Acclaim: "The language is understated, but quietly beautiful, and I find myself invested in Jabonkah as she's portrayed on the page, not only because of what happens to her, but because of her view of the world, sometimes sweet and sometimes shrewd, and always strong." Rebecca, agent "The story is compelling and the writing is extremely strong-some of the metaphors are wonderfully original. Moreover, the author manages to capture the child's voice perfectly." Valerie, professor Description: Jabonkah Sackey's only desire in life was to be like her mother and to be left alone. However, being born deep in the African bush in 1948, her desires didn't really matter. Cursed with an abusive father, Jabonkah was saddled with the plans he had for her. Instead of being a "stupid bush woman" like her mother, she was going to learn to obey. But after repeatedly disappointing and rebelling against her father, he sets forth on a rampage targeting her mother and nearly beats her to death. After stepping in to save her mother and scalding her father with boiling water in the skirmish, Jabonkah's fate is unfortunately sealed. She is sent to the Society as punishment, where women from her own tribe perform the ritual of female circumcision. Six weeks later, Jabonkah returns home to the continued beatings until she is eventually disowned and sent away to live with a missionary by the name of Mother Stevens. Unfortunately, it's with Mother Stevens that her real struggle begins. Will Jabonkah escape the oppression and misery that is ruling her life, or will she succumb to her depression? Set against the harsh setting of mid-century Africa, *Driving the Birds* takes readers on a journey from small villages in Liberia to African missions, and eventually the United States. With this particular backdrop, Jabonkah's story brings many issues to light that affect countless women around the world. By documenting the horrible genital mutilation that she suffers in detail, *Driving the Birds* aims to bring about further awareness to an issue that is still prevalent today. Though the subject matter can be intense and discouraging at times, Jabonkah uses her faith and an uncommon personal resiliency to keep the story from setting into a despondent manner. With true personal freedom as her goal, Jabonkah is able to overcome numerous obstacles and a lifetime of hardships in route to achieving her dreams and ensuring her happiness. *Driving the Birds* by Russell Traughber is the uplifting true story of one woman's courageous journey from a small village in Liberia to the freedom that America offers. With unmistakable charm, unwavering determination, and a truly unique worldview, Jabonkah enthralls readers with each passing chapter. Her personal journey and repeated injustices are equal parts heartbreaking and infuriating. From repeated abuses at the hands of others and the subjection to female genital mutilation, Jabonkah's plight provides a window to the sufferings of less fortunate women around the world. However, where parts of her story enrage and discourage, it's her spirit and determination that ultimately leave readers feeling like they have taken part in Jabonkah's triumphs as well.

Chase Brown has it all...he's wealthy, owns three of the hottest night clubs in New York City and he's boyishly handsome. With little skill, surprisingly few ingredients, and even the most unsophisticated of ice-cream makers, you can make the scrumptious ice creams that have made Ben & Jerry's an American legend. Ben & Jerry's Homemade Ice Cream & Dessert Book tells fans the story behind the company and the two men who built it—from their first meeting in 7th-grade gym class (they were already the two widest kids on the field) to their "graduation" from a \$5.00 ice-cream-making correspondence course to their first ice-cream shop in a renovated gas station. But the best part comes next. Dastardly Mash, featuring nuts, raisins, and hunks of chocolate. The celebrated Heath Bar Crunch. New York Super Fudge Chunk. Oreo Mint. In addition to Ben & Jerry's 11 greatest hits, here are recipes for ice creams made with fresh fruit, with chocolate, with candies and cookies, and recipes for sorbets, sundaes, and baked goods.

The Demon Inside is the second book in Peter Oxley's Infernal Aether Series, a dark gothic fantasy set in Victorian London described as "fantasy at its best," "epic" and "no holds barred." If you like electrifying action, rich characters and demons galore, then you'll love The Demon Inside.

