“The wonderful cathedral of Notre-Dame de Paris, one of the greatest achievements of European civilization, was on fire.

The sight dazed and disturbed us profoundly. I was on the edge of tears. Something priceless was dying in front of our eyes. The feeling was bewildering, as if the earth was shaking.” —Ken Follett “[A] treasure of a book.” —The New Yorker In this short, spellbinding book, international bestselling author Ken Follett describes the emotions that gripped him when he learned about the fire that threatened to destroy one of the greatest cathedrals in the world—the Notre-Dame de Paris. Follett then tells the story of the cathedral, from its construction to the role it has played across time and history, and he reveals the influence that the Notre-Dame had upon cathedrals around the world and on the writing of one of Follett's most famous and beloved novels, *The Pillars of the Earth*. Ken Follett will donate his proceeds from this book to the charity La Fondation du Patrimoine.

SOON TO BE A MAJOR TELEVISION EVENT FROM NBC, STARRING RUSSELL HORNSBY, ARIELLE KEBBEL, AND MICHAEL IMPERIOLI. From New York Times bestselling author Jeffery Deaver—Lincoln Rhyme is back, and on the trail of a killer whose weapon of choice cripples New York City with fear. The weapon is invisible and omnipresent. Without it, modern society grinds to a halt. It is electricity. The killer harnesses and steers huge arc flashes with voltage so high and heat so searing that steel melts and his victims are set afire. When the first explosion occurs in broad daylight, reducing a city bus to a pile of molten metal, officials fear terrorism. Rhyme, a world-class forensic criminologist known for his successful apprehension of the most devious criminals, is immediately tapped for the investigation. Long a quadriplegic, he assembles NYPD detective Amelia Sachs and officer Ron Pulaski as his eyes, ears and legs on crime sites, and FBI agent Fred Dellray as his undercover man on the street. As the attacks continue across the city at a sickening pace, and terrifying demand letters begin appearing, the team works desperately against time and with maddeningly little forensic evidence to try to find the killer. Or is it killers...? Meanwhile, Rhyme is consulting on another high-profile investigation in Mexico with a most coveted quarry in his crosshairs: the hired killer known as the Watchmaker, one of the few criminals to have eluded Rhyme's net. Juggling two massive investigations against a cruel ticking clock takes a toll on Rhyme's health. Soon Rhyme is fighting on yet another front—and his determination to work despite his physical limitations threatens to drive away his closest allies when he needs them most...

The path to success is rarely easy or direct, and good mentors are hard to find. In *Getting There*, thirty leaders in diverse fields share their secrets to navigating the rocky road to the top. In an honest, direct, and engaging way, these role models describe the obstacles they faced, the setbacks they endured, and the vital lessons they learned. They dispense not only essential and practical career advice, but also priceless wisdom applicable to life in general. *Getting There* is for everyone—from students contemplating their futures to the vast majority of us facing challenges or seeking to reach our potential.

You can be the smartest person in the room and even the most experienced, but if you're not a good person, there's little chance you'll succeed as a manager. That's one of the big takeaways from *The Good Manager*, which is based on Dean Gualco's decades of experience as a leader and manager. To be a good person, he says, you must live a decent and honorable life, be kindhearted, control destructive human emotions, tell the truth, do what's right, and always look for the good. In this guidebook to honing your leadership and management skills, you'll learn how to understand how the view of managers has evolved over time; appreciate the most rewarding aspects of management; cultivate the ability to plan, delegate, and manage time; and make work fun for yourself and others. Being a good person as well as learning the necessary skills to excel as a manager are rarely taught at conferences or lectures or on the job. But if you want to move along the intellectual/moral spectrum from self-interest to human interest, negativity to positivity, darkness to enlightenment, and hate to friendship, then you need to learn the lessons in *The Good Manager*.

A sophisticated psychological novel from one of Europe's most exciting writers. "Are you an unhappy man?" That's what the journalist said to me. It was her last question.' Gianni Orzan has no reason to feel unhappy. He has just been awarded a prize for his children's writing and a cheque for fifteen million lire. He is blissfully married to Anna and is a doting father to an eight-year-old son, Franceschino. He loves film and is an avid chess player. He is a man in complete control of his life. But when Gianni leaves the award ceremony, a chain of events are set in motion that will shatter this perfect life. In an uncharacteristically rash moment he accepts a ride from an unlicensed cab driver. As soon as the car pulls off he feels unnerved. At the first set of lights the driver turns, smiles at Gianni, a pistol butt poking from his belt, and says - 'So, Franceschino has finally learned to ride his bicycle...'. Gianni bolts from the cab. But it's too late; in this briefest of moments the serenity of Gianni Orzan's life has been destroyed. Later, after he has sent his wife and son to stay with family, the same cab driver appears at his door and introduces himself as Gianni's

father's oldest friend. He certainly talks accurately about Gianni's father, who died less than a fortnight ago. In fact, he seems to know much more about Gianni's respectable, pious father than Gianni ever did, or perhaps ever wants to. Reminiscent of Ian McEwan's 'Enduring Love', 'The Force of the Past' is a breathtakingly clever and entirely gripping story of how a calm, ordinary life can rapidly unravel.

