Everyone has a dream, but it can often be difficult to find the inspiration to pursue our dreams and fulfill our greatest hopes especially when we are young and lack experience. Yet through the stories and lives of the generations before us, we can find a blueprint for success. In *The Hardened Years* of Dr. Joseph C. Calkowski, author Joseph Calkowski shares his autobiography and legacy with the next generation so that they too can learn from his failures and successes, seeing in his life a way to keep pursuing their hopes and dreams. Joseph invites us to walk in his shoes and see how he grew, how he lived, and what he lived for. Through the good times, the bad times, and all the fun and crazy times in between, Joseph's life story can inspire us to press on and reach for the future. Even to this day, Joseph Calkowski's legacy is still unfolding, and his hope is that the story of his hardened years will motivate this generation to forge their own legacies and accomplish all that they hope.

Love. What is it? Can a person describe love? Can love even be described? Throughout time, it has been heard that love can be defined in different ways. That there are different types and styles. It has been heard that love could be defined as an attraction (driven by the chemicals in our brains such as adrenaline, dopamine, and serotonin), an infatuation, a feeling, an emotion, an action and even as much as a choice. In this book you will read of how a woman experienced the *Storge* (empathy), *Philia* (friendly), *Eros* (romantic) types of love throughout her life at the onset of trauma that cost her identity, therefore, leading her through life searching for the only type of love that not only covered all her mistakes and bad decisions, but also experienced the only type of love that she needed called the *Agape* (unconditional) type of love. The trauma Antoinette experienced stemmed from various types of abuse she went through during her childhood at which when she reached her teen years had prompted her to embark on different endeavors during those years into the adult years of her life. The most crucial and important type of love there is to be found by everyone, including Antoinette. It was when she found that type of love did she realize that there really and truly was someone who did see her as a person, a human that noticed and loved her for who she was. Someone not only fully loved her, but also fully knew her even when she was in her mother's womb. This love, my friend, was the love that she had been longing for, searching for her whole life. It took for her to experience this love that she finally recognized someone was chasing her all along and didn't even know it. This love that was given to Antoinette was not merely because she was attracted by this someone, no, she was chosen by this someone because of the unconditional love that He had for her. He made a choice, which is an action. He made a sacrifice for her, but He knew He had to let her experience all that she did in order for her to find the love that she longed for. It has been 16 years since she has found this love and it hasn't faded away for her, nor did it ever leave or hurt her, not one time. Because of this very reason, Antoinette would like to share who gave her this love and let you know that this love is being given to you too. I must assure you; Antoinette is of NO exception to this very love by any means and she would just like to share her story with you in hopes that you will find this very same love too. It doesn't matter who we are, where we come from, or even what we did in our life because we too are worth being loved the very same way that she was at all costs. This love that Antoinette found was totally worth finding. She found it so worthy that she is willingly choosing to share it with all of us in hopes of us accepting the value of our own worth to accept this very same love too. Suddenly Robert Johnson is everywhere. Though the Mississippi bluesman died young and recorded only twenty-nine songs, the legacy, legend, and lore surrounding him continue to grow. Focusing on these developments, Patricia R. Schroeder's *Robert Johnson, Mythmaking, and Contemporary American Culture* breaks new ground in Johnson scholarship, going beyond simple or speculative biography to explore him in his larger role as a contemporary cultural icon. Part literary analysis, part cultural criticism, and part biographical study, *Robert Johnson, Mythmaking, and Contemporary American Culture* shows the Robert Johnson of today to be less a two-dimensional character fixed by the few known facts of his life than a dynamic and contested set of ideas. Represented in novels, in plays, and even on a postage stamp, he provides inspiration for "highbrow" cultural artifacts - such as poems - as well as Hollywood movies and T-shirts. Schroeder's detailed and scholarly analysis directly engages key images and stories about Johnson (such as the Faustian crossroads exchange of his soul for guitar virtuosity), navigating the many competing interpretations that swirl around him to reveal the cultural purposes these stories and their tellers serve. *Robert Johnson, Mythmaking, and Contemporary American Culture* is essential reading for cultural critics and blues fans alike.

