Chapters: Bell Boeing V-22 Osprey, Beechcraft Super King Air, North American Rockwell OV-10 Bronco, Martin B-26 Marauder, Northrop Grumman E-2 Hawkeye, Beechcraft Model 18, Fairchild C-123 Provider, De Havilland Canada DHC-6 Twin Otter, Bombardier Dash 8, Antonov An-24, Alenia C-27J Spartan, Beechcraft King Air, Consolidated PBY Catalina, Bristol Blenheim, Douglas DC-3, Antonov An-26, Grumman S-2 Tracker, Grumman G-21 Goose, ATR 72, Beechcraft 1900, Grumman HU-16 Albatross, Boeing 247, Convair CV-240 family, Northrop F-15 Reporter, Beechcraft Starship, De Havilland Canada DHC-5 Buffalo, ATR 42, De Havilland Canada DHC-4 Caribou, Bell YFM-1 Airacuda, Aero Commander 500 family, Piaggio P.180 Avanti, Douglas AC-47 Spooky, EADS CASA C-295, Diamond DA42, Saab 340, Rogo arski SIM-XIV-H, CASA/IPTN CN-235, Junkers Ju 86, Showa/Nakajima L2D, Beechcraft Baron, Curtiss Model H, Hall XPTBH, Adam A500, Grumman OV-1 Mohawk, McDonnell XP-67, Antonov An-32, Fairchild C-82 Packet, Bell XV-15, Siebel Si 204, Budd RB Conestoga, Antonov An-30, Canadair CL-215, Northrop N-9M, Beechcraft L-23 Seminole, Rogo arski R-313, Zmaj R-1, Grumman G-44 Widgeon, Grumman C-2 Greyhound, Interstate TDR, Convair F2Y Sea Dart, Martin Maryland, Grumman XTSE, Saab 18, Beechcraft Twin Bonanza, North American AJ Savage, Convair Model 48 Charger, Ikarus 215, Grumman Gulfstream I, Saab 2000, Beechcraft Queen Air, Handley Page Jetstream, Boeing YB-9, Grumman XF5F Skyrocket, Shcherbakov Shche-2, Beriev Be-12, Gulfstream American GA-7 Cougar, Dominion Skytrader, Fairchild AC-119, Curtiss CT-1, Curtiss T-32 Condor II, North American XB-21, Northrop N-1M, Boeing XPBB Sea Ranger, Naval Aircraft Factory TDN, Scaled Composites Pond Racer, Curtiss C-1 Canada, Custer CCW-5, Douglas DC-1, Fokker T.V, CAC Woomera, Sikorsky S-41, EADS CASA HC-144 Ocean Sentry, Beechcraft Model...

Best and latest coverage on International Aviation Training, where to get it and how to finance it. The latest Airline, Corporate, and Air Charter employment opportunities FAQ and most common Pilot's interview questions - and the most frequently made interview mistakes.

With the Soviet Union's launch of the first Sputnik satellite in 1957, the Cold War soared to new heights as Americans feared losing the race into space. The X-15 Rocket Plane tells the enthralling yet little-known story of the hypersonic X-15, the winged rocket ship that met this challenge and opened the way into human-controlled spaceflight. Drawing on interviews with those who were there, Michelle Evans captures the drama and excitement of, yes, rocket science: how to handle the heat generated at speeds up to Mach 7, how to make a rocket propulsion system that could throttle, and how to safely reenter the atmosphere from space and make a precision landing. This book puts a human face on the feats of science and engineering that went into the X-15 program, many of them critical to the development of the Space Shuttle. And, finally, it introduces us to the largely unsung pilots of the X-15. By the time of the Apollo 11 moon landing, thirty-one American astronauts had flown into space--eight of them astronaut-pilots of the X-15. The X-15 Rocket Plane restores these pioneers, and the others who made it happen, to their rightful place in the history of spaceflight. Browse more spaceflight

"Flying Thoughts" is much more than tales of flying experiences and airplanes. It is a love story of family and country and an opportunity to peer into the inner corners of this aviator's mind, as he learns starting at a very young age to identify and accept challenging business opportunities. It displays proof that a person with limited funds can develop and live the American dream while inspiring many of his readers to identify and accept challenges in order to succeed. For the aviator, you will not be bored. For the non-aviator, the author presents his personal business thoughts and philosophies that could be considered and used to the advantage of his readers. Give yourself some time; you may not wish to put the book down.

Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online. Pages: 59. Chapters: AQM-37 Jayhawk, Beechcraft 1900, Beechcraft AT-10 Wichita, Beechcraft Baron, Beechcraft Bonanza, Beechcraft C-12 Huron, Beechcraft CT-134 Musketeer, Beechcraft Duchess, Beechcraft Duke, Beechcraft King Air, Beechcraft L-23 Seminole, Beechcraft Model 16, Beechcraft Model 17 Staggerwing, Beechcraft Model 34, Beechcraft Model 99, Beechcraft Musketeer, Beechcraft Premier I, Beechcraft Queen Air, Beechcraft Skipper, Beechcraft Starship, Beechcraft Super King Air, Beechcraft T-6 Texan II, Beechcraft Travel Air, Beechcraft Twin Bonanza, Beechcraft XA-38 Grizzly, Beechcraft XT-36, Hawker 200, Hawker 400, Hawker 4000, Hawker 800. Excerpt: The Beechcraft Super King Air family is part of a line of twin-turboprop aircraft produced by the Beech Aircraft Corporation (now the Beechcraft Division of Hawker Beechcraft). The King Air line comprises a number of model series that fall into four families: the Model 90 series, Model 100 series (these models comprising the King Air family), Model 200 series and Model 300 series. The latter two models were originally marketed as the "Super King Air" family, but the "Super" was dropped in 1996. The Super King Air family has been in continuous production since 1974, the longest production run of any civilian turboprop aircraft in its class. It has outlasted all of its previous competitors and as of 2009 the only other aircraft in its class is the Piaggio Avanti. As of December 2009, the B200, B200GT and the larger B300 are the production models. Special mission derivative versions of these models are also available for order. The Beechcraft 1900 regional airliner was derived from the Model B200 King Air. 1980-built Beechcraft 200 Super King Air This 200T Super King Air built in 1979 shows all the major modifications for this variant; belly radar pod and camera hatch, wingtip fuel tanks, ...

Identifies more than four hundred private, commercial, and military aircraft, and briefly describes the history and characteristics of each.

Inspiration, motivation and lessons learned... Flight to Success is the author's journey through eight airlines, seven type ratings, two master's degrees, and motherhood. Intertwined with her stories are those of others who share their successes, failures, losses, fears, hopes and dreams. They have all learned from their experiences. What drives people to phenomenal success? The secret correlates with many aspects of flight. If you apply these tips to your

everyday life there will be nothing you cannot accomplish. Life is about choice. The choice now, is to open your mind and heart and begin to dream. This inspirational, motivational memoir will take you on a journey through the author's life, to assist you with yours. How did she do it? Why didn't she quit? Where did she find the time, courage, stamina, and strength to persevere during the most challenging times? The answers to these questions and many more will be answered.

Established in 1911, The Rotarian is the official magazine of Rotary International and is circulated worldwide. Each issue contains feature articles, columns, and departments about, or of interest to, Rotarians. Seventeen Nobel Prize winners and 19 Pulitzer Prize winners – from Mahatma Ghandi to Kurt Vonnegut Jr. – have written for the magazine.
