You can achieve success now simply by changing the way you learn English." --A.J. Hoge

The #1 New York Times bestseller by Time's 2019 Person of the Year "Greta Thunberg is already one of our planet's greatest advocates." —Barack Obama The groundbreaking speeches of Greta Thunberg, the young climate activist who has become the voice of a generation, including her historic address to the United Nations In August 2018 a fifteen-year-old Swedish girl, Greta Thunberg, decided not to go to school one day in order to protest the climate crisis. Her actions sparked a global movement, inspiring millions of students to go on strike for our planet, forcing governments to listen, and earning her a Nobel Peace Prize nomination. No One Is Too Small to Make A Difference brings you Greta in her own words, for the first time. Collecting her speeches that have made history across the globe, from the United Nations to Capitol Hill and mass street protests, her book is a rallying cry for why we must all wake up and fight to protect the living planet, no matter how powerless we feel. Our future depends upon it.

It contains clear explanations and hundreds of useful examples, learning tips and strategies. Interesting practice activities reinforce the language patterns and help you remember what you've learned. Talk Italian Grammar can be used successfully alongside any learning materials, and is also the perfect companion for the bestselling Talk Italian and Talk Italian 2. 264-page book.

With English becoming the world's foremost lingua franca, the pressure to improve English language education (ELE) has been steadily increasing. Consequently, the nature of ELE has changed drastically in the last decade. This has not only brought about a number of changes in the way English is taught and learnt, but it has also led to various innovative practices around the world. As a result, this edited book aims to shed light on the new theoretical and methodological developments in the field of ELE as well as the major issues and difficulties faced by practitioners in different parts of the globe. One very important variable that the book takes into account is the role that English already plays in a particular society since this may affect the views that teachers and students hold of the language. This in turn can significantly influence the way English is taught and learnt in given political, economic and socio-cultural settings. The purpose of this book is therefore to provide a comprehensive overview of the pedagogical methods, policies and problems that underlie English language education in ten different regions across the world, including: the USA, Canada, the UK, Australia, New Zealand, India, Singapore, Japan, China and Hong Kong. In doing so, the different chapters in the book emphasize the importance of responding to linguistic and other forms of diversity in order to develop English language education in a globalized world. This book will be useful for teachers and students of English language, for English language curriculum and materials developers, and for those involved in educational policy-making and language acquisition research. Written by experts in the field, the range of content covered in the book's chapters will also help policy-makers, researchers and practitioners develop effective English language education practices and policies, and propose solutions to emerging issues in English language teaching and learning in different environments around the world. The newly-developed arguments and concerns pertaining to English language education will serve as future reference for professionals interested in this area of expertise.

Shrubs of broom grow black and twisted
As if by Devil's fingers
And the wind that never ceases,
Like a chorus from the dead.

Those who lived here it's for certain, would grow dark and tortured too' In Jamaica Inn, at the heart of the bleak Bodmin Moor, young Mary Yellen soon discovers mysterious goings-on in the dead of night. But worse is yet to come as Mary finds herself helplessly ensnared in the deadly activities taking place around her. Evocative, atmospheric and chilling, this new adaptation of Jamaica Inn has all the hallmarks of a great adventure classic — murder, mystery and malevolence. Jamaica Inn was produced at the Salisbury Playhouse in May 2004 and was followed by a UK tour.

A dictionary of modern slang draws on the resources of the "Oxford English Dictionary" to cover over five thousand slang words and phrases from throughout the English-speaking world.