In her great historical epic *Kristin Lavransdatter*, set in fourteenth-century Norway, Nobel laureate Sigrid Undset tells the life story of one passionate and headstrong woman. Painting a richly detailed backdrop, Undset immerses readers in the day-to-day life, social conventions, and political and religious undercurrents of the period. Now in one volume, Tiina Nunnally's award-winning definitive translation brings this remarkable work to life with clarity and lyrical beauty. As a young girl, Kristin is deeply devoted to her father, a kind and courageous man. But when as a student in a convent school she meets the charming and impetuous Erlend Nikulaussøn, she defies her parents in pursuit of her own desires. Her saga continues through her marriage to

Erlend, their tumultuous life together raising seven sons as Erlend seeks to strengthen his political influence, and finally their estrangement as the world around them tumbles into uncertainty. With its captivating heroine and emotional potency, Kristin Lavransdatter is the masterwork of Norway's most beloved author, one of the twentieth century's most prodigious and engaged literary minds and, in Nunnally's exquisite translation, a story that continues to enthrall.

Goronwy Rees (1909-1979) was one of the most gifted and promising figures in the constellation of British poets, journalists, and intellectuals of the 1930s that included Louis MacNeice, W. H., Auden, C. Day Lewis, Isaiah Berlin, and Anthony Blunt. Like many liberals of his generation, he was shocked by the effects of the Depression and correspondingly sympathetic to the Communist regime in Russia. Guy Burgess, of the Cambridge spies--Burgess, Maclean, Philby, and Blunt, admitted his espionage to Rees. His association with Burgess was to blight the rest of Rees's life. When Burgess defected in 1951, and Rees denounced him to MI5, Rees was viewed more as a spy out to save his own skin than as an honorable citizen. His anonymous, sensationalist articles in *The People*, denouncing Burgess's political activities and all but naming names, condemned him with the British intellectual community--not for his politics but for his betrayal of a friend. Colleagues and acquaintances accused him of trying to initiate a McCarthyite witch-hunt. He lost his job. His academic career was ruined. In *Looking for Mr. Nobody*, Jenny Rees deals with many of the old charges made against her father in her search for the answer to her own question, "Was he, too, a spy?" Had he joined up with Burgess and Blunt and passed secrets to the Soviet Union? Her quest for the truth reveals a fascinating portrait of a brilliant but flawed man of letters, handsome and seductively charming, caught up in the radical, political commitments of the 1930s, Communist Party membership, and his tortured relationship with the notorious Cambridge spies.

Sherman Alexie's stature as a writer of stories, poems, and novels has soared over the course of his twenty-book, twenty-year career. Included here are some of his most esteemed tales, including "What You Pawn I Will Redeem," "This is What it Means to Say Phoenix, Arizona," "The Toughest Indian in the World," and his most recent, "War Dances." Alexie's twelve new stories are fresh and quintessential, about amateur and donkey basketball leagues, extreme hoarding, lethal wind turbines, marriage, and all species of contemporary warriors in America today. An indispensable collection of new and classic stories, *Blasphemy* reminds us, on every thrilling page, why Sherman Alexie is one of our greatest contemporary writers and a true master of the short story.

"A completely new and different book from her earlier *Sandino's Daughters*. The core is a dozen lengthy interviews with feminist women (all but one), hence not randomly drawn from Nicaraguan society. Randall opens the volume with a useful, wide-ranging interpretative survey of history, politics, and the social situation of women. One observation that sticks: women who most resembled men in their conduct rose highest under Sandinista rule"--*Handbook of Latin American Studies*, v. 57.

A Sir Geoffrey Mapestone mystery Southampton 1070 Sir Geoffrey Mapestone and his loyal friend Roger seek passage on one of the many ships due to sail to Normandy and then on to the Holy Land. The two knights have been away from the Crusade too long, and are itching to get back to the action. But peculiar things have been happening in the harbour town, and it soon becomes evident that someone is trying to keep Geoffrey and Roger from boarding one of the ships. When Geoffrey's dim-witted servant is killed by a deadly arrow that was clearly meant for the knight himself, Sir Geoffrey's fury is such that he would do anything to find the murderer. But then Ranulf Flambard - who is not only the Bishop of Durham and an escapee from the Tower of London, but also happens to be Roger's father - arrives in Southampton with an errand for his son to perform. Much against Geoffrey's better judgement, the pair set off for the northern town of Durham, where a magnificent cathedral is being built at Flambard's behest. As yet more arrows fly Geoffrey's way, the knight begins to realize that none of these events are random, and it is down to him to discover the connection between the two towns, Bishop Flambard and a handful of red-stained arrows.

