Yahiro never thought she would end up in prison. Let alone on a prison ship where escape was impossible. But none of that mattered anymore because while she was curled up in the corner of her cell, the lights went out. And when they turned back on it was worse. Ending up on a planet--one so different than Earth--greeted by the screams of those who were injured in the crash and the corpses of those who didn't make it, she sets off with the survivors in hopes of finding a way home. What she finds instead are three golden aliens that won't let her out of their sight, a city on the back of a giant beast, and a ghost world that will never let her leave.---Book five in the Valos of Sonhadra series. Warning: this is a reverse harem and intended for mature readers only, expect explicit scenes, and violence

Wife Wanted: Aristocrat Needs an Heir. Fertile Females Only. A clerical error matched Georgia to the wrong alien. It'll take months to get their marriage annulled, so she's stuck in a grand house that's falling down on a backwater planet with a massive brute of an alien who likes books more than people. But the more time she spends with Talen, the more she questions if their marriage was a mistake after all. All Talen has in the universe is his family. When his brother's latest scheme delivers a human female to his door, technically his wife, he refuses to turn her away. She's part of his pride now and he knows that her luscious form and biting wit is vital to his future. He'll win her heart and convince her that nothing about the heat between them is a mistake. Pulled by the Tail has a HEA, no cheating, babies, a flock of cat-peacocks, and plenty of steam. It follows events in Have Tail, Will Travel (with some familiar faces making an appearance) but is a stand alone book.

Garrett Wilder is rich, famous, and totally bad for me. After one night that ended with me wanting to punch him in his face, the self-absorbed rockstar has become a permanent fixture in my life... Whether I like it or not. Now I'm forced to see him every day, and that shield I put up to protect my heart is quickly crumbling to the ground. I've gone from hating him to craving him. And the scariest part is that he feels the same. He wants to know me. He wants to own me. He wants to corrupt me. And if I'm not careful... I just might let him.

How do you mend a broken heartstone? Amber crashed onto an alien planet and survived the dangers of an unknown world. Three literally hot aliens with lava coursing through their veins decide she's their mate. She's endured everything Sonhadra has thrown at her but she might not survive their fiery embrace. Pel and Mishal know that the commanding human female is their mate. They vow to claim her once they repair Flin's fractured heartstone, the material from which can only be found in the frozen north. Barely able to keep their hands off each other, how can Amber and her Fire Valos resist temptation until they can find a way to safely be together? Inferno is a return to the multi-author, multi-book Valos of Sonhadra series and full of steamy Reverse Harem action.

She'll do anything for her son. Even marry an alien. Rosemary left Earth to make a better life for her seven-year-old son. She's got a good job, a nice house, and one minor problem: she needs to marry a Mahdfel warrior if she wants to stay. Better the devil you know... She can take her chances and marry a stranger or she can accept an offer from an unlikely candidate: Mene. She doesn't like him and she thought he didn't like her. He can barely look at her without snarling. But then again, none of the other warriors are any better. He might not be handsome... No female can look Mene in the eye and not flinch. But beneath his scarred face and gruff demeanor is a good man. A man who wants a mate and family. His warrior's heart burns for the curvaceous and vibrant human female, but she's very clear she's not interested in love. He'll show her that his passion is anything but fake. Stand alone, guaranteed HEA, no cheating and no cliffhangers. (I hate those things.)

When an orbital prison is torn through a wormhole and crashes on an unknown planet, it's every woman for herself to escape the wreckage. DEJA thought she could fear nothing more than the daily treatments she received during her imprisonment on the Concord. The horrible experiments which rack her body with unimaginable, searing pain. But she discovers the true meaning of terror as she clings to life pod's harness while plummeting toward the surface of an unknown planet. Struggling to outrun the beasts hunting her, fighting to outrun the light, Deja hastens for the only cover she can find -- between the feet of a giant stone statue. Only statues aren't supposed to move, or wrap you in their arms and carry you off INTO SHADOW... Welcome to Sonhadra. Mads + Odessa = 4EVA Except forever ended when Mads kissed Odessa, bit her and then ghosted her. Twelve years later, he's back and looking to pick up where they left off. Um, no thank you. Odessa has more to think about than her own heart. She's now a single mom and can't afford to get involved with a man with a track record of vanishing. It doesn't matter that he's haunted her dreams for years. Or that when they're together, she feels like she can finally breathe. And it certainly doesn't matter that her traitorous body craves his touch. Besides, Mads hoards secrets like they're made of chocolate. One, he's an alien shifter. Like he turns into a reindeer with antlers and everything. Two, that bite made them bonded mates. And the third secret is the most dangerous of all. How can they have a second-chance at love when the sins of the past threaten to tear them apart? The authors of Starr Huntress were given a challenge: give readers a reindeer shifter in your holiday story. We all agreed to call our shifters "reilendeer" and decided they bring good cheer to the world around them... and then we went crazy! You might notice differences about the world and abilities of the reilendeer from story to story, and that's because each author has put her own spin on the challenge. Now it's time to grab your eggnog, cuddle up by the fire, and enjoy these steamy alien shifters.