Take Your "5-Day French Language Challenge" Learn French In 5 Days Why are you reading this? Because: - You want to speak one of the dominant languages in North America. - You want to know the language that has strongly influenced English. - You want to charm those around you by learning the language of love. - You want to grasp enough French to travel to French-speaking countries. - You want to have the easiest and fastest way to study French for beginners. French is not only a beautiful language but more popular than you may realize here in North America, plus it is spoken in over five continents. There is just a myriad of reasons why learning French is such a great idea. Here in the United States, many people do already speak Spanish as a second language. However, French is quite another story; it can make you seem more appealing and stand out more in demand, opening up all sorts of opportunities—especially in the work force. Career Enhancement – An employer is going to be more likely to hire someone who knows more than one language than one who only speaks English. It allows to communicate with important French-speaking only clients in a way that they can understand. You may also get to travel more for the job if you show your boss your initiative. Education Opportunity – France is one of the most desirable country where you can study abroad. Imagine being able to go to Paris and understand what people are saying. When you have a rudimentary idea of the language, you will find that you can travel to France and expand your knowledge. Culture and Cuisine – When you know French, you can explore the cultures freely in many French-speaking places, even here within the United States, without having language barrier. Besides that, when you go out to a French restaurant, you'll be able to read the menu and understand it without having to ask the waiter or waitress to translate, and fully enjoy the authentic French dining experience. Romance and Attraction – French is the language of love. Imagine wooing that special someone by speaking French to them and making them feel special. No matter what you say to someone, it always sounds more lovely in French. If you want to start learning French, the "5-Day French Language Challenge" is your easy, no-hassle ticket to journeying into the French language that is going to really get you up to speed in no time.

David Crystal's classic English as a Global Language considers the history, present status and future of the English language, focusing on its role as the leading international language. English has been deemed the most 'successful' language ever, with 1500 million speakers internationally, presenting a difficult task to those who wish to investigate it in its entirety. However, Crystal explores the subject in a measured but engaging way, always backing up observations with facts and figures. Written in a detailed and fascinating manner, this is a book written by an expert both for specialists in the subject and for general readers interested in the English language.

This book present proven strategies to enhance learning and reduce wasted study time in any learning situation.

Masterarbeit aus dem Jahr 2015 im Fachbereich Didaktik - Englisch - Pädagogik, Sprachwissenschaft, University of Education, Sprache: Deutsch, Abstract: The major problem investigated in this study is the difficulties senior high school students encounter in the use of concord in English grammar. The purpose of the study was to identify these concord learning challenges, find out why those challenges exist and find appropriate ways to help the students. The instruments used to collect data were intervention tests. The research design included pre-intervention, intervention and post-intervention. The study discovered that most of the students could not apply the rules of concord correctly. They had very serious problems with subject-verb concord. Most students applied concord rules correctly to a very large extent after they were taken through the rules guiding concord in the intervention procedure. In conclusion, this research has proved that an intervention procedure is very important in assisting students to overcome their concord learning challenges.

Silent letters make spelling much too difficult and the students in Mr. Wright's class have had enough of them. When the letters find out that the class is sending a letter to the newspaper editor asking for silent letters to be banned, they slip out of the missive and chaos ensues. The personality of each letter is distinctively portrayed, giving this grammar lesson the energy and humor to make it as much fun as the previous two books (Punctuation Takes a Vacation and Nouns and Verbs Have a Field Day).

Brehe's Grammar Anatomy makes grammar accessible to general and specialist readers alike. This book provides an in-depth look at beginner grammar terms and concepts, providing clear examples with limited technical jargon. Whether for academic or personal use, Brehe's Grammar Anatomy is the perfect addition to any resource library. Features: Practice exercises at the end of each chapter, with answers in the back of the book, to help students test and correct their comprehension Full glossary and index with cross-references Easy-to-read language supports readers at every learning stage

Manu Gandhi, M.K. Gandhi's grand-niece, joined him in 1943 at the age of fifteen. An aide to Gandhi's ailing wife Kasturba in the Aga Khan Palace prison in Pune, Manu remained with him until his assassination. She was a partner in his final yajna, an experiment in Brahmacharya, and his invocation of Rama at the moment of his death. Spanning two volumes, The Diary of Manu Gandhi is a record of her life and times with M.K. Gandhi between 1943 and 1948.

