The Reform'd Coquette (1724) tells the story of Amoranda, a good but flighty young woman whose tendency toward careless behavior is finally tamed. Familiar Letters Betwixt a Gentleman and a Lady (1725), a satire of both political debate and women's place in society, portrays a Tory man and a Whig woman who find themselves discussing love, even though they have pledged to remain platonic friends. The Accomplish'd Rake (1727) follows the exploits of Sir John Galliard from youth to manhood, when he is forced to accept responsibility for his actions. Mary Davys (1674?-1732) was one of the earliest female novelists in Britain, and after the death of her husband she supported herself by writing and running a coffeehouse. Her writing sparkles, especially in its witty dialogue. Although these three short epistolary novels are framed in a clear moral universe in which virtue is rewarded and transgressions is punished, her works are not overtly religious and punishment is as likely to come from society as from

providence.

Bewitching can be a beast. . . . Once, I put a curse on a beastly and arrogant high school boy. That one turned out all right. Others didn't. I go to a new school now—one where no one knows that I should have graduated long ago. I'm not still here because I'm stupid; I just don't age. You see, I'm immortal. And I pretty much know everything after hundreds of years—except for when to take my powers and butt out. I

want to help, but things just go awry in ways I could never predict. Like when I tried to free some children from a gingerbread house and ended up being hanged. After I came back from the dead (immortal, remember?), I tried to play matchmaker for a French prince and ended up banished from France forever. And that little mermaid I found in the Titanic lifeboat? I don't even want to think about it. Now a girl named Emma needs me. I probably shouldn't get involved, but her gorgeous stepsister is conniving to the core. I think I have just the thing to fix that girl—and it isn't an enchanted pumpkin. Although you never know what will happen when I start . . . bewitching.

'Even the biographical individual is a social category', wrote Adorno. 'It can only be defined in a living context together with others.' In this major new biography, Stefan Müller-Doohm turns this maxim back on Adorno himself and provides a rich and comprehensive account of the life and work of one of the most brilliant minds of the twentieth century. This authoritative biography ranges across the whole of Adorno's life and career, from his childhood and student years to his years in emigration in the United States and his return to postwar Germany. At the same time, Muller-Doohm examines the full range of Adorno's writings on philosophy, sociology, literary theory, music theory and cultural criticism. Drawing on an array of sources from Adorno's personal correspondence with Horkheimer, Benjamin, Berg, Marcuse, Kracauer and Mann to interviews, notes and both published and unpublished writings, Muller-Doohm situates Adorno's contributions in the context of his times and provides a rich and balanced appraisal of his significance in the 20th Century as a whole. Müller-Doohm's clear prose succeeds in making accessible some of the most complex areas of Adorno's thought. This outstanding biography will be the standard work on Adorno for years to come.

A beast. Not quite wolf or bear, gorilla or dog but a horrible new creature who walks upright—a creature with fangs and claws and hair springing from every pore. I am a monster. You think I'm talking fairy tales? No way. The place is New York City. The time is now. It's no deformity, no disease. And I'll stay this way forever—ruined—unless I can break the spell. When and Where I Enter is an eloquent testimonial to the profound influence of African-American women on race and women's movements throughout American history. Drawing on speeches, diaries, letters, and other original documents, Paula Giddings powerfully portrays how black women have transcended racist and sexist attitudes--often confronting white feminists and black male leaders alike--to initiate social and political reform. From the open disregard for the rights of slave women to examples of today's more covert racism and sexism in civil rights and women's organizations, Giddings illuminates the black woman's crusade for equality. In the process, she paints unforgettable portraits of black female leaders, such as anti-lynching activist Ida B. Wells, educator and FDR adviser Mary McLeod Bethune, and the heroic civil rights leader Fannie Lou Hamer, among others, who fought both overt and institutionalized oppression. When and Where I Enter reveals the immense moral power black women possessed and sought to wield throughout their history--the same power that prompted Anna Julia Cooper in 1892 to tell a group of black clergymen, "Only the black woman can say 'when and where I enter, in the quiet, undisputed dignity of my womanhood, without violence and without suing or special patronage, then and there the whole . . . race enters with me.'"