Authoring a film adaptation of a literary source not only requires a media conversion but also a transformation as a result of the differing dramatic demands of cinema. The most critical central step in this transformation of a literary source to the screen is the writing of the screenplay. The screenplay usually serves to recruit producers, director, and actors; to attract capital investment; and to give focus to the conception and production of the film project. Often undergoing multiple revisions prior to production, the screenplay represents the crucial decisions of writer and director that will determine how and to what end the film will imitate or depart from its original source. Authorship in *Film Adaptation* is an accessible, provocative text that opens up new areas of discussion on the central process of adaptation surrounding the screenplay and screenwriter-director collaboration. In contrast to narrow binary comparisons of literary source text and film, the twelve essays in this collection also give attention to the underappreciated role of the screenplay and film pre-production that can signal the primary intention for a film.

Divided into four parts, this collection looks first at the role of Hollywood's activist producers and major auteurs such as Hitchcock and Kubrick as they worked with screenwriters to formulate their audio-visual goals. The second part offers case studies of *Devil in a Blue Dress* and *The Sweet Hereafter*, for which the directors wrote their own adapted screenplays. Considering the variety of writer-director working relationships that are possible, Part III focuses on adaptations that alter genre, time, and place, and Part IV investigates adaptations that alter stories of

romance, sexuality, and ethnicity.

The remarkable career of one of America's greatest detectives—a story of murder, mayhem, and intrigue Philip Marlowe, Dirty Harry, and even Law & Order—none of these would exist as they do today were it not for the legendary career of nineteenth-century New York City cop Thomas Byrnes. From 1854 to 1895, Byrnes rose through the ranks of the city's police department to become one of the most celebrated detectives in American history, a larger-than-life figure who paved the way for modern-day police methods, both good and bad. During the age of Gangs of New York, Byrnes solved many of the most sensational and high-profile cases in the city and the country. He captured Manhattan's Jack the Ripper copy-cat killer; solved the murder of prostitute Maude Merrill, who was killed by her jealous lover—her own uncle; solved the largest bank heist in American history; arrested anarchist Emma Goldman for inciting a riot in Union Square; and accomplished much more. For both good and ill, according to the New York Times, Byrnes “shaped not just the New York City Detective Bureau but the template for detective work . . . in every modern American metropolis.” He not only pioneered crime scene investigation, but also perfected the brutal interrogation process called “the third degree.” He revolutionized the gathering of evidence and was the first to use mug shots and keep criminal records. But when Police Commissioner Theodore Roosevelt investigated the corruption that had plagued the department for decades, the man one prominent journalist had dubbed the “big policeman” was forced to resign. Bringing the Gilded Age to life as he did in his acclaimed King of Heists: The Sensational Bank Robbery of 1878 That Shocked America, J. North Conway narrates in thrilling, vivid detail the crimes, murders, corruption, and gritty police work associated with the father of the American detective.

Physician, anthropologist, travel writer, novelist, politician, Paolo Mantegazza (1831-1910) was probably the most eclectic figure in late-nineteenth century Italian culture. A prolific writer, Mantegazza can be seen as a forerunner of what has come to be known as cultural studies on account of his interdisciplinary approach, his passionate blend of scientific and literary elements in his writings, and his ability to transcend the boundaries between 'high' and 'low' culture. Though extremely popular during his lifetime both in Italy and abroad, Mantegazza's works have not been made available in a significant English language compilation. This volume is a representative overview of Mantegazza's key works, many of them translated into English for the first time. In addition to the unabridged Physiology of Love (1873), a veritable best-seller at the time of its initial publication, this compilation features selections from Mantegazza's writings on medicine, his travelogues, his epistolary novel One Day in Madeira (1868), and his treatise on materialistic aesthetics. Replete with an extensive and informative introduction by the editor, The Physiology of Love and Other Writings also excerpts Mantegazza's works of science fiction, memoir, and social and cultural criticism. As an anthology of the works of Paolo Mantegazza, a writer of diverse topical orientations, this volume is also an account of the circulation of ideas and cross-fertilization of disciplines that defined a crucial period of Italian and European cultural life.