Authenticated by Gandhi himself, the meticulous and intimate entries in the diary throw light on Gandhi's life as a prisoner and his endeavour to establish the possibility of collective non-violence. They also offer a glimpse into his ideological conflicts, his efforts to find his voice, and his lonely pilgrimage to Noakhali during the riots of 1946. The first volume (1943–44) chronicles the spiritual and educational pursuits of an adolescent woman who takes up writing as a mode of self-examination. The author shares a moving portrait of Kasturba Gandhi's illness and death and also unravels the deep emotional bond she develops with Gandhi, whom she calls her 'mother'.

We know that power is shifting: From West to East and North to South, from presidential palaces to public squares, from once formidable corporate behemoths to nimble startups and, slowly but surely, from men to women. But power is not merely shifting and dispersing. It is also decaying. Those in power today are more constrained in what they can do with it and more at risk of losing it than ever before. In The End of Power, award-winning columnist and former Foreign Policy editor Moisés Naím illuminates the struggle between once-dominant megaplayers and the new micropowers challenging

them in every field of human endeavor. Drawing on provocative, original research, Naím shows how the antiestablishment drive of micropowers can topple tyrants, dislodge monopolies, and open remarkable new opportunities, but it can also lead to chaos and paralysis. Naím deftly covers the seismic changes underway in business, religion, education, within families, and in all matters of war and peace. Examples abound in all walks of life: In 1977, eighty-nine countries were ruled by autocrats while today more than half the world's population lives in democracies. CEO's are more constrained and have shorter tenures than their predecessors. Modern tools of war, cheaper and more accessible, make it possible for groups like Hezbollah to afford their own drones. In the second half of 2010, the top ten hedge funds earned more than the world's largest six banks combined. Those in power retain it by erecting powerful barriers to keep challengers at bay. Today, insurgent forces dismantle those barriers more quickly and easily than ever, only to find that they themselves become vulnerable in the process. Accessible and captivating, Naím offers a revolutionary look at the inevitable end of power—and how it will change your world.

The best-selling workbook and grammar guide, revised and updated! Hailed as one of the best books around for teaching grammar, *The Blue Book of Grammar and Punctuation* includes easy-to-understand rules, abundant examples, dozens of reproducible exercises, and pre- and post-tests to help teach grammar to middle and high schoolers, college students, ESL students, homeschoolers, and more. Microadventures: Local Discoveries for Great Escapes HarperCollins UK

Teaching and Researching Listening provides a focused, state-of-the-art treatment of the linguistic, psycholinguistic and pragmatic processes that are involved in oral language use, and shows how these processes influence listening in a range of practical contexts. Through understanding the interaction between these processes, language educators and researchers can develop more robust research methods and more effective classroom language teaching approaches. In this fully revised and updated second edition, the book: examines a full range of teaching methods and research initiatives related to listening gives definitions of key concepts in neurolinguistics and psycholinguistics provides a clear agenda for implementing listening strategies and designing tests offers an abundance of resources for immediate use for teaching and research Featuring insightful quotes and concept boxes, chapter overviews and summaries to guide the reader, *Teaching and Researching Listening* will engage and inform teachers, teacher trainers and researchers investigating communicative language use.

Benny Lewis, who speaks over ten languages—all self-taught—runs the largest language-learning blog in the world, *Fluent in 3 Months*. Lewis is a full-time "language hacker," someone who devotes all of his time to finding better, faster, and more efficient ways to learn languages. *Fluent in 3 Months: How Anyone at Any Age Can Learn to Speak Any Language from Anywhere in the World* is a new blueprint for fast language learning. Lewis argues that you don't need a great memory or "the language gene" to learn a language quickly, and debunks a number of long-held beliefs, such as adults not being as good of language learners as children.

"Contains the Oxford learner's thesaurus, printable topic maps, exercises, study pages and thesaurus trainer"--Étiquette.

