Tom Lutz is on a mission to visit every country on earth. And the *Monkey Learned Nothing* contains reports from fifty of them, most describing personal encounters in rarely visited spots, anecdotes from way off the beaten path. Traveling without an itinerary and without a goal, Lutz explores the Iranian love of poetry, the occupying Chinese army in Tibet, the amputee beggars in Cambodia, the hill tribes on Vietnam's Chinese border, the sociopathic monkeys of Bali, the dangerous fishermen and conmen of southern India, the salt flats of Uyumi in Peru, and floating hotels in French Guiana, introduces you to an Uzbeki prodigy in the market of Samarkand, an Azeri rental car clerk in Baku, guestworkers in Dubai, a military contractor in Jordan, cucuruchos in Guatemala, a Pentecostal preacher in rural El Salvador, a playboy in Nicaragua, employment agents in Singapore specializing in Tamil workers, prostitutes in Colombia and the Dominican Republic, international bankers in Belarus, a teacher in Havana, border guards in Botswana, tango dancers in Argentina, a cook in Suriname, a juvenile thief in Uruguay, voters in Guyana, doctors in Tanzania and Lesotho, scary poker players in Moscow, reed dancers in Swaziland, young camel herders in Tunisia, Romanian missionaries in Macedonia, and musical groups in Mozambique. With an eye out for both the sublime and the ridiculous, Lutz falls, regularly, into the instant intimacy of the road with random strangers.

A serial killer is scouring Brooklyn, and a team of hipster friends plan to stop him in this darkly humorous tale for fans of Bret Easton Ellis. Williamsburg, Brooklyn, is the center of the hipster universe, and the members of the Whole Sick Crew are its shining stars. The gang includes Wolfgang, a heavy metal musician and high school guidance counselor who supplies coke to his charges; Rad, a doctor obsessed with obscure new wave songs who has a bad habit of cutting himself when he's stressed; Beth Ann, the neighborhood's queen knitter who's slowly going blind and Harrison, a museum curator moonlighting as a writer of highly prized porn. Collectively, they're the arbiters of taste for every vinyl-loving, Gap-spurning, thrift store regular in town. But lately someone has been laying waste to Brooklyn's uber-hipsters, dispatching them in gruesome fashion. The cops are dragging their heels, but the Whole Sick Crew knows that a serial killer dubbed Doctor Jeep is responsible. They have a plan to stop him and it's about to go spectacularly awry. Before the week is over, they'll be up to their skinny-jeaned waists in mayhem, manipulation, contract killers, raw sewage, and murderous monkeys. Something is rotten in the state of Billyburg, and the last hipsters standing will discover just how rotten it really is....

"Thoroughly amusing and utterly demented."—Owen King, *New York Times*—bestselling author of *We're All In This Together* "A wild, poignant, twisted, bitterly fun page turner."—Jason Starr, author of *Cold Caller*

This transnational collection discusses the use of Native American imagery in twentieth and twenty-first-century European culture. With examples ranging from Irish oral myth, through the pop image of Indians promulgated in pornography, to the philosophical appropriations of Ernst Bloch or the European far right, contributors illustrate the legend of "the Indian." Drawing on American Indian literary nationalism, postcolonialism, and transnational theories, essays demonstrate a complex nexus of power relations that seemingly allows European culture to build its own Native images, and ask what effect this has on the current treatment of indigenous peoples.

The Cheaper the Crook, the Gaudier the Patter: Forgotten Hipster Lines, Tough Guy Talk, and Jive Gems explores the rich vocabulary of gangsters, hipsters, jazz musicians, and military personnel of the 1930s and '40s. Entries include definitions, etymology, and examples of usage. This delightful compendium celebrates the linguistic gems cut and polished during the Great Depression, World War I, and the postwar fifties—now forgotten or in danger of being forgotten.

A shirt-pocket guide to Los Angeles, this slim book includes an excellent map of the center of the city and essential information on its highlights, including restaurant recommendations and sightseeing.

