Cuddly Animals is a perfect combination of learning and play.

Parenting isn't easy. Showing up is. Your greatest impact begins right where you are. Now the bestselling authors of *The Whole-Brain Child* and *No-Drama Discipline* explain what this means over the course of childhood. "There is parenting magic in this book."--Michael Thompson, Ph.D., co-author of the New York Times bestselling classic *Raising Cain* One of the very best scientific predictors for how any child turns out--in terms of happiness, academic success, leadership skills, and meaningful relationships--is whether at least one adult in their life has consistently shown up for them. In an age of scheduling demands and digital distractions, showing up for your child might sound like a tall order. But as bestselling authors Daniel Siegel and Tina Payne Bryson reassuringly explain, it doesn't take a lot of time, energy, or money. Instead, showing up means offering a quality of presence. And it's simple to provide once you understand the four building blocks of a child's healthy development. Every child needs to feel what Siegel and Bryson call the Four S's: \* Safe: We can't always insulate a child from injury or avoid doing something that leads to hurt feelings. But when we give a child a sense of safe harbor, she will be able to take the needed risks for growth and change. \* Seen: Truly seeing a child means we pay attention to his emotions--both positive and negative--and strive to attune to what's happening in his

mind beneath his behavior. \* Soothed: Soothing isn't about providing a life of ease; it's about teaching your child how to cope when life gets hard, and showing him that you'll be there with him along the way. A soothed child knows that he'll never have to suffer alone. \* Secure: When a child knows she can count on you, time and again, to show up--when you reliably provide safety, focus on seeing her, and soothe her in times of need, she will trust in a feeling of secure attachment. And thrive! Based on the latest brain and attachment research, *The Power of Showing Up* shares stories, scripts, simple strategies, illustrations, and tips for honoring the Four S's effectively in all kinds of situations--when our kids are struggling or when they are enjoying success; when we are consoling, disciplining, or arguing with them; and even when we are apologizing for the times we don't show up for them. Demonstrating that mistakes and missteps are repairable and that it's never too late to mend broken trust, this book is a powerful guide to cultivating your child's healthy emotional landscape.

This shaped board book has pictures of cute animals, rhymes to read and different textures which will delight babies and toddlers. Touch-and-feel textures help develop children's sensory awareness, and the gentle rhymes are ideal for adults and children to read and share together. Can help babies to develop early skills such as building vocabulary and word/picture association.

"Introduce children to wild animals in this book with illustrations enhanced with textured insets."--Publisher's description. A touch-and-feel book for babies that provides a hands-on learning experience for developing fine motor skills as little ones see and touch pumpkins, cats, candy corn, and other Halloween favorites. Get the little pumpkins ready for Halloween with *Baby Touch & Feel: Halloween*. Filled with real-life photographs of pumpkins, cats, candy corn, and other Halloween favorites that have textures babies can touch and feel, this is the perfect book to encourage tiny fingers to explore and to help develop fine motor skills while building an early learning foundation with clearly labeled pictures. With padded covers, simple images, and an amazing range of novelty textures, *Baby Touch & Feel* books capture the attention of the very youngest children and create an experience they'll want to repeat again and again. Series Overview: *Baby Touch & Feel* books are the perfect series for the very youngest readers. These small, padded books excite babies and toddlers with their foil and touch-and-feel covers.
