

Beano Annual 2016 Annuals 2016

Can a group of ten year old mates (and one scruffy dog) really outwit the most fiendish, cunning teachers in the universe and, after millions of years, finally make school cool?!

First time in print. Pacific Rim: Amara is an official prequel series to the major motion picture, Pacific Rim Uprising. This softcover edition collects the entire Pacific Rim: Amara story that was published on Webtoons. and new material for the first time. As the Kaiju Wars rage on, Pacific Rim: Amara follows the young heroine whose life shattered when she is orphaned during a devastating monster attack. Fighting to survive as her city is destroyed, she finds shelter with a grumpy mech-inventor named Kai and his closest companion, Hannah. The trio forms an unlikely family in the aftermath of the invasion, looking out for one another and scavenging old mech parts to build their very own Jaeger, a pilotable giant robot with the power to protect Amara from the monsters that took everything from her.

A slip-cased facsimile of the first ever 'Dandy' annual published in 1941. It will appeal to all of the generations who have read the 'Dandy' and will provide a great insight to the early days of the comic.

By the creator of Bear and Uby Bubu comes Space Raoul. Part adventurer, part explorer, part space captain, and all-around CHAP, Raoul is the upholder of all that is good in the universe. Serialized in the pages of The Dandy, Space Raoul is the reddest space hero of all time.

In 1976, a fledgling magazine held forth the the idea that comics could be art. In 2016, comics intended for an adult readership are reviewed favorably in the New York Times, enjoy panels devoted to them at Book Expo America, and sell in bookstores comparable to prose efforts of similar weight and intent. We Told You So: Comics as Art is an oral history about Fantagraphics Books' key role in helping build and shape an art movement around a discredited, ignored and fading expression of Americana. It includes appearances by Chris Ware, Art Spiegelman, Harlan Ellison, Stan Lee, Daniel Clowes, Frank Miller, and more.

Beanotown has become boring. All Dennis pranks are backfiring and he seems to have lost his awesomeness. Even his faithful hound, Gnasher, seems fed up with him these days. When Dennis hears about the legendary Golden Pea Shooter of Everlasting Fun, it sounds like the only thing that can solve his problems and return his hometown to its former glory. With the help of his cousin, Minnie and Gnasher, Dennis must go on a quest, discovering the mysterious Chamber of Mischief in his bid to find the Golden Pea Shooter, but a series of tricky challenges (and Dennis nemesis, Walter) stand in his way.

Contributions by Paul Fisher Davies, Lisa DeTora, Yasemin J. Erden, Adam Gearey, Thomas Giddens, Peter Goodrich, Maggie Gray, Matthew J. A. Green, Vladislav Maksimov, Timothy D. Peters, Christopher Pizzino, Nicola Streeten, and Lydia Wysocki Recent decades have seen comics studies blossom, but within the ecosystems of this growth, dominant assumptions have taken root—assumptions around the particular methods used to approach the comics form, the ways we should read comics, how its “system” works, and the disciplinary relationships that surround this evolving area of study. But other perspectives have also begun to flourish. These approaches question the reliance on structural linguistics and the tools of English and cultural studies in the examination and understanding of comics. In this edited collection, scholars from a variety of disciplines examine comics by addressing materiality and form as well as the wider economic and political contexts of comics’ creation and reception. Through this lens, influenced by poststructuralist theories, contributors explore and elaborate other possibilities for working with comics as a critical resource, consolidating the emergence of these alternative modes of engagement in a single text. This opens comics studies to a wider array of resources, perspectives, and modes of engagement. Included in this volume are essays on a range of comics and illustrations as well as considerations of such popular comics as Deadpool, Daredevil, and V for Vendetta, and analyses of comics production, medical illustrations, and original comics. Some contributions even unfold in the form of comics panels.

Join Dennis, Minnie and the Bash Street Kids in this collection for the ages.

Exiled from Gallifrey at the very end of Time, Rassilon, fallen leader of the Time Lords, has been captured by the last of the Cybermen. Now the Cybermen have access to time travel. With it, every defeat is now a victory. Every foe is now dead -- or Cyberised. The Legions march across time and space, leaving devastation and converted civilisations in their wake, their numbers growing with every world that falls. Evolving. Upgrading. Reconfiguring. All seems lost. Forever. Can the Ninth, Tenth, Eleventh and Twelfth Doctors - each battling the Cybermen alone, on a different temporal front - undo the damage that has been wrought on the universe, before they are converted themselves? Or is this how the universe dies? Not in fire, but in cold, unfeeling metal... Full of Twirlywoos stories, activities and silliness and suitable for the youngest child. Featuring episode stories and lots of simple activities and exercises, this Annual underpins the "learning through play" element that runs through the TV series, introducing very young children to simple concepts through humour and the endearing Twirlywoo characters. Silly, fun and full of surprises!