Between 2009 and 2011, journalism fellows of the HIV & AIDS Media Project undertook in-depth research looking to write about men, masculinity, and HIV in a new way, and the result is this compendium of articles, blogs, and photo essays. It showcases a diversity of men, each facing a unique context and dealing with sexual health and relationships differently. The book is structured around four central themes—men as lovers, men as partners and fathers, men who have sex with men, and men's relationship to traditional and medical male circumcision—and brings men's varied roles in the HIV epidemic to the fore.

Plain Truth For many generations modern Christians have sat in church week after week while ministers pound the pulpits telling them what horrible sinners they are. In many cases doctrines have been handed down from parents to children, professor to student, and pastor to assistant, with little or no study of the scriptures on a personal basis. It should come as no surprise that we are missing some important pieces. If you are ready for real growth then you should read the Bible for yourself and find out what it says to you first hand. Reading this book you have in your hand is a good place to start. In this book we will explore provocative truths that you may not have heard of before. We will look at topics the average minister will rarely if ever speak of. We will discuss things that the protestant church simply cannot accept in spite of it being right in front of them in black and white and even in red and white. We will also look at a few scientific

discoveries that support the word and spark our imaginations. Christ came to set us free from the bondage of the old law, yet many churches today are riddled with legalism, bickering, envy, hate, all the things that contradict what Christ came to promote, that being love and forgiveness. Christ himself said that he came into the world not to condemn it but instead to save it and to give each person eternal life. Plain Truth is a fresh look at some of the most interesting scriptures on the most controversial topics. I have shared it with the world in an effort to promote the Kingdom of God along with peace and personal growth for those that seek it. I hope you enjoy reading this book as much as I have enjoyed creating it. It may not be inspirational on every point to every reader, but if it helps each reader discover even one small truth for them, then my mission is accomplished. Author: Todd D. Utley

This volume makes available some of the most exciting research currently underway into Greek society after Liberation. Together, its essays map a new social history of Greece in the 1940s and 1950s, a period in which the country grappled--bloodily--with foreign occupation and intense civil conflict. Extending innovative historical approaches to Greece, the contributors explore how war and civil war affected the family, the law, and the state. They examine how people led their lives, as communities and individuals, at a time of political polarization in a country on the front line of the Cold War's division of Europe. And they advance the ongoing reassessment of what happened in postwar Europe by including regional and village histories and by examining long-running issues of nationalism and ethnicity. Previously neglected subjects--from children and women in the resistance and in prisons to the state use of pageantry--yield fresh insights. By focusing on episodes such as the problems of Jewish survivors in Salonika, memories of the Bulgarian occupation of northern Greece, and the controversial arrest of a war criminal, these scholars begin to answer persistent questions about war and its repercussions. How do people respond to repression? How deep are ethnic divisions? Which forms of power emerge under a weakened state? When forced to choose, will parents sacrifice family or ideology? How do ordinary people surmount wartime grievances to live together? In addition to the editor, the contributors are Eleni Haidia, Procopis Papastratis, Polymeris Voglis, Mando Dalianis, Tassoula Vervenioti, Riki van Boeschoten, John Sakkas, Lee Sarafis, Stathis N. Kalyvas, Anastasia Karakasidou, Bea Lefkowitz, Xanthippi Kotzageorgi-Zymari, Tassos Hadjianastassiou, and Susanne-Sophia Spiliotis.

This collection of essays is a representative sample of the current research and researchers in the fields of language and social interactions and social context. The opening chapter, entitled "Context in Language," is written by Susan Ervin-Tripp, whose diverse and innovative research inspired the editors to dedicate this book to her honor. Ervin-Tripp is known for her work in the fields of linguistics, psychology, child development, sociology, anthropology, rhetoric, and women's studies. She has played a central role in the definition and establishment of psycholinguistics, child language development, and sociolinguistics, and has been an innovator in terms of approaches and methods of study. It is a useful anthology for graduate students studying language and social interaction, as well as for researchers in this field.

