Affairs (Ausländerbehörde) in Germany and he was called in German Embassy , Islamabad , at the same time. It took about a year for verifications of documents. An authorized man from embassy had also done verifications of documents and interview of applicant at home and his job place. Followings are given some questions and answers of this interview which may be helpful for anyone who is in the same situation. ( These are mixed questions and answers asked from husband or wife or either both of them by visa officer.) These questions and answeres were written before interview by both wife and husband and they have written them just for preparation of their interview. So it is not a responsibility of author about anything. There is no gurantee about what can be asked by visa officer of any embassy. I would advise every married couple should prepare questions and answers for an interview themselves together this way accordingly their situation and case, so they could have no problems regarding interview. In his first work of narrative nonfiction, Matthew Pearl, bestselling author of acclaimed novel The Dante Club, explores the little-known true story of the kidnapping of legendary pioneer Daniel Boone's daughter and the dramatic aftermath that rippled across the nation. On a quiet midsummer day in 1776, weeks after the signing of the Declaration of Independence, thirteen-year-old Jemima Boone and her friends Betsy and Fanny Callaway disappear near the Kentucky settlement of Boonesboro, the echoes of their faraway screams lingering on the air. A Cherokee-Shawnee raiding party has taken the girls as the latest salvo in the blood feud between American Indians and the colonial settlers who have decimated native lands and resources. Hanging Maw, the raiders' leader, recognizes one of the captives as Jemima Boone, daughter of Kentucky's most influential pioneers, and realizes she could be a valuable pawn in the battle to drive the colonists out of the contested Kentucky territory for good. With Daniel Boone and his posse in pursuit, Hanging Maw devises a plan that could ultimately bring greater peace both to the tribes and the colonists. But after the girls find clever ways to create a trail of clues, the raiding party is ambushed by Boone and the rescuers in a battle with reverberations that nobody could predict. As Matthew Pearl reveals, the exciting story of Jemima Boone's kidnapping vividly illuminates the early days of America's westward expansion, and the violent and tragic clashes across cultural lines that ensue. In this enthralling narrative in the tradition of Candice Millard and David Grann, Matthew Pearl unearths a forgotten and dramatic series of events from early in the Revolutionary War that opens a window into America's transition from colony to nation, with the heavy moral costs incurred amid shocking new alliances and betrayals.

From the Nobel Prize-winning author of *Thinking, Fast and Slow* and the coauthor of *Nudge*, a revolutionary exploration of why people make bad judgments and how to make better ones--"a tour de force" (New York Times). Imagine that two doctors in the same city give different diagnoses to identical patients—or that two judges in the same courthouse give markedly different sentences to people who have committed the same crime. Suppose that different interviewers at the same firm make different decisions about indistinguishable job applicants—or that when a company is handling customer complaints, the resolution depends on who happens to answer the phone. Now imagine that the same doctor, the same judge, the same interviewer, or the same customer service agent makes different decisions depending on whether it is morning or afternoon, or Monday rather than Wednesday. These are examples of noise: variability in judgments that should be identical. In *Noise*, Daniel Kahneman, Olivier Sibony, and Cass R. Sunstein show the detrimental effects of noise in many fields, including medicine, law, economic forecasting, forensic science, bail, child protection, strategy, performance reviews, and personnel selection. Wherever there is judgment, there is noise. Yet, most of the time, individuals and organizations alike are unaware of it. They neglect noise. With a few simple remedies, people can reduce both noise and bias, and so make far better decisions. Packed with original ideas, and offering the same kinds of

research-based insights that made Thinking, Fast and Slow and Nudge groundbreaking New York Times bestsellers, Noise explains how and why humans are so susceptible to noise in judgment—and what we can do about it.