"For more than three decades, Ben & Jerry's has been committed to an insanely ambitious three-part mission: not just making the world's best ice cream but also supporting progressive causes and sharing its success with all stakeholders--employees, suppliers, distributors, customers, cows, everybody. Living up to these beliefs is fun when you're doing it right, and it creates amazingly loyal customers, but it isn't easy. This is the first book to tell the full, inside story of the inspiring rise, tragic mistakes, devastating fall, determined recovery, and ongoing renewal of one of the most iconic mission-driven companies in the world. No previous book has focused so intently on the challenges presented by staying true to the mission as the business grew. No other book has explained how the company came to be sold to Unilever, one of the world's biggest corporations. And none has described the unprecedented contract Ben & Jerry's negotiated with Unilever to preserve the three-part mission or the complex working relationship that has allowed the company to pursue that mission on a much larger stage. Brad Edmondson tells the story with a journalist's eye for details, dramatic moments, and memorable characters. Among the dozens of key figures Edmondson interviewed, his most important source was Jeff Furman, who helped Ben and Jerry write their first business plan in 1978 and has stayed involved ever since, serving as chairman of the board since 2010. It's a funny, sad, surprising, and ultimately hopeful story."--Publisher's description.

The Structure of Digital Computing takes a fifty year perspective on computing and discusses what is significant, what is novel, what endures, and why it is all so confusing. The book tries to balance two point of views: digital computing as viewed from a business perspective, where the focus is on marketing and selling, and digital computing from a research perspective, where the focus is on developing fundamentally new technology.

'Anybody But Anne' is the fifth in the 'Fleming Stone' series of detective novels by prolific author Carolyn Wells. Wealthy David Van Wyck has decided to become a philanthropist and leave his entire vast fortune to the local community. Whilst a noble intention, his family are opposed to the notion as it would leave them penniless. Following a meeting to certify his intentions, David is found dead in a locked room. His beautiful wife Anne is the obvious

suspect, but there are many others who would have reason to want David out of the picture. A thrilling whodunnit from the popular author. Carolyn Wells (1862-1942) was a prolific American novelist and poet, best known for her children's literature, mystery novels and humorous verse. Following school in New Jersey, Wells worked as a librarian, where she developed her love of reading. It was during 1896 that Wells' first book 'At the Sign of the Sphinx' was published. From 1900 she dedicated herself to her literary career, writing over 170 novels in total across a range of genres. Some of her most loved works include the 'Patty Fairfield' and 'Marjorie Maynard' series for girls, as well as the 'Fleming Stone' mystery series for adults. Wells is also well-known for her humorous nonsense verse, and was a frequent contributor of verse to magazines. She published an autobiography 'The Rest of my Life' in 1937. Wells died in New York City in 1942.

This is a story about a young boy named Tim Hartwell who lives in Tenby, Pembrokeshire in Wales. He learns about his family's magical past from his mother, Mary. Later, after learning and wondering about his past, he meets two Wyvern gargoyles who guide him to seven Galon Keys. The keys protect him through a parallel world in Wales called Selwyn's Chancer. Once there, he must avoid a beast named Stratford Hartwell who wants the power of the Galon Keys and the Book of Hartwell for himself.

He was famous for telling stories. He could always make the story interesting. He had a way of seeing the best or funniest of every situation. He wrote down over 180 of his best stories in his last few years for all his family and friends. You will laugh, and relate to the stories of childhood, school years, and growing up during the depression. From his northern New Jersey, small town home he shares what it was like growing up in the 20's and 30's. From logging to working with horses, the stories provide a great view of the life style from that time period. Taking a comparative and multidisciplinary approach, this textbook offers a non-technical introduction to the dynamics of socio-economic development and stagnation.

This was one of the 6 science fiction stories published in the first issue (April 1926) of the first magazine devoted to science fiction, *Amazing Stories*, edited and published by Hugo Gernsback, now considered to be the father of the science fiction genre. He described this story in an inset panel: "In 'Alice in the Looking Glass', the beautiful play of fancy which gave immortal fame to a logician and mathematician, we read of the mysterious change in size of the heroine, the charming little Alice. It tells how she grew large and small according to what she ate. But here we have increase in size pushed to its utmost limit. Here we have treated the growth of a man to cosmic dimensions. And we are told of his strange sensation and are led up to a sudden startling and impressive conclusion, and are taken through the picture of his emotions and despair." American science fiction author, journalist, technical writer, editor (*Fortune* and *Time*) and naval seaman during World War II.

An inspirational and handy book of consciousness and love. Bring it with you on your daily journey for happiness everywhere you go.

"A farmer and entrepreneur, Chase is a man of many abilities. Now he is being asked to use those abilities, and his own particular skills with a sword and bow, to assist an alien planet. This means trading a valuable resource that the planet harbours to convince the Inter-galactic Federation to repair its failing sun" -- Back cover.