The series with more than two million books sold continues to explode in *Unleash Me: Wedding!* Make sure that you've at least read the *Unleash Me* series before reading this book. Two-and-a-half years—and several books later—since security expert Tank McCollister first proposed to best-selling author Lisa Ward (see reading order below)—they've finally set a date. They're getting married! If only it were that easy. After a series of mishaps, Lisa finds herself in Prairie Home, Nebraska, on Tank's parents' cow-and-chicken farm. With the wedding days away, conflict simmers between Lisa and Tank's holy-rolling mother, Ethel McCollister, who's no fan of Lisa—or her books about the undead. Ethel's certain that Lisa's books are sacrilegious. She's worried that Lisa might be demon-possessed. Determined to save her only son from the clutches of the woman of her nightmares, Ethel rises up—and sets out to derail the wedding. Will love win out in the end? If it does, it won't be without one brutal war between Lisa and her potential monster-in-law when events turn vicious—and unexpectedly hilarious—between them. With Jennifer, Blackwell, Alex, Epifania and other fan favorites at Lisa's side, "Unleash Me: Wedding" concludes Lisa and Tank's story. Note: While this book can easily be read as an extension of the *Unleash Me* series, it will have more impact if you read the entire series. "Every ninety years, twelve gods return as young people. They are loved. They are hated. In two years, they are all dead. It's happening now. It's happening again."--Back cover.

The heartbreaking story of college athlete Madison Holleran, whose life and death by suicide reveal the struggle of young people suffering from mental illness today in this #1 New York Times Sports and Fitness bestseller \*Instant New York Times Bestseller\* #1 New York Times Monthly Sports and Fitness bestseller If you scrolled through the Instagram feed of 19-year-old Maddy Holleran, you would see a perfect life: a freshman at an Ivy League school, recruited for the track team, who was also beautiful, popular, and fiercely intelligent. This was a girl who succeeded at everything she tried, and who was only getting started. But when Maddy began her long-awaited college career, her parents noticed something changed. Previously indefatigable Maddy became withdrawn, and her thoughts centered on how she could change her life. In spite of thousands of hours of practice and study, she contemplated transferring from the school that had once been her dream. When Maddy's dad, Jim, dropped her off for the first day of spring semester, she held him a second longer than usual. That would be the last time Jim would see his daughter. **WHAT MADE MADDY RUN** began as a piece that Kate Fagan, a columnist for *espnW*, wrote about Maddy's life. What started as a profile of a successful young athlete whose life ended in suicide became so much larger when Fagan started to hear from other college athletes also struggling with mental illness. This is the story of Maddy Holleran's life, and her struggle with depression, which also

reveals the mounting pressures young people, and college athletes in particular, face to be perfect, especially in an age of relentless connectivity and social media saturation.

Il tema centrale di questo volume è certamente provocante: intende rendere ragione del fatto che nell'incontro con Cristo accade una umanità diversa, una umanità finalmente vera. Il libro - che raccoglie diciotto conversazioni svoltesi tra l'agosto del 1991 e il maggio 1996 - si articola in quattro capitoli: Sottomessi all'esperienza, dove si afferma la necessità - per accostare tutto e, quindi, anche l'avvenimento cristiano - di partire dalla propria esperienza di uomo; Attraverso le creature, in cui l'Autore ci fa vedere come tutto ciò che esiste è positivo e come nel cristianesimo nulla di ciò che c'è viene censurato (afferma Giussani: "noi non vogliamo Cristo solo, vogliamo anche gli alberi, la donna, tutte le creature!"); Il centuplo quaggiù, in cui si dà ragione alla frase evangelica secondo la quale chi abbandona un fratello o una sorella per Cristo riceverà cento volte tanto fin da questa vita; La gloria umana di Cristo, in cui si afferma che è l'intensità del vivere dei cristiani - fin dentro la scena sociale e politica - lo strumento attraverso il quale gli uomini riconoscono che Cristo è presente ed è Signore di tutte le cose.

Florida, the land of enchantment and tourist mecca to millions, has also been the breeding ground for some of the most savage criminals in the nation, from Aileen Wournos to Andrew Cunanan to Ted Bundy. This book gives the inside stories on these and 11 other famous cases including the Vampire Rapist, the Gainesville Ripper, and Callie Anthony. More than a true crime book, *Sun Struck*, written by two native Floridians, also probes how and why this idyllic environment has inspired so much brutality.