This book is intended to introduce you to twelve major principles that my father lived by, although I do not think that he numbered them or even gave a thought to categorizing them. However, he did live by them and expected his family to do likewise. He never preached them to us because he had the ability to insert their meaning into everyday situations. Putting the following chapters together required assembling numerous notes. I had slips of paper with scribbling on them recalling my father's words, complete pieces of paper--some even typed--with sayings on them, and the sense to take notes, whenever I was with family, to remember the times and circumstances when these principles were applied. During these gatherings of friends and family, one story relevant to my father's philosophies always led to another, most times with a small unexpected revelation for someone in the group. I considered each and every saying I collected as to what my father might have been feeling when he spoke those words to us, and I organized his comments into topical categories. A majority of these sayings could have gone into different categories than the one I chose; however, it was with a sense of Pop's disposition (and mine) as I remember it at the time that I arranged his statements. As you turn these pages, welcome to the world of being surrounded by the principles of one who loved life and whose philosophies about that life were both realistic as well as practical.

A #1 New York Times bestselling author traces her father's life from turn-of-the-century Warsaw to New York City in an intimate memoir about family, memory, and the stories we tell. "An accomplished, clear-eyed, and affecting memoir about a man who is at once ordinary and extraordinary."--Forward Long before she was the acclaimed author of a groundbreaking book about women and men, praised by Oliver Sacks for having "a novelist's ear for the way people speak," Deborah Tannen was a girl who adored her father. Though he was often absent during her childhood, she was profoundly influenced by his gift for writing and storytelling. As she grew up and he grew older, she spent countless hours recording conversations with her father for the account of his life she had promised him she'd write. But when he hands Tannen journals he kept in his youth, and she discovers letters he saved from a woman he might have married instead of her mother, she is forced to rethink her assumptions about her father's life and her parents' marriage. In this memoir, Tannen embarks on the poignant, yet perilous, quest to piece together the puzzle of her father's life. Beginning with his astonishingly vivid memories of the Hasidic community in Warsaw, where he was born in 1908, she traces his journey: from arriving in New York City in 1920 to quitting high school at fourteen to support his mother and sister, through a vast array of jobs, including prison guard and gun-toting alcohol tax inspector, to eventually establishing the largest workers' compensation law practice in New York and running for Congress. As Tannen comes to better understand her father's--and her own--relationship to Judaism, she uncovers aspects of his life she would never have imagined. Finding My Father is a memoir of Eli Tannen's life and the ways in which it reflects the near century that he lived. Even more than that, it's an unflinching account of a daughter's struggle to see her father clearly, to know him more deeply, and to find a more truthful story about her family and herself.

Homeland Defense is one of the most, if not THE most important issues of our time. Repeated and widely reported failures of our security have become almost too commonplace and Federal officials have conceded that another terrorist attack on our soil is almost inevitable. Now, B. Raymond Gary spotlights this issue with his all-too-possible, and very probable Novel, Compound Target, a scenario of a terrorist attempt to deliver and detonate a device in a large city in the Nations Heartland. If successful, it will open the U.S. up to many more such attacks, as our security will have been proven ineffective. A lone hunter in the Northwoods of Wisconsin is the sole witness to a terrible crime, and is unknowingly drawn into a pitched battle with the terrorists and the attempts by Federal and State law enforcement desperately trying to stop them. This can't-put-it-down novel will keep you on the edge of your seat as the forces of the U.S. Government and the committed terrorists try to outwit each other, leading to a running battle in the center of the city.

Sherman Alexie's darkly humorous story collection weaves memory, fantasy, and stark reality to powerfully evoke life on the Spokane Indian Reservation. The twenty-four linked tales in Alexie's debut collection—an instant classic—paint an unforgettable portrait of life on and around the Spokane Indian Reservation, a place where “Survival = Anger x Imagination,” where HUD houses and generations of privation intertwine with history, passion, and myth. We follow Thomas Builds-the-Fire, the longwinded storyteller no one really listens to; his half-hearted nemesis, Victor, the basketball star turned recovering alcoholic; and a wide cast of other vividly drawn characters on a haunting journey filled with humor and sorrow, resilience and resignation, dreams and reality. Alexie's unadulterated honesty and boundless compassion come together in a poetic vision of a world in which the gaps between past and present are not really gaps after all. The basis for the acclaimed 1998 feature film Smoke Signals, the Chicago Tribune noted, “The Lone Ranger and Tonto Fistfight in Heaven . . . is for the American Indian what Richard Wright's Native Son was for the black American in 1940.” The collection received a Special Citation for the PEN/Hemingway Award for Best First Fiction. This ebook edition features a new prologue from the author, as well as an illustrated biography and rare photos from Sherman Alexie's personal collection.