A startling and profound exploration of how Jewish history is exploited to comfort the living. Renowned and beloved as a prizewinning novelist, Dara Horn has also been publishing penetrating essays since she was a teenager. Often asked by major publications to write on subjects related to Jewish culture—and increasingly in response to a recent wave of deadly antisemitic attacks—Horn was troubled to realize what all of these assignments had in common: she was being asked to write about dead Jews, never about living ones. In these essays, Horn reflects on subjects as far-flung as the international veneration of Anne Frank, the mythology that Jewish family names were changed at Ellis Island, the blockbuster traveling exhibition *Auschwitz*, the marketing of the Jewish history of Harbin, China, and the little-known life of the "righteous Gentile" Varian Fry. Throughout, she challenges us to confront the reasons why there might be so much fascination with Jewish deaths, and so little respect for Jewish lives unfolding in the present. Horn draws upon her travels, her research, and also her own family life—trying to explain Shakespeare's Shylock to a curious ten-year-old, her anger when swastikas are drawn on desks in her children's school, the profound perspective offered by traditional religious practice and study—to assert the vitality, complexity, and depth of Jewish life against an antisemitism that, far from being disarmed by the mantra of "Never forget," is on the rise. As Horn explores the (not so) shocking attacks on the American Jewish community in recent years, she reveals the subtler dehumanization built into the public piety that surrounds the Jewish past—making the radical argument that the benign reverence we give to past horrors is itself a profound affront to human dignity.

Reading this book should be at the top of your To Do list. *Life Admin* will give you many hours of your life back. Every day an unseen form of labor creeps into our lives—stealing precious moments of free time, placing a strain on our schedules and our relationships, and earning neither appreciation nor compensation in return. This labor is life admin: the kind of secretarial and managerial work necessary to run a life and a household. Elizabeth Emens was a working mother with two young children, swamped like so many of us, when she realized that this invisible labor was consuming her. Desperate to survive and to help others along the way, she conducted interviews and focus groups to gather favorite tips and tricks, admin confessions, and the secrets of admin-happy households. *Life Admin* tackles the problem of admin in all its forms, from everyday tasks like scheduling doctors appointments and paying bills, to life-cycle events like planning a wedding, a birth, a funeral. Emens explores how this

labor is created, how it affects our lives, and how we might avoid, reduce, and redistribute admin whenever possible—as individuals and as a society. Life Admin is the book that will teach us all how to do less of it, and to do it better.

From the Children's Laureate of England, a stunning novel of the First World War, a boy who is on its front lines, and a childhood remembered. Includes After Words bonus features. As the enemy lurks in the darkness, Thomas struggles to stay awake through the night. He has lived through the terror of gas attacks and watched friends die by his side. But in the morning, Thomas will be forced to confront an even greater horror. As the minutes tick by, Thomas remembers his childhood spent deep in the countryside with his mother, his brothers, and Molly, the love of his life. But each minute that passes brings Thomas closer to something he can't bear to think about--the moment when the war and its horrific consequences will change his life forever.

Directed to speakers of English as a second language, a multi-media guide to pronouncing American English uses a "pure-sound" approach to speaking to help imitate the fluid ways of American speech.

Is conversational Dutch turning a little too tricky for you? Do you have no idea how to order a meal or book a room at a hotel? If your answer to any of the previous questions was 'Yes', then this book is for you! If there's even been something tougher than learning the grammar rules of a new language, it's finding the way to speak with other people in that tongue. Any student knows this - we can try our best at practicing, but you always want to avoid making embarrassing mistakes or not getting your message through correctly. 'How do I get out of this situation?' many students ask themselves, to no avail, but no answer is forthcoming. Until now. We have compiled MORE THAN ONE HUNDRED conversational Dutch stories for beginners along with their translations, allowing new Dutch speakers to have the necessary tools to begin studying how to set a meeting, rent a car or tell a doctor that they don't feel well. We're not wasting time here with conversations that don't go anywhere: if you want to know how to solve problems (while learning a ton of Dutch along the way, obviously), this book is for you! How Conversational Dutch Dialogues works: - Each new chapter will have a fresh, new story between two people who wish to solve a common, day-to-day issue that you will surely encounter in real life. - An Dutch version of the conversation will take place first, followed by an English translation. This ensures that you fully understood just what it was that they were saying. - Before and after the main section of the book, we shall provide you with an introduction and conclusion that will offer you important strategies, tips and tricks to allow you to get the absolute most out of this learning material. - That's about it! Simple, useful and incredibly helpful; you will NOT need another conversational Dutch book once you have begun reading and studying this one! We want you to feel comfortable while learning the tongue; after all, no language should be a barrier for you to travel around the world and expand your social circles! So look no further! Pick up your copy of Conversational Dutch Dialogues and start learning Dutch right now!