Murder Off Mike by Joyce Krieg introduces Shauna J. Bogart, a small and sassy radio talk show host/amateur sleuth. Shauna J. is used to dealing with the controversial, the contentious, the cranky, and the just plain crazed as the host of the afternoon gab fest on the top-rated station in California's state capital. But nothing prepares her for the day a fellow shock jock turns up with a bullet in his head. The cops say it's suicide, but Shauna J. isn't buying it. She launches her own investigation, putting herself at peril. Her investigation, aided and abetted by her loyal callers, leads her to a shattering secret that could derail the campaign of the leading candidate for governor. Meanwhile, behind-the-scenes shenanigans threaten the very existence of the radio station Shauna J. calls home. The action climaxes in a down-to-the-second pursuit through the streets of historic Old Sacramento during the city's world-famous Jazz Jubilee. Armed with only a roll of copper wire, a pirate radio transmitter, and her ingenuity, can Shauna J. get the station back on the air in time to reveal the truth to her listeners?

- Il boscaiolo dei suoi sogni adesso è disponibile a noleggio. - Mr. B è sempre stato uno per cui era facile avere una cotta. È praticamente un dio lumberjack; un boscaiolo con la barba e di bell'aspetto, perfetto per sbavarci sopra. Aggiungeteci il suo carattere amichevole ed estroverso e Mr. B diventa il primo uomo che Jo potrebbe voler baciare. Fortunatamente, Mr. B ha una relazione da anni e Jo non è un rovinafamiglie. Quando però Mr. B rompe con il suo compagno e all'improvviso diventa single e disponibile, e pianifica di comportarsi in maniera sessualmente avventurosa, Jo non è più sicuro di avere il coraggio di fare coming out come bisessuale. Dopo una butta rottura, Mr. B vuole dimostrare al suo ex di essere indipendente, eccitante, e di stare anche benissimo per conto suo. Il suo migliore amico, Jo, arriva alla riscossa e insieme inventano una magnifica idea per gli affari. Manca solo una cosa per dare inizio alla loro linea di confetture artigianali alcoliche: i soldi per l'investimento iniziale. Dopo una sessione di brainstorming da ubriachi, Mr. B trova un modo per raccogliere i soldi e nello stesso tempo mostrare il dito medio al suo ex. Metterà in piedi una specie di bordello hipster - Esperienza Lumbersessuale - che offra lezioni su come si spacca la legna, si fuma una pipa, e un grande letto in legno riciclato, sul quale succedono magie sessuali. Sarà per forza un successo... se solo Mr. B riuscisse ad avviare la cosa, dato che i segnali confusi da parte di Jo gli stanno facendo venire il dubbio che il suo migliore amico non sia etero come era sempre sembrato. POSSIBILI SPOILER: Temi: Hipsters, sex workers, da amici ad amanti, bisessualità, problemi post-rottura, coming out, prima volta, stili di vita alternativi, orso lumbersessuale, impegno reciproco Genere: romance M/M contemporaneo Lunghezza: ~50,000 parole (romanzo autoconclusivo)

The new southern studies has had an uneasy relationship with both American studies and the old southern studies. In *Finding Purple America*, Jon Smith, one of the founders of the new movement, locates the source of that unease in the fundamentally antimodern fantasies of both older fields. The old southern studies tends to view modernity as a threat to a mystic southern essence--a dangerous outside force

taking the form of everything from a "bulldozer revolution" to a "national project of forgetting." Since the rise of the New Americanists, American studies has also imagined itself to be in a permanent crisis mode, seeking to affiliate the field and the national essence with youth countercultures that sixties leftists once imagined to be "the future." Such fantasies, Smith argues, have resulted in an old southern studies that cannot understand places like Birmingham or Atlanta (or cities at all) and an American studies that cannot understand red states. Most Americans live in neither a comforting, premodern Mayberry nor an exciting, postmodern Los Angeles but rather in what postcolonialists call "alternative modernities" and "hybrid cultures" whose relationships to past and future, to stability and change, are complex and ambivalent. Looking at how "the South" has played in global metropolitan pop culture since the nineties and at how southern popular and high culture alike have, in fact, repeatedly embraced urban modernity, Smith masterfully weaves together postcolonial theory, cultural studies, Lacanian psychoanalysis, and, surprisingly, marketing theory to open up the inconveniently in-between purple spaces and places that Americanist and southernist fantasies about "who we are" have so long sought to foreclose.

