professional service firms where, increasingly, top professionals are being tapped to lead their peers. Now Patrick McKenna and David Maister provide a 'play book' for professionals trying to be both a team member and coach. In industries ranging from banking and insurance to law and engineering, as well as in research labs and software companies, management responsibility is increasingly delegated - usually without guidance - to those who head up smaller teams of professionals. **FIRST AMONG EQUALS** speaks directly to those who have gone from focusing on their own performance to being a group manager in charge of leading others. From understanding the group leader role to setting terms of reference and effectively dealing with talented prima donnas, McKenna and Maister present a thorough introduction to managing and orchestrating talent.

In this suspenseful sequel to "Behind Closed Doors," a former FBI agent who is scarred by betrayal finds himself tested by searing desire for a woman who tempts him beyond reason and is now the bait in a deadly trap.

This is a time in need of heroes. It is a time for The Ghost. A series of targeted murders are occurring all over the city, the victims found with ancient Roman coins placed on their eyelids after death. The trail appears to lead to a group of Italian-American gangsters and their boss, who the mobsters have dubbed 'The Roman'. However, as The Ghost soon discovers, there is more to The Roman than at first appears, and more bizarre happenings that he soon links to the man, including moss-golems posing as mobsters and a plot to bring an ancient pagan god into the physical world in a cavern beneath the city. As The Ghost draws nearer to The Roman and the center of his dangerous web, he must battle with foes both physical and supernatural and call on help from the most unexpected of quarters if he is to stop The Roman and halt the imminent destruction of the city.

When this beach bunny caught the eye of Hugh Hefner at an L.A. nightclub, Izabella St. James was looking for a fun break from studying for the bar. As the latest Girlfriend of the Playboy founder, her "break" lasted two years, but life behind the gates of the Playboy Mansion was anything but fun. Sure there were parties, presents, puppies, and plastic surgery; but there was also a curfew, a strict regimen of who sits where on movie night, limited contact with the outside world, and a sex life that was anything but wild and crazy. While the E! reality show, The Girls Next Door, has been a ratings hit, each of the three Playboy Bunnies in the series has since left the Mansion in newsworthy ways: one is engaged to a football player, and Hugh's "main" Girlfriend has finally understood that there would be no fairy-tale marriage and family with the man she literally transformed her life for. Izabella was there to witness how each of these relationships formed, where each Girlfriend fell in the pecking - and bed - order, and when, exactly, the fabled life turned shabby and cheap. From catfights to sneaking in boyfriends, from high-profile guests in the Grotto to the bizarre rituals of the octogenarian at the center of the sexual revolution, Bunny Tales is compulsively readable and endlessly

entertaining!