The use of Academic Podcasting Technology and MALL (Mobile Assisted Language Learning) is reshaping teaching and learning by supporting, expanding, and enhancing course content, learning activities, and teacher-student interactions. Academic Podcasting and Mobile Assisted Language Learning: Applications and Outcomes shares innovative and pedagogically effective ways to improve foreign language education by identifying the instructional uses and benefits of academic podcasting technology and MALL in foreign language acquisition. These include instructional uses, students' perceived learning gains, how instructors can use/have used the technology (successes and challenges), study abroad experiences with the technology, pedagogical impact, and economic perspectives on its use.

This book addresses how the new linguistic concept of 'Translanguaging' has contributed to our understandings of language, bilingualism and education, with potential to transform not only semiotic systems and speaker subjectivities, but also social structures.

'Enthusiastic, pleasingly madcap' Geographical Adventure – something that's new and exhilarating, outside your comfort zone. Adventures change you and how you see the world, and all you need is an open mind, bags of enthusiasm and boundless curiosity. Recommended for viewing on a colour tablet.

A witty, informative guide to writing from Random House's longtime copy chief and one of Twitter's leading language gurus--a twenty-first-century Elements of Style. We're all of us writers: We write term papers and office memos, letters to teachers and product reviews, appeals to politicians, journals, and blog entries. Some of us write books. All of us write emails. And we all want to write them better: We want to make our points more clearly, more elegantly; we want our writing to be appreciated, to be more effective; we want--to be quite honest--to make fewer mistakes. Benjamin Dreyer is here to help. As authoritative as it is amusing, Dreyer's English distills everything Random House copy chief Benjamin Dreyer has learned from the scores of books he has copyedited into a useful guide not just for writers but for everyone who wants to put their best foot forward in writing prose. Dreyer offers lessons on the ins and outs of punctuation and grammar, including how to navigate the words he calls the confusables, such as tricky homophones; the myriad ways to use (and misuse) a comma; and how to recognize--though not necessarily do away with--the passive voice. People are sharing their writing more than ever and this book lays out, clearly and comprehensibly, everything writers can do to keep readers focused on the real reason writers write: to communicate their ideas clearly and effectively. Chockful of advice, insider wisdom, and fun facts on the rules (and nonrules) of the English language, this book will prove invaluable to everyone who wants to shore up their writing skills, mandatory for people who spend their time editing and shaping other people's prose, and--perhaps best of all--an utter treat for anyone who simply revels in language.

You've come to the right place for a quick and effective way to learn grammar! Easy English Grammar Step-by-Step is based on the idea that the quickest route to learning this subject is building a solid foundation in the basics. You won't find a lot of pointless discussion; instead, you get an original, step-by-step approach to improving your grammar, with important concepts linked together by clear explanations, appropriate exercises, and helpful answers. The first steps introduce you to the fundamentals of correct grammar, allowing you to identify common mistakes almost immediately. Gradually, a series of interconnected steps takes you from simple to more challenging concepts at your own pace, with a variety of increasingly difficult exercises to practice what you've learned. After working through these exercises, you'll have a better grasp of the subject along with the knowledge and skills you need to master grammar with confidence. Easy English Grammar Step-by-Step features: A unique building-block approach to mastering grammar Down-to-earth explanations of important concepts Helpful notes to avoid common missteps Exercises to help test what you've learned and measure progress

