The Book of Revelation is a work of profound theology. But its literary form makes it impenetrable to many modern readers and open to all kinds of misinterpretations. Richard Bauckham explains how the book's imagery conveyed meaning in its original context and how the book's theology is inseparable from its literary structure and composition. Revelation is seen to offer not an esoteric and encoded forecast of historical events but rather a theocentric vision of the coming of God's universal kingdom, contextualised in the late first-century world dominated by Roman power and ideology. It calls on Christians to confront the political idolatries of the time and to participate in God's purpose of gathering all the nations into his kingdom. Once Revelation is properly grounded in its original context it is seen to transcend that context and speak to the contemporary church. This study concludes by highlighting Revelation's continuing relevance for today.

It enables the reader to produce prior drafts of Hebrew and Christian Scriptures, thereby allowing the reader to apply the literary science of genetic criticism to a book in the Bible. How John Wrote the Book of Revelation takes the most difficult book to understand in the Christian Scriptures and reveals the sequence in which it was written, from the very first line to the final parallel. This provides the reader, for the first time, with the experience of observing how a Biblical book was written, and does this from an intimate perspective, as though they were looking over John's shoulders as he crafted it. How John Wrote the Book of Revelation is the first book that teaches the reader how to read Revelation the way it was written. After centuries of blind guess work trying to divine meaning, and weak interpretations of symbols, this book finally presents a clear, precise, and consistent method. It is a guidebook to identify all the rich symbols and their meanings within Revelation. Inside the pages of this book is the all-encompassing theory of construction for the book of Revelation. It includes three prior drafts of the book of Revelation, along with hundreds of charts and illustrations. The Book of Revelation is a disorienting work, full of beasts, heavenly journeys, holy war, the End of the Age, and the New Jerusalem. It is difficult to follow the thread that ties the visions together and to makes sense of the work's message. In *Manuscripts of the Book of Revelation*, Garrick Allen argues that one way to understand the strange history of Revelation and its challenging texts is to go back to its manuscripts. The texts of the Greek manuscripts of Revelation are the foundation for the words that we encounter when we read Revelation in a modern Bible. But the manuscripts also tell us what other ancient, medieval, and early modern people thought about the work they copied and read. The paratexts of Revelation—the many features of the manuscripts that help readers to interpret the text—are one important point of evidence. Incorporating such diverse features like the traditional apparatus that accompanies ancient commentaries to the random marginal notes that identify the true identity of the beast, paratexts are founts of information on how other mostly anonymous people interpreted Revelation's problem texts. Allen argues that manuscripts are not just important for textual critics or antiquarians, but that they are important for scholars and serious students because they are the essential substance of what the New Testament is. This book illustrates ways that the manuscripts illuminate surprising answers to important critical questions. We can learn to 'read' the manuscripts even if we don't know the language.

While the book is as exciting as an action/adventure novel, the author's primary source is the Bible, and he guides his readers to an understanding of the Last Day by using related Scripture. For fans of the *Left Behind* series. Written for a general audience in addition to a Christian one. Includes timelines of every stage leading up to the last days and after.

The Book of Revelation presents the reader with a frightening narrative world in which the people of God are tormented, threatened, and sometimes killed by various agents of Satan. Scholars have traditionally thought that it was written in order to encourage believers to stand fast in the face of the Roman persecution of the early Church. More recently, however, it has been argued that no such crisis existed at the time the book was written. Here Paul Duff offers a different viewpoint on the origin of the Book of Revelation, resulting in a work which substantially advances the implication of the current consensus and sheds new light on this influential yet enigmatic text.

