This book addresses how to write the following types of letters that most job seekers will use through their search campaign: Traditional Cover Letters: Letters that job seekers write in response to job advertisements and postings, send directly to hiring managers, or present to human resource professionals. E-Notes: Modern and shorter cover letters used as the content for job seekers email messages, thereby eliminating the need to click to read an attached letter. Recruiter Letters: As either cover letters or e-notes often including information that job seekers would not typically share at the onset with a prospective employer. Thank-You Letters: A must after every interview to ensure that job seekers stay front of mind and give themselves an instantly competitive edge. Networking Letters: Introductory letters to make connections with direct network contacts or referrals; not generally written in response to specific job opportunities. Job Proposal Letters: As the title suggests, these letters are written to propose a specific job opportunity with a specific company to meet a specific organizational need. Letters for Candidates with Unique Job Search Challenges: Letters for job seekers facing specific search challenges, such as transitioning from military service to civilian work, returning to work after raising children, returning to work after incarceration, changing careers, or finding a new job despite a record of hopping from one position to another.

About the Book: Ajay Wahi began his career with a bluechip software corporate called NIIT in 1985. His first job was in Sales and Product Management. He moved on to International Marketing across the USA and Asia. Subsequently, he gained considerable technical experience in the Systems Integration division, where his mandate was to build high value, long term business relationships with top Indian corporates. With an intensive 360° exposure to business, Ajay was ready to don the mantle of a CEO. He was hired to turn around Mantas (subsidiary of a US company). His efforts were successful, and also won him recognition, resulting in his being requested by the management of a UK company (Electrobug) to repeat his success story by turning around their subsidiary in India. At present, Ajay heads FastBooking India which is an Indian subsidiary of a French IT company. Unlike at the earlier enterprises, where he had legacies to counter, here he had the wonderful opportunity to build a company from scratch. He was responsible for everything: Recruiting his leadership team and other employees; Visioning and Strategizing for the future; Finalizing roles and goals at all levels; Evolving policies to create a motivated staff and a vibrant company; Putting in place internationally acclaimed processes; Analyzing and brainstorming to increase employee productivity through a mix of automation, training etc. At each company where he has worked as CEO, Ajay has brilliantly demonstrated his ability to create

success with fewer people than he actually required. He has developed and retained a productive, proactive and energized team, enabling large benefits to be shared amongst relatively few people. All this was possible just because Ajay was always identifying the best and star employees and tasking them with senior and challenging roles. In the process, he created success for both the performers and the company itself. It is these learnings he is sharing in this book. Ajay lives in Delhi with his wife Monica, a finance professional, and their two children, Varun and Vanshika. You may also like to read Ajay's other best seller: and the award for BEST SME of the year goes to .... About The Book PREFACE Having worked for the last two and a half decades and that too in different roles and capacities, I had the unique privilege of interacting with employees and staff across all levels. The interactions were of all types: brainstorming with them, guiding them, cracking cases with them, appraising them etc. And after every interaction, my mind would always try to figure out that of all the employees I interacted with today, who were the ones who exhibited something different, something positive, something energetic, something out-of-the-box etc. Being a CEO, it was natural to find out the star employees as the company would grow only if I could identify the BEST/BETTER of the so many employees I have. Identify them and then task them with senior and /or challenging opportunities. They would grow and that would be there WIN. My company would go thus grow too and that's my WIN. The experience I have thus gathered over the years in observing thousands of employees and then choosing the better from the lot is what I now wanted to share with everyone. Both the employer and employee. While it's really the duty of the employee to exhibit to the management how they stand out compared to others, at the same time, the employers could also share the learnings from this book so that each of their employee stands out. And if so many stand out, well, that's the winning and competitive advantage for the company! So, dear employee, read this book, implement the thoughts, start to look different from the crowd. The faster you look different, the faster you would get noticed and thus get promoted! Good luck and catch me at [ajaywahi@rediffmail.com](mailto:ajaywahi@rediffmail.com) for any guidance and advise you may need. Ajay Wahi April, 2011

As an entrepreneur, you need every helpful tool you can get your hands on to build your business. And if you know the tricks of the trade, perhaps nothing can gain more attention for your small business and build your company's credibility than a good, old-fashioned public-relations campaign. Whether you're an established company or a cost-conscious start-up, The Little Book of Big PR tells you all you need to know to be able to use public relations effectively as a business-building tool. Drawing on the expertise gained during her long career in public relations, Jennefer Witter shares simple, smart, and budget-friendly methods for getting your business noticed, including what she calls the seven key elements of public relations: • Self-branding • Media relations • Social Media • Networking • Speaking engagements • Cause-related marketing • Selecting a PR agency Complete with real-world case studies and sample content (such as media pitches) to use as-is or to modify to fit your own specific needs, this all-encompassing resource will provide for you the expert guidance all entrepreneurs need to grow their business to new, attention-getting heights.

The Jungle is a 1906 novel written by the American journalist and novelist Upton Sinclair (1878–1968). Sinclair wrote the novel to portray the lives of immigrants in the United States in Chicago and similar industrialized cities. Many readers were most concerned with his exposure of health violations and unsanitary practices in the American meatpacking industry during the early 20th century, based on an investigation he did for a socialist newspaper. The book depicts working class poverty, the lack of social supports, harsh and unpleasant living and working conditions, and a hopelessness among many workers. These elements are contrasted with the deeply rooted corruption of people in power. A review by the writer Jack London called it, "the Uncle Tom's Cabin of wage slavery." Sinclair was considered a muckraker, or journalist who exposed corruption in government and business. He first published the novel in serial form in 1905 in the Socialist newspaper, Appeal to Reason, between February 25, 1905, and November 4, 1905. In 1904, Sinclair had spent seven weeks gathering information while working incognito in the meatpacking plants of the Chicago stockyards for the newspaper. It was published as a book on February 26, 1906 by Doubleday and in a subscribers' edition.