Joining the ranks of the classics *Please Kill Me*, *Our Band Could Be Your Life*, and *Can't Stop Won't Stop*, an intriguing oral history of the post-9/11 decline of the old-guard music industry and rebirth of the New York rock scene, led by a group of iconoclastic rock bands. In the second half of the twentieth-century New York was the source of new sounds, including the Greenwich Village folk scene, punk and new wave, and hip-hop. But as the end of the millennium neared, cutting-edge bands began emerging from Seattle, Austin, and London, pushing New York further from the epicenter. The behemoth music industry, too, found itself in free fall, under siege from technology. Then 9/11/2001 plunged the country into a state of uncertainty and war—and a dozen New York City bands that had been honing their sound and style in relative obscurity suddenly became symbols of glamour for a young, web-savvy, forward-looking generation in need of an anthem. *Meet Me in the Bathroom* charts the transformation of the New York music scene in the first decade of the 2000s, the bands behind it—including The Strokes, The Yeah Yeah Yeahs, LCD Soundsystem, Interpol, and Vampire Weekend—and the cultural forces that shaped it, from the Internet to a booming real estate market that forced artists out of the Lower East Side to Williamsburg. Drawing on 200 original interviews with James Murphy, Julian Casablancas, Karen O, Ezra Koenig, and many others musicians, artists, journalists, bloggers, photographers, managers, music executives, groupies, models, movie stars, and DJs who lived through this explosive time, journalist Lizzy Goodman offers a fascinating portrait of a time and a place that gave birth to a new era in modern rock-and-roll.

"This experimental memoir" tells the story of a woman "whose experiences as an American immigrant . . . encompass issues of identity and belonging" (Chicago Tribune). This is the tale of Melena, five times married, mother of three, burlesque dancer, and "the toughest, hardest-assed woman to ever eat wood and bite nails." Located in history and memory, her life cracks open questions of identity at the heart of an American immigrant woman's experience and becomes an argument that no existence is ever truly marginal. "Melena strikes a playful and sharp figure in her leopard print costume. Sikelianos never lets go of the fantasy of the image, but she also explores her grandmother's underlying grit. Fans of her previous work will be sure to enjoy Sikelianos's atypical memoir." —Publishers Weekly "A wonderfully strange and inventive book by a professor and poet who combines various forms into an unclassifiable whole . . . The writing pulsates with such life force, reckless and a little giddy, as the author surveys her family's female history, the immigration of Greeks to America . . . This is writing and reading as

adventure, where every page can bring a different sort of revelation.” —Kirkus Reviews (starred review) “Sikelianos’ portrait includes poems, unusual typography, & photographs that would not look out of place in a W.G. Sebald novel.” —Booklist

The Indignant Generation is the first narrative history of the neglected but essential period of African American literature between the Harlem Renaissance and the civil rights era. The years between these two indispensable epochs saw the communal rise of Richard Wright, Gwendolyn Brooks, Ralph Ellison, Lorraine Hansberry, James Baldwin, and many other influential black writers. While these individuals have been duly celebrated, little attention has been paid to the political and artistic milieu in which they produced their greatest works. With this commanding study, Lawrence Jackson recalls the lost history of a crucial era. Looking at the tumultuous decades surrounding World War II, Jackson restores the "indignant" quality to a generation of African American writers shaped by Jim Crow segregation, the Great Depression, the growth of American communism, and an international wave of decolonization. He also reveals how artistic collectives in New York, Chicago, and Washington fostered a sense of destiny and belonging among diverse and disenfranchised peoples. As Jackson shows through contemporary documents, the years that brought us *Their Eyes Were Watching God*, *Native Son*, and *Invisible Man* also saw the rise of African American literary criticism--by both black and white critics. Fully exploring the cadre of key African American writers who triumphed in spite of segregation,

The Indignant Generation paints a vivid portrait of American intellectual and artistic life in the mid-twentieth century.
