One key, one door, one man, one leap. Alison Wescot inherited the antique store the day her mother died. It was nothing she wanted, but she couldn't part with it. The antiques inside were all she had left of her mother. She thought she knew every piece in the store, until one day she discovered a box with a key inside, along with a letter from her mother. A key to a door she never knew existed. Lucas Azure is the leader of the kingdom's elite guard, a group of men whose sole purpose was to protect their territory and people. The youngest of the king's four children, he was also the deadliest. The men in his group followed him faithfully, never questioning his orders. When Alison appeared, he knew he had to protect her at all costs. The day Alison walked through the door, her recurring dream became a reality. The man who always remained a mystery was standing before her. There were dragons flying overhead and a castle in the distance. She was now in the Azure Kingdom.

For the first time in a long time, life is good. I've got a smokin' hot motorcycle man as my fiancé, the best friends a woman could have, a couple of great kids, and things have been relatively quiet on the PI front. You know what that means... the other shoe was bound to drop sooner or later... Just when I was ready to settle down and plan the coolest wedding Greenswood has ever seen, the shit hit the fan, and hit it hard. My friends are fighting, Cade's been out of town doing God knows what for the club, and my sweet little twins are turning into hair-pulling pre-teens with more drama than my old daytime soaps. I feel like I'm being pulled in a million directions, and I've been going so crazy that Elin's swear jar is near to overflowing. I've been eating cupcakes like a woman possessed, and if I'm not careful, there's going to be a Cupcake Explosion... in my pants. **WARNING: THIS BOOK CONTAINS FOUL LANGUAGE, SEX, SOME VIOLENCE, AND SHENANIGANS. DR, a young Chinese man growing up through the political turmoil at the eve of and during the Cultural Revolution, faces forces fighting against the pursuit of such knowledge and more. As his family is persecuted for their intellectualism, his aspiration for college education is denied; as the ideological purging sweeps the nation, his pursuit of truth and higher understanding never wavers. This pursuit of truth continues into DR's adult life as he emigrates to the United States, encountering a society with fewer ideological limitations, but one that offers new complexities and worldviews to grapple with ranging from capitalism to middle class, from liberalism to conservatism, from democracy to human civilization. As DR ages, readers are given deep insight into his rich interior life of political and philosophical contemplation.

Now a Disney Channel Original Movie, Megan Shull's smart and funny twist on Freaky Friday is perfect for fans of Wendy Mass, Jerry Spinelli, and Jon Scieszka! This middle grade novel is an excellent choice for tween readers in grades 5 to 6, especially during homeschooling. It's a fun way to keep your child entertained and engaged while not in the classroom. With one random wish, Jack and Ellie are living life in each other's shoes. He's her. And she's him. ELLIE assumed popular guys didn't worry about body image, being perfect, or talking to girls, but acting like you're cool with everything is tougher than it looks. JACK thought girls had it easy—no fights with bullies, no demanding dads, no power plays—but facing mean girls at sleepovers and getting grilled about your period is way harder than taking a hit to the face at sports practice. Now they're dealing with each other's middle school dramas—locker room teasing, cliques, video game battles, bra shopping, and a slew of hilariously awkward moments—until they hopefully switch back! Told in both Jack's and Ellie's voices, The Swap offers a fresh and honest take on tween friendship, all while exploring more serious themes of family, loss, empathy, and what it really means to be yourself. And as Jon Scieszka says, it's "seriously, truly, fearlessly funny!"

A fierce warrior, age old foes and a knife at her neck was not the plan but then things never do go as planned in Kyndel's world. Can they defeat their enemies and get their happily ever after? Fate will not be denied.

So I've learned to put up a shield to protect both me and them. When everything gets to be too much, I escape on my beloved Harley, the wind in my face calming my soul. But my new neighbor hasn't gotten the memo about me. She's a walking, talking firecracker, and I can't help but imagine what that feistiness is like in bed. She's full of dangerous curves and a smart mouth that draws me to her like nothing I've ever felt. We couldn't be more different. I'm a grumpy asshole and she's a sassy princess, but somehow, she sees through me and our spark is undeniable. The question is... will we light up like pretty fireworks or a devastating explosion? I should warn her that she's not safe with me, but I'm tempted to take her for a ride. A ride neither of us will ever forget. We are in the depths of an underground cavern. It is bad enough to be underground, but here we are all enveloped in black as well: the ceiling is black, so are the walls; they are made of blocks of coal. The floor is one great black looking-glass. It is a sort of pond, polished as steel. Over this polished surface glistens the reflection of a solitary light, the light of a safety-lamp shining through a wire net. A man guides himself over the pond in a narrow boat. By the doubtful light of the lamp he sees high pillars, which rise out of the depths below and reach to the very roof of the cavern—pillars slender, like the columns of a Moorish palace. These pillars are half white and half black; up to a certain point only are they coal black, beyond that they are light in color. What are these pillars?