A planet plagued with tumult from outsiders and divided by its own religious dichotomy could face extinction if their faiths are not united and an unholy artifact is destroyed. Safiro, the God of Death, and Sanguina, the Goddess of Life, created two heroes (Vytametas) -- mirror twins separated at birth yet destined to meet in a place where the future of their world will be decided by their powers. The only people who know not the ultimate purpose of the legendary Vytametas are the young heroes themselves. While the teenage Vytametas learn of their world and of their mission, they will be turned against each other by the two faiths they are meant to save: the demented Safiric Brotherhood and the shady Sanguinic Sisterhood.

Do you feel like you struggle to make time for everything? We are living in a time-poor society, working more than ever and with less time for ourselves and family. The pressures and stress of the obligations we feel we have, often leave us without time to do everything that we would like to. More critically, we lack the time to reflect, review our lives and consider our direction. Time to contemplate if the decisions we are making are going to lead us to a life of purpose or an old age filled with regret. Time for Anything is based on 5 years of research by Craig D Robinson. Using the techniques in this book, Craig went from working in an entry level position to, in just four years: start 2 companies, recharge with 12 weeks holiday a year, start a family, grow and sell his startups and retire at the age of 34. This book shows you how you too can have time for it all.

All the Advice You Need to Get In To the College You Want! Getting in to your dream college has never been more competitive. Swamped with applications, admissions officers spend 10-20 minutes on each, looking for reasons to say no. It's crucial that students make it easy for colleges to say yes. In his new book, *Brand U*, renowned college admissions adviser David Montesano shows you exactly how to position yourself as the kind of applicant colleges are eager to admit. David's proven, easy-to-follow *Montesano Method* takes the fear and uncertainty out of the admissions process, maximizes your chances of success, and is a guide that addresses the goals and concerns of both students and parents, because going through college applications is a family experience. The *Montesano Method* has 4 phases: **SPARK**: Here we identify the most critical element for your college application, your spark. This is what sets you apart from the crowd. **FIRE**: With your spark, now we build your fire, finding and developing your abilities and experiences that make you exceptional. This process isn't just about college, but life. **VISION**: What kind of undergraduate experience is right for you? We avoid superficial criteria like magazine rankings and instead guide you to the best undergrad fit for you. **BRAND**: Here, by positioning how you're different and what you bring to each college, we turn the admissions game around so that you're in control and colleges are pursuing you. The college game is too rough to go it alone. With *Brand U*, you'll have everything you need to find-and get into-the college of your dreams. *Brand U Reviews* "David Montesano has written a masterful book on how high school students can brand themselves in a way that will lead to winning more college acceptances. With top schools becoming more exclusive, getting the inside scoop on what excites college admission officers is invaluable. I highly recommend that parents

Shortly after the Civil War, the U.S. Army is commissioned to oversee Yellowstone Park in a bid to protect the wildlife within its bounds from trappers, miners and hunters. But some beasts will always be considered more valuable than others, and some men will do anything to acquire wealth. Within days, two rogue cavalry officers furtively enter the park and steal a white she-wolf from her den. Little do those men realize, however, that the she-wolf is also highly valued by her pack, and that they will do anything to retrieve her... Three Wolves is a fable, told not through the eyes of men, but wolves, as they engage on a very dangerous quest to return the she-wolf to her den in the Unnamed Valley. It is a tale of hope and courage, of omens, dreams and superstition, and one in which you may at last be persuaded to believe that wolves know more about nature and the earth than men.

Describes how Ben Cohen and Jerry Greenfield built a single ice cream parlor into an innovative, multi-million dollar corporation

A light-hearted look at the background of the two men who founded Ben & Jerry's ice cream company and how their business got started.

A time to reflect on my seventy years of life. Maybe some folks will be interested in my life and the folks I have met, or maybe not. This is a non-traditional memoir, filled with alphabetical vignettes not chronological ones. I have made a foray into fiction with an asterisk: in those cases where I have marked the vignette as fictional, it might be 100 percent not true, but in many cases I knew of, was part of, or heard from others about the story itself. At any rate, the entire book is my recollection of things past, and as in all recollections, the more distant the memory the clearer the details.