THE INCREDIBLE DISCOVERY THAT THE BOOK OF REVELATION HAS BEEN A MONSTROUS DECEPTION WHICH HAS FOOLED CHRISTIANS FOR ALMOST 2000 YEARS The Apocalypse, also known as the Book of Revelation is the last book of the New Testament. It begins with these words: "The Revelation of Jesus Christ, which God gave unto him, to show unto his servants things which must shortly come to pass; and he sent and signified it by his angel unto his servant John: Who bare record of the word of God, and of the testimony of Jesus Christ, and of all things that he saw." (Revelation. 1:1) Those words are not those of Jesus Christ, contrary to the claims of its author. Transmitted through an unnamed angel, they are part of a monstrous deception that has plagued Christianity ever since they were first penned. Furthermore, contrary to popular belief, the Apocalypse was not written by John the Apostle, the son of Zebedee nor is it. Who then wrote the Apocalypse? He is the same person that John the Elder confronted in the Roman Baths of Ephesus and called "the enemy of the Truth." If as I will show, that the Book of Revelation was written by this person, then clearly, he is an enemy of the Truth, the Apocalypse cannot be included the Christian Canon of the New Testament This book expands upon the scholarly work, "The Apocalypse" written by R.H. Charles in 1920, the famous scholar widely recognised as the greatest authority of his time in matters of Jewish eschatology and apocrypha. Now take heed of a prophecy that Jesus made about a future time after his crucifixion. "Watch out that you are not deceived. For many will come in my name, claiming, 'I am he, ' and, 'The time is near.' Do not follow them." (Luke 21:8) Do not follow anyone who says "the time is near" Jesus says. Do not be deceived he says. Yet this is exactly what the writer of the Apocalypse says. "Do not seal up the words of the prophecy of this scroll, because the time is near." (Revelation 22:10) As a Christian, as long as you adhere to the words of Jesus and the Apostles recorded in the Gospels and the other writings of the New Testament, then the council of John the Elder, the disciple that Jesus loved and the author of the Fourth Gospel, will serve you well. "So He said to the Jews who had believed Him, 'If you continue in My word, you are truly My disciples. Then you will know the truth, and the truth will set you free.'" (John 8:32) May this book set you free, but this it will not do unless you are willing look past your prejudices, seek the truth and read it. You will not regret it if you do.

A trusted theologian analyzes what Jesus said about his return and the last days.

Of all the books of the Bible, few are as fascinating or as bewildering as Revelation. Its images grip the imagination: four grim horsemen, the Antichrist, the ten-horned beast, the ultimate battle at Armageddon, and, of course, 666, the “mark of the beast,” variously interpreted to signify everything from Hitler and Krushchev to credit cards and the Internet. Is the book of Revelation a blueprint for the future that needs decoding if we want to understand current events? Is it a book of powerful imagery, with warnings and promises for the church throughout the ages? Or is it essentially an imaginative depiction of historical events in the first century? Four Views on the Book of Revelation explores the four main views in which Revelation is understood: preterist, idealist, classical dispensationalist futurist, and progressive dispensationalist. The interactive Counterpoints forum allows each author not only to present his view, but also to offer brief commentary on other views presented. This evenhanded approach is ideal for comparing and contrasting stances in order to form a personal conclusion about the interpretation and meaning of Revelation. The Counterpoints series provides a forum for comparison and critique of different views on issues important to Christians. Counterpoints books address two categories: Church Life and Bible and Theology. Complete your library with other books in the Counterpoints series.

"I have told you these things before they happen so that when they do happen, you will believe." John 14:29 One of the glorious things about the Bible is how it provides a foreknowledge of future events. This is especially the case with the birth and life of our Lord and Savior Christ Jesus. He is without question the Messiah that was promised to us and though at his coming He did not set up an earthly kingdom at that time He nevertheless promised that day would arrive. In relation to this He left us with many events to be on the lookout for which would herald this arrival. His apostles Matthew, Mark, Luke and John thankfully passed down to us those words of warning. No words or book fully encompasses everything that we need to know than his own Revelation which He passed to His most beloved apostle and friend St. John on the island of Patmos. Of course, it goes without saying that such a book remained mostly hidden from mankind's understanding, but again a promise was given that the time would arrive when it would be unsealed and explained. What you are therefore holding in your hands could very well be it. Come along with the writer on a journey of discovery that will leave you amazed at a prophecy that not only explains the present but more so our future. More importantly you will learn about the Kingdom of God as foretold by the Lord and Savior Christ Jesus. The promise of the ages may be about to arrive. See for yourself!

This book is a fascinating study in search of the real Jesus. The author concludes that scripture is essentially a collection of prophecies, not a record of past events. Jesus did not say, "Blessed is he who heeds the words of the history of this book," but rather "Blessed is he who heeds the words of the prophecy of this book." Thus, the current tenets of Christianity with regard to the origin and advent of Jesus are based on fundamental misconceptions. The book's argument is that Christ's visitation has not yet occurred in the world of time, since it is a future event, and that his origin will be derived from the Greeks, not the Jews, when he does appear.

The Book of Revelation enters today's world of disingenuous politics - austerity, Brexit and Trump - and attempts to reflect on power, lies and fakery. And also resistance, truth and integrity. It finds solace in uncommercial art of all kinds (especially in music) against "official discourse".