'Laurence Alison is one of my academic heroes. He does what every writer longs to do. He makes the difficult clear - without losing his rigour.' Malcolm Gladwell 'They are quietly revolutionising the study and practice of interrogation... Their findings are changing the way law enforcement and security agencies approach the delicate and vital task of gathering human intelligence.' Guardian Get what you want from even the most difficult characters All of us have to deal with difficult people. Whether we're asking our neighbour to move a fence or our boss for a pay rise, we can struggle to avoid arguments and get what we want. Laurence and Emily Alison are world leaders in forensic psychology, and they specialise in the most difficult interactions imaginable: criminal interrogations. They advise and train the police, security

agencies, the FBI and the CIA on how to deal with extremely dangerous suspects when the stakes are high. After 30 years' work - and unprecedented access to 2,000 hours of terrorist interrogations - they have developed a ground-breaking model of interpersonal communication. This deceptively simple approach to handling any encounter works as well for teenagers as it does for terrorists. Now it's time to share it with the world. Rapport reveals that every interaction follows four styles: Control (the lion), Capitulate (the mouse), Confront (the Tyrannosaur) and Co-operate (the monkey). As soon as you understand these styles and your own goals you can shape any conversation at will. And you'll be closer to the real secret: how to create instant rapport.

Second language assessment is ubiquitous. It has found its way from education into questions about access to professions and migration. This volume focuses on the main debates and research advances in second language assessment in the last fifty years or so, showing the influence of linguistics, politics, philosophy, psychology, sociology, and psychometrics. There are four parts which, when taken together, address the principles and practices of second language assessment while considering its impact on society. Read separately, each part addresses a different aspect of the field. Part I deals with the conceptual foundations of second language assessment with chapters on the purposes of assessment, and standards and frameworks, as well as matters of scoring, quality assurance, and test validation. Part II addresses the theory and practice of assessing different second language skills including aspects like intercultural competence and fluency. Part III examines the challenges and opportunities of second language assessment in a range of contexts. In addition to chapters on second language assessment on a national scale, there are chapters on learning-oriented assessment, as well as the uses of second language assessment in the workplace and for migration. Part IV examines a selection of important issues in the field that deserve attention. These include the alignment of language examinations to external frameworks, the increasing use of technology to both deliver and score second language tests, the responsibilities associated with assessing test takers with special needs, the concept of 'voice' in second language assessment, and assessment literacy for teachers and other test and score users.

"My all-time favorite. Astonishing." (Stephen King) Down the Rabbit Hole is the first book in the Echo Falls mystery series by bestselling crime novelist Peter Abrahams. Perfect for middle school readers looking for a good mystery. Welcome to Echo Falls, home of a thousand secrets. In Down the Rabbit Hole, eighth grader Ingrid Levin-Hill is in the wrong place at the wrong time. Or at least her shoes are. And getting them back will mean getting tangled up in a murder investigation as complicated as the mysteries solved by her idol, Sherlock Holmes. With soccer practice, schoolwork, and the lead role in her town's production of Alice in Wonderland, Ingrid is swamped. But as things in Echo Falls keep getting curiouser and curiouser, Ingrid realizes she must solve the murder on her own—before it's too late. "Deft use of literary allusions and ironic humor add further touches of class to a topnotch mystery," said School Library Journal. "Intriguing twists." Publishers Weekly agreed: "The fresh dialogue and believable small-town setting will tempt fans to visit Echo Falls again." The next book in this Edgar Award-nominated series is Behind the Curtain, followed by Into the Dark.

"In Artful Sentences: Syntax as Style, Virginia Tufte shows how standard sentence patterns and forms contribute to meaning and art in more than a thousand wonderful sentences from the twentieth and twenty-first centuries. The book has special interest for aspiring writers, students of literature and language, and anyone who finds joy in reading and writing."--Publisher's description.

Cognitive, affective and drama activities for EFL students This resource book for teachers contains an exciting collection of activities which present and practise vital grammatical content in an original way. Each game is clearly introduced with a summary specifying the area of grammar to be practised, the level it is aimed at, the time required and the material needed. The activity is then presented using a step-by-step approach.