A man named Jesus, whom is considered the Christ by countless people around the world to this day, lost his life at the hands of barbarians while residing in Canaan, where he devoted his life to making those around him aware they had the potential to become gods. Despite the accumulation of so many technological innovations over the past two millennium that were supposed to ease the daily hardship of people everywhere, so more time could be devoted to pursuits that cultivate the mind, evidence indicates that the size of the Homo-sapien brain, male and female alike, has persistently decreased over this passage of time. The pain, and suffering, endured by Jesus was supposed to serve as a wake up call to the savages in his midst, and the generations to follow, that they had much to learn about what he means to be civilized, as we see ample evidence of to this very day.

Brand alchemist, prime minister whisperer and shadow trend tweaker, Jones Byrne did his best contract work remotely, hidden in the seams of his upstate New York factory loft. But one mystery client has made an irresistible offer that will pull him back into the light, and force him to face his greatest failure: his degenerate expat past life in Tokyo. He had barely escaped, just a year ago, before everything flipped upside down and Japan dropped a veil over its largely depopulated, earthquake-scarred cities, cutting off all contact with the outside world. That's around the time the rumors began. They said that Tokyo had returned to its dark, old ways. But this time, warped and infected by the pharmacological and technological graffiti of 2043. This version of Tokyo was a place no foreigner had been unfortunate enough to lay eyes upon. Until now.

Byrne's mystery client promised to make him well and truly wealthy, for just one day's work. Just one day. But this will be the hardest day's work of Byrne's life, if he can make it out of Tokyo alive.

Commercial success need not come at the cost of human value. Just ask Ben and Jerry, whose first ice cream shop in an abandoned Vermont gas station grew into a \$160 million business. Yet Ben & Jerry continue to use the power of business to change the world. With its seemingly wacky antics, controversial social and political stands, and iconoclastic corporate policies, the company that's come to embody socially responsible business has drawn the scepticism of business analysts, the criticism of media cynics - and the amazement- and ultimately, the respect- of the business world and the people in it. As Ben and Jerry explain in DOUBLE-DIP, they haven't always known exactly what they were doing, but they've always known why they were doing it. There's a method to their madness; that method is what they call 'values-led business.' BEN & JERRY'S DOUBLE-DIP explains what values-led business is, why it's the best model for business today, and how anyone who owns, works for, invests in, or shops with a company can help make it a socially responsible business.

In a small wooded lot a busy woman stumbles upon a strange doll the neighbors possibly left. She attempts to reveal who brought the toy to her home, but she uncovers no real leads. Then when a letter turns up asking her to give the doll away as soon as possible, she ends up on the edge of reason as the doll is in the midst of being reclaimed by someone. The doll although small and cuddly resembles a somewhat black entity similar to a doll she keeps in her home, but when a nearby psychic and fortune teller comes to her home asking her to give up the doll to keep her sanity, but she refuses. The stuffed animal then turns out to be more than she bargained for when the bear starts to grow a tail and red eyes. When she discovers those details, she desperately tries to send it away to a pawn shop owner, but the next day he ends up dead, and a new feeling that the stuffed bear may not be what she considered a stuffed cuddly toy anymore. The story focuses on the character of Mary, and the stuffed bear that she suddenly inherits when the doll is left on her doorstep. She finds that although the stuffed bear did have an owner, he ended up in a mental institution, and the bear was simply left behind, either by someone else or the bear itself. She doesn't want to come to the terms that it could have ended up on her doorstep, by itself, but when the tale that the previous owner claimed is finally revealed, she desperately searches for an answer to the horror of Truggle.

"That Girl From the Dummy Line" is a first person account of growing up in severe poverty in the delta farm region of northeastern Arkansas in 50s and 60s in a tarpapered shack built on a dirt road known as the dummy line. The dummy line girl was the third of ten children born to an illiterate farmer and his wife, who didn't understand their daughter's love of education or her desire to go to college as she excelled in school. Indeed, they actively attempted to prevent her from leaving home to seek a college degree. The dummy line girl spent much of her childhood working in the cotton fields. Farm work and other chores took a toll on the dummy line girl's ability to stay on track with her studies and goals. Further complicating her life was a dysfunctional relationship with her parents and an abusive older sister. The local public school

She becomes even more unsure of where she belongs. And while the fate of Mycar and the Plains rests on her, Reanna has a choice.