This edition offers true tales of these take-charge princesses plus dozens more in a fascinating read that's perfect for history buffs, feminists, and anyone seeking a different kind of bedtime story. You think you know her story. You've read the Brothers Grimm, you've watched the Disney cartoons, and you cheered as these virtuous women lived happily ever after. Sure, plenty were graceful and benevolent leaders, but just as many were ruthless in their quest for power, and all of them had skeletons rattling in their majestic closets. Princess

Stephanie von Hohenlohe was a Nazi spy. Empress Elisabeth of the Austro-Hungarian Empire slept wearing a mask of raw veal. Princess Olga of Kiev slaughtered her way to sainthood. And Princess Lakshmibai waged war on the battlefield with her toddler strapped to her back.

Cloaked: Johnny spends his days relaxing in South Beach—until the visiting Princess Victoriana sends him on a quest to find a frog prince in the Florida Keys. This mashup of twisted fairy tales will keep readers hopping! Kiss in Time: Princess Talia, whose family rules a tiny European kingdom in the 1700s, has been warned to keep away from spindles. Jack, who's touring modern Europe on an educational trip, has been ordered to stay with his group. But teens aren't good listeners—and now they're going to have to find their way together. Kiss in Time is a Junior Library Guild Selection. Towering: While Rachel has been imprisoned in a tower by "Mama" for years, Wyatt's mother just shipped him off to live with a family acquaintance. Isolated as they are, what could they learn from the journal of a girl who's been missing for seventeen years?

I'm not your average hero. I actually wasn't your average anything. Just a poor guy working an after-school job at a South Beach shoe repair shop to help his mom make ends meet. But a little magic changed it all. It all started with a curse. And a frog kidnapping. And one hot-looking princess, who asked me to lead a rescue mission. There wasn't a fairy godmother or any of that. And even though I fell in love along the way, what happened to me is unlike any fairy tale I've ever heard. Before I knew it, I was spying with a flock of enchanted swans, talking (yes, talking!) to a fox named Todd, and nearly trampled by giants in the Everglades. Don't believe me? I didn't believe it either. But you'll see. Because I knew it all was true, the second I got cloaked.

Fooled by Randomness is a standalone book in Nassim Nicholas Taleb's landmark Incerto series, an investigation of opacity, luck, uncertainty, probability, human error, risk, and decision-making in a world we don't understand. The other books in the series are The Black Swan, Antifragile, Skin in the Game, and The Bed of Procrustes. Fooled by Randomness is the word-of-mouth sensation that will change the way you think about business and the world. Nassim Nicholas Taleb—veteran trader, renowned risk expert, polymathic scholar, erudite raconteur, and New York Times bestselling author of The Black Swan—has written a modern classic that turns on its head what we believe about luck and skill. This book is about luck—or more precisely, about how we perceive and deal with luck in life and business. Set against the backdrop of the most conspicuous forum in which luck is mistaken for skill—the world of trading—Fooled by Randomness provides captivating insight into one of the least understood factors in all our lives. Writing in an entertaining narrative style, the author tackles major intellectual issues related to the underestimation of the influence of happenstance on our lives. The book is populated with an array of characters, some of whom have grasped, in their own way, the significance of chance: the baseball legend Yogi Berra; the philosopher of knowledge Karl Popper; the ancient world's wisest man, Solon; the modern financier George Soros; and the Greek voyager Odysseus. We also meet the fictional Nero, who seems to understand the role of randomness in his professional life but falls victim to his own superstitious foolishness. However, the most recognizable character of all remains unnamed—the lucky fool who happens to be in the right place at the right time—he embodies the “survival of the least fit.” Such individuals attract devoted

followers who believe in their guru's insights and methods. But no one can replicate what is obtained by chance. Are we capable of distinguishing the fortunate charlatan from the genuine visionary? Must we always try to uncover nonexistent messages in random events? It may be impossible to guard ourselves against the vagaries of the goddess Fortuna, but after reading *Fooled by Randomness* we can be a little better prepared. Named by Fortune One of the Smartest Books of All Time A Financial Times Best Business Book of the Year