She is ice and fire: the bringer of life When the penitentiary ship she's incarcerated in gets sucked into an anomaly, Lydia barely survives the crash onto an alien planet. Only the sadistic experiments performed on her by the prison's scientist allow her to survive this harsh and dangerous world. The future looks grim until she stumbles upon a magnificent city of ice and its most unusual inhabitant. Kai is fascinated by the delicate stranger fallen from the stars with the power to bring his hibernating city back to life. She stirs emotions long forgotten by his frozen heartstone. Can she be the salvation of his people or will the trap set by the Creator bring about their collective doom?

The fate of his people rests in her hands. When the penitentiary ship she's incarcerated in gets sucked into an anomaly, Kira barely survives the crash onto an alien planet. Along with a handful of survivors, she finds refuge in The City in the Caldera alongside its Fire Valos inhabitants. But the sadistic experiments performed on her by the prison's scientist make the heat intolerable for her. When the opportunity to go to the frozen city of E'Lek presents itself, Kira believes she'll finally be at peace. Duke is confused by the strange human female. Like him, she's cold, made for the icy lands of the Northern Valos. Her resemblance with the Creators and questionable friendship with a human hated by his people raises their collective suspicions. Yet, only she could save their lost tribes condemned to an eternal slumber. As his heartstone warms for her, Duke is determined to prove to the rest of the tribe that beneath her frozen exterior hides a compassionate female. His female.

Blocked This is her shot. Brit has the chance to make history by being the first female goalie to play for an NHL team, the San Francisco Gold. So, when she is introduced to Stefan, the Gold's captain, she is determinedly not interested. Stefan is sexy, charming, and has a publicly documented list of conquests a mile long. Brit is unwilling to risk mixing business with pleasure, even when that business is wrapped up in a six-foot-plus, gorgeously muscled package. When management pushes Brit and Stefan together in an effort to gain good press for the beleaguered team, Brit finds that her carefully calculated disinterest doesn't mask her body's desires. The more she falls for Stefan, the more she risks her career. Will she be able to have it all—a starting position and the heart of the captain? Or will she lose everything? Backhand Mike Stewart is a bad boy. Sleeping around. Boozing. Fighting with teammates. Name a bad behavior and he's done it—done it so well, in fact, that he almost tanked his career as a starting defenseman for the NHL's San Francisco Gold. But Mike is done with all that. He's starting with a fresh foot forward and putting his past behind him. That is, until his past quite literally reappears before his eyes. Sara Jetty is just as beautiful as she was a decade before, but Mike hasn't seen her since she scored a gold medal in women's figure skating. Now something has put shadows in her eyes, a familiar type of hurt he is all too well-versed in. This Sara wants nothing to do with him. Their easy friendship is gone and in its place is a hardened woman who's nothing like the girl from his past. Still, Mike hasn't become a top defenseman in the NHL by being afraid of hard work, and he isn't about to let Sara push him away. Come hell or high water, he's going to crack her tough outer shell and find the sweet, innocent woman he's lusted after and loved, in equal measure, for more than ten years. Boarding Muscles. Mandy's work was supposed to be regulated to muscles. Well, muscles and ligaments and tendons . . . and general body health and—Blane was her fantasy—literally her nightly fantasy. He was sexy, strong, talented, and normally she would have thrown herself at his feet and begged for a night—or, cough, more—showing him exactly what that fantasy was. But that would mean she would get fired . . . and worse, so would he. She couldn't have that on her conscience, not when Blane was a gifted player for the San Francisco Gold. Plus, he was a professional athlete and their relationships were doomed to fail. Mandy knew that firsthand and she also knew she couldn't live that life. Always being the one left behind, always way down on the priority list. Hockey was his job and it was all consuming. That was reality and everything was fine—Until Blane got hurt. Until she was spending more time with him. Much more time. Until Blane told her she was his fantasy too. Empty Net: Never Before Released Novella Empty. That was her life—What? No. Shannon had been referring to the other half of the duplex she lived in, the half that her best friend and fabulous baker of a business partner, Molly, had moved out of when she'd reunited with the love of her life. But, if she was being truthful, Shannon's life was a little empty. She had a steady and growing business, even helping Molly expand their joint venture into the Gold Mine, arena for the San Francisco Gold, but she was bored and well . . . a little empty. Until Evan moved into the other half of the duplex and tall, dark, and brooding took over her life with the ease of a fire alarm blaring through the quiet, night air.