A Collection of Matt Shaw's heartbreaking dramas Matt Shaw does not just write horror. In fact, when asked what his favourite books are, he often names the tales collected within this set. Stories of heartbreak, loss and grief - all with an element of hope... A hope we often forget when dealing with grief. Contained within this collection Heaven's Calling BOY: Built to Love The Missing Years of Thomas Pritchard (unpublished short story) Alone Heaven's Calling Josh and Holly could face anything thrown at them all the time they had each other. Their love would conquer anything and the world was their oyster. But when a tragic accident tears Josh away from Holly she realises that, without her husband, she cannot cope and her world begins to crumble; her loss being more than she can handle. Until, that is, she receives a phone call. Her late husband. The same time every day; he doesn't appear to know what has happened to him and Holly can't bring herself to tell him. She isn't even sure if it really is him calling or whether it's all in her tormented mind. Especially seeing as the calls only happen when she is alone. Is it all in her head, has she gone mad, or is heaven really calling? Boy: Built to Love No parent should have to bury their own child and yet that was exactly what they had to do. Stillborn; a young boy never to open his eyes to take in the world around him. And now Lucy and Jack's marriage was on the verge of crumbling under the strain of the grief they struggled to cope with. A grief made worse when the doctors tell them they'll never be able to have a child of their own due to complications from the last pregnancy. But what if it didn't have to be that way? What if there was a way of using science and technology to create a son they could love? What if Jack was able to use Artificial Intelligence to create A Boy: Built to Love? Is the answer to their problems to be found within the world of science-fiction or are they setting themselves up for yet more grief and sadness? The Missing Years of Thomas Pritchard August 3rd. 6:03am. The tranquil summer's morning was shattered by the desperate screams of Thomas' mother echoing down the near deserted suburban street. The few people milling about outside getting ready for their daily business had said they couldn't make out what the cries were about when they were interviewed. Not initially. Not until Anne, a pretty woman in her early thirties with shoulder length blonde hair, spilled out onto the street wearing nothing more than her dressing gown and slippers anxiously calling out for her five year old son, Thomas, to come out from wherever he was hiding. Eye witnesses reported Anne was closely followed by her husband Bill - a professional, clean-shaven man in his late thirties with dark, short hair - half dressed for work in his suit trousers and unbuttoned white shirt, and that he too looked just as frantic as the mother did. The year was 2003; the year Thomas disappeared from his home without a trace. \* \* \* \* \*

August 3rd. 6:03am. A young, fragile looking hand knocked confidently on the white PVC of the front door to number twenty-two. The hand belonged to a smartly dressed, skinny fourteen year old, fresh-faced boy. Whilst waiting for an answer to his knocking he slid a brown leather satchel off his shoulder down onto the floor as though the weight was too much for him to bear any more. He went to knock again but stopped himself when he heard the sound of footsteps from the other side of the door as the freshly woken homeowner came to answer his initial knocking. There was the slightest of pauses as keys were twisted in locks before the door opened as much as the strong, gold, security chain would permit it to. "Can I help you?" asked the homeowner, a frail looking woman in her late sixties. "Where's my mum?" asked the boy. The year was 2012; the year Thomas came home.

Tokoda's rock 'n roll lifestyle comes to an abrupt halt when he is called back home. He climbs on his Harley and heads back to Spirit Island where Native American legends are known to come to life. Nara is intent on preserving her Ojibwa heritage, and couldn't be happier about her former crush coming back to the Island, and is even happier when the sexy musician finds his way into her bed. The rekindled lovers are thrown back in time, but in opposite directions. Tokoda and Nara must overcome the barbaric Sioux tribe to find one another and look for a way to return to their own time. \$1 from each copy of Mystified sold will go to Mark's Run for A.L.S. (Lou Gehrig's Disease)

Another day another drama as the saga continues. Asia Harrington had no idea of what she was getting into when she got with a married business owner name, Bryce Fowler. But, she soon will learn the hard way like most side chicks do. Bryce didn't exactly get away unscathed and now he's reaping from the poisonous seeds that he has sowed. Shay has been losing so long that she just might win. Annalise is on her India Arie and ready for love, but can Ashley say the same? Sierra thought she would get her happy ending but will it be with the one she first gave her heart too? Watch the drama unfold when what happened last night turns into what's happening now?
