“There are moments when a story shakes you...Barely Missing Everything is one of those stories, and Mendez, a gifted storyteller with a distinct voice, is sure to bring a quake to the literary landscape.” —Jason Reynolds, New York Times bestselling author of Long Way Down In the tradition of Jason Reynolds and Matt de la Peña, this heartbreaking, no-holds-barred debut novel told from three points of view explores how difficult it is to make it in life when you—your life, brown lives—don’t matter. Juan has plans. He’s going to get out of El Paso, Texas, on a basketball scholarship and make something of himself—or at least find something better than his mom Fabi’s cruddy apartment, her string of loser boyfriends, and a dead dad. Basketball is going to be his ticket out, his ticket up. He just needs to make it happen. His best friend JD has plans, too. He’s going to be a filmmaker one day, like Quentin Tarantino or Guillermo del Toro (NOT Steven Spielberg). He’s got a camera and he’s got passion—what else could he need? Fabi doesn’t have a plan anymore. When you get pregnant at sixteen and have been stuck bartending to make ends meet for the past seventeen years, you realize plans don’t always pan out, and that there are some things you just can’t plan for... Like Juan’s run-in with the police, like a sprained ankle, and a tanking math grade that will likely ruin his chance at a scholarship. Like JD causing the implosion of his family. Like letters from a man named Mando on death row. Like finding out this man could be the father your mother said was dead. Soon Juan and JD are embarking on a Thelma and Louise—like road trip to visit Mando. Juan will finally meet his dad, JD has a perfect subject for his documentary, and Fabi is desperate to stop them. But, as we already know, there are some things you just can’t plan for...

I watch from the shadows of trees against the cars lining the street. Invisible to the three I keep under my anger filled glare. Dressed in black, I have the hood of my zip-up hoodie pulled over my head and drawn closed as I fade into the afternoon shadows to observe and plan my revenge. They probably wouldn't recognize me if they did see me standing here. I've changed a lot over the past nine years and I'm no longer the slightly chubby kid who wore overalls or t-shirts and jeans everyday of the week until I was thirteen and everything changed. Everything. When my best friends became my worst enemies. I watch as Seamus, Hayden, and Axel laugh and joke around in their front yard and toss a football back and forth between one another. We're only a five minute walk from the college we all attend, a college I just transferred to mid semester of our senior year. They don't know I'm here and that's the way I want to keep it for a little bit

longer. I patiently watch, waiting for them to leave for the football game so I can begin my plan. I will get my revenge. Barretta Dawn Bowers thought she had the three best friends in the whole world. There was nothing and no one that could come between them. Never in a million years did she think that they would be the reason for their friendship to be torn apart and her heart to break. Having moved to Florida with her aunt when her whole life had been turned upside down it isn't until nine years of being gone and a family emergency calls her home does she return to Oklahoma. Transferring to the local college and moving into an apartment close to campus with her best friend who tagged along for support, old memories and anger start rising to the surface when she soon finds herself face to face with her ex-friends turned enemies. To keep her mind off the troubles at home she begins to plot the revenge she promised herself so long ago.*Trigger Warnings*This Contemporary college-age romance is a medium/fast burn RH and contains several themes that readers should be aware of: swearing (shocking, I know), flashbacks of bullying, present revenge, and sexual themes suitable for 18+

"Bob Chapman, CEO of the \$1.7 billion manufacturing company Barry-Wehmiller, is on a mission to change the way businesses treat their employees." - Inc. Magazine Starting in 1997, Bob Chapman and Barry-Wehmiller have pioneered a dramatically different approach to leadership that creates off-the-charts morale, loyalty, creativity, and business performance. The company utterly rejects the idea that employees are simply functions, to be moved around, "managed" with carrots and sticks, or discarded at will. Instead, Barry-Wehmiller manifests the reality that every single person matters, just like in a family. That's not a cliché on a mission statement; it's the bedrock of the company's success. During tough times a family pulls together, makes sacrifices together, and endures short-term pain together. If a parent loses his or her job, a family doesn't lay off one of the kids. That's the approach Barry-Wehmiller took when the Great Recession caused revenue to plunge for more than a year. Instead of mass layoffs, they found creative and caring ways to cut costs, such as asking team members to take a month of unpaid leave. As a result, Barry-Wehmiller emerged from the downturn with higher employee morale than ever before. It's natural to be skeptical when you first hear about this approach. Every time Barry-Wehmiller acquires a company that relied on traditional management practices, the new team members are skeptical too. But they soon learn what it's like to work at an exceptional workplace where the goal is for everyone to feel trusted and cared for--and where it's expected that they will justify that trust by caring for each other and putting the common good first. Chapman and coauthor Raj Sisodia show how any organization can reject the traumatic consequences of rolling layoffs, dehumanizing rules, and hypercompetitive cultures. Once you stop treating people like functions or costs, disengaged workers begin to share their gifts and talents toward a shared future. Uninspired workers stop feeling that their jobs have no meaning. Frustrated workers stop taking their bad days out on their spouses and kids. And everyone stops counting the minutes until it's time to go home. This book chronicles Chapman's journey to find his true calling, going behind the scenes as his team tackles real-world challenges with caring, empathy, and inspiration. It also provides clear steps to transform your own workplace, whether you lead two people or two hundred thousand. While the Barry-Wehmiller way isn't easy, it is simple. As the authors put it: "Everyone wants to do better. Trust them. Leaders are everywhere. Find them. People achieve good things, big and small, every day. Celebrate them. Some people wish things were different. Listen to them. Everybody matters. Show them."