Read the Wall Street Journal Bestseller for "cultivating intense focus" for fast, powerful performance results for achieving success and true meaning in one's professional life (Adam Grant, author of Give and Take). Deep work is the ability to focus without distraction on a cognitively demanding task. It's a skill that allows you to quickly master complicated information and produce better results in less time. Deep Work will make you better at what you do and provide the sense of true fulfillment that comes from craftsmanship. In short, deep work is like a super power in our increasingly competitive twenty-first century economy. And yet, most people have lost the ability to go deep—spending their days instead in a frantic blur of e-mail and social media, not even realizing there's a better way. In Deep Work, author and professor Cal Newport flips the narrative on impact in a connected age. Instead of arguing distraction is bad, he instead celebrates the power of its opposite. Dividing this book into two parts, he first makes the case that in almost any profession, cultivating a deep work ethic will produce massive benefits. He then presents a rigorous training regimen, presented as a series of four "rules," for transforming your mind and habits to support this skill. 1. Work Deeply 2. Embrace Boredom 3. Quit Social Media 4. Drain the Shallows A mix of cultural criticism and actionable advice, Deep Work takes the reader on a journey through memorable stories—from Carl Jung building a stone tower in the woods to focus his mind, to a social media pioneer buying a round-trip business class ticket to Tokyo to write a book free from distraction in the air—and no-nonsense advice, such as the claim that most serious professionals should quit social media and that you should practice being bored. Deep Work is an indispensable guide to anyone seeking focused success in a distracted world. An Amazon Best Book of 2016 Pick in Business & Leadership Wall Street Journal Business Bestseller A Business Book of the Week at 800-CEO-READ

In this rare peak into the personal life of the author of numerous bestselling novels, gain an understanding of David Foster Wallace and how he became the man that he was. Only once did David Foster Wallace give a public talk on his views on life, during a commencement address given in 2005 at Kenyon College. The speech is reprinted for the first time in book form in This is Water. How does one keep from going through their comfortable, prosperous adult life unconsciously? How do we get ourselves out of the foreground of our thoughts and achieve compassion? The speech captures Wallace's electric intellect as well as his grace in attention to others. After his death, it became a treasured piece of writing reprinted in The Wall Street Journal and the London Times, commented on endlessly in blogs, and emailed from friend to friend. Writing with his one-of-a-kind blend of causal humor, exacting intellect, and practical philosophy, David Foster Wallace probes the challenges of daily living and offers advice that renews us with every reading.

Rob Yeung, the author of How to Win offers hands-on knowledge and exercises to help you start standing out in business through ambition and innovation, rather than relying on legacy and scale. He shows you how to out-think the competition, focus on growth markets, and embrace technology in a more human way. How to Stand Out is divided into two parts — Part One delves deeper into the definition of a gamechanger, and offers information that will help you generate your own innovative business concepts. Part Two introduces you to over 100 case studies across a variety of sectors, offering a detailed look at how some of today's most impressive gamechangers have achieved their success. How to Stand Out: The New Rules of Getting Noticed has the power to guide you in revolutionizing your company's brand and your career by jumping into a whole new game.

Do You Know What It Takes to Be a High Potential in Your Organization? Being seen as a high-potential leader is essential to getting promoted and reaching your organization's upper echelons, but most companies keep their top-talent list a closely guarded secret. And the assessment process they use to decide who is and isn't a future leader is an even greater mystery. The High Potential's Advantage takes you behind the scenes and shows how you can get on, and stay on, your company's fast track. Leadership development experts Jay Conger and Allan Church draw upon decades of research and experience--designing high-potential programs for hundreds of large well-known global organizations and assessing and coaching thousands of talented leaders--to answer the critical questions asked by ambitious individuals like you: What will it take for me to advance in this organization? What does my boss look for when deciding whether I'm a high potential? Once I'm on the list, then what? Can I fall off it and, if so, what do I do? Revealing the key differentiators--five critical "X factors"--that set people apart across companies of all types, Conger and Church show what you need to do to achieve and maintain top-talent status. You'll find detailed advice for cultivating and practicing each X factor, with numerous and rich examples from those on the verge of their first promotion to those only a step away from the C-suite. The High Potential's Advantage also shows you how to gain insight into and excel at the specific process your company uses to identify and develop high potentials--and how to determine which unique capabilities your company values the most. The High Potential's Advantage is the essential guide to becoming a leader in your organization.

Are you a food producer entrepreneur? Then this book is for you! How did the founders of innocent drinks, G'NOSH and MOMA! beat thousands of other fabulous food entrepreneurs to win a space on supermarket shelves? And once they were there, how did they win the battle to convince sceptical, time-strapped shoppers to try them over more established brands? Tessa Stuart knows how, because she helped them do it. In this practical, inspirational book, she draws on her 15 years in the food industry to reveal a tried and tested set of principles for getting you from idea, to a product on the shelf, and to being THE next household name. "Got a great food or drink product that no one knows about? Need to grow sales? This book will show you how to ROCK your pack's on-shelf impact, to give your business the very best chance of being seen, heard, noticed and bought." Charlotte Knight, founder and owner of G'NOSH Dips

John Lees shows you how to write CVs and cover letters that convey your strengths quickly and get you into the interview process.

"In Stupid things I won't do when I get old, Petro candidly addresses the fears, frustrations, and stereotypes that accompany aging. He offers a blueprint for the new old age, and an understanding that aging and illness are not the same. As he writes, 'I meant the list as a pointed reminder--to me--to make different choices when I eventually cross the threshold to 'old'" -- Excerpt from jacket flap.