You have a choice. There is a path out of pain, anxiety, burnout, and the feeling of complete overwhelm. This book is your invitation to choose that path. “Patel shares how to tap into subtle energy shifts through simple yet powerful practices that you can do on yourself.”—Goop When Kelsey Patel was struck by searing back pain in her twenties while working on Capitol Hill, she had no idea that repressed emotions could manifest as debilitating anxiety and physical pain. What healed her was empowering herself to choose how she lived her life. In *Burning Bright*, her first book, Kelsey shares the self-care techniques that helped get her body, health, and emotions back into alignment: Reiki, emotional freedom technique, meditation, yoga, and more. Now a spiritual coach, Reiki master, and wellness expert, Kelsey has helped thousands struggling with burnout and anxiety. This book is filled with stories, hard-won wisdom, profound empathy, and the secrets to reexamining thoughts and breaking negative patterns. You will learn how to:

In a series of poignant letters, Olga, an elderly Italian woman, writes to her teenaged granddaughter in America, trying to encourage her independence and self-fulfillment as she relates the painful lessons of her own life and that of her

daughter. Reprint.

It could have been a common street accident that put Dr. Georg Amberg in the hospital, but for the five weeks his doctors say he has been in a coma, recovering from a brain hemorrhage after being run down by a car, he has memories of a more disturbing nature. What of the violent events in the rural village of Morwede? The old woman threatening the priest with a breadknife, angry peasants with flails and cudgels, Baron von Malchin with a pistol defending his dreams for the Holy Roman Empire—how could Dr. Amberg ignore these? And what of the secret experiment to make a mind-altering drug from a white mildew occurring on wheat—a mildew called Saint Peter's Snow. In this feverish tale of a man caught in the balance between two realities, Leo Pertuz offers a mystery of identity and a fable of faith and political fervor, banned by the Nazis when it was first published in 1933. Saint Peter's Snow is typical of Perutz's storytelling mastery: extraordinarily rich and elegant fiction that is taut with suspense, full of Old World irony and humor. Skyhorse Publishing, as well as our Arcade, Yucca, and Good Books imprints, are proud to publish a broad range of books for readers interested in fiction—novels, novellas, political and medical thrillers, comedy, satire, historical fiction, romance, erotic and love stories, mystery, classic literature, folklore and mythology, literary classics including Shakespeare, Dumas, Wilde, Cather, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Business startup advice from the former president of the Ewing Marion Kaufmann Foundation and cofounder of Global Entrepreneurship Week and StartUp America, this “thoughtful study of ‘how businesses really start, grow, and prosper’...dispels quite a few business myths along the way” (Publishers Weekly). Carl Schramm, the man described by The Economist as “The Evangelist of Entrepreneurship,” has written a myth-busting guide packed with tools and techniques to help you get your big idea off the ground. Schramm believes that entrepreneurship has been misrepresented by the media, business books, university programs, and MBA courses. For example, despite the emphasis on the business plan in most business schools, some of the most successful companies in history—Apple, Microsoft, Google, Facebook, and hundreds of others—achieved success before they ever had a business plan. Burn the Business Plan punctures the myth of the cool, tech-savvy twenty-something entrepreneur with nothing to lose and venture capital to burn. In fact most people who start businesses are juggling careers and mortgages just like you. The average entrepreneur is actually thirty-nine years old, and the success rate of entrepreneurs over forty is five times higher than that of those under age thirty. Entrepreneurs who come out of the corporate world often have discovered a need for a product or service and have valuable contacts to help them get started. Filled with stories of successful

entrepreneurs who drew on real-life experience rather than academic coursework, *Burn the Business Plan* is the guide to starting and running a business that will actually work for the rest of us.

RECENTLY OPTIONED BY HOLLYWOOD TO BE A MAJOR MOTION PICTURE! The series with more than two million books sold! DESCRIPTION: The business of love is dangerous. For Jennifer Kent, a recent MBA graduate who has been searching for work in Manhattan for four long months, time and money are running out. If she doesn't find work soon, she'll need to return to her native Maine, where the job situation is even more bleak. And where her abusive parents lie in wait. But when an unorthodox arrangement is proposed, Jennifer decides to take it. She agrees to be the "girlfriend" of Alexander Wenn, the reluctant, billionaire CEO of Wenn Enterprises, who is so devastatingly good looking, he needs a beautiful woman like Jennifer on his arm to "keep the wolves at bay." In this case, the wolves are other women, all of whom vie for his attention so aggressively, they keep him from focusing on business at the exclusive events he must attend. It's there that deals are cut. What they want is his money and his power. Damaged by a past event, the only thing Alex wants to do is focus on work. And to forget the past. But can Jennifer deny their white-hot chemistry? As she's swept into this glittering otherworld of society and big business, she finds herself struggling to keep from falling for Alex, an almost impossible feat she nevertheless must meet. Armed with her MBA, Jennifer Kent is a strong woman who knows about business. But what she doesn't know is what could destroy her--the business of protecting her own heart. And maybe her own life.

Chosen by Paul Auster out of the four thousand stories submitted to his radio programme on National Public Radio, these 180 stories provide a wonderful portrait of America in the twentieth century. The requirement for selection was that each of the stories should be true, and each of the writers should not have been previously published. The collection that has emerged provides a richly varied and authentic voice for the American people, whose lives, loves, griefs, regrets, joys and sense of humour are vividly and honestly recounted throughout, and adeptly organised by Auster into themed sections. The section composed of war stories stretches as far back as the Civil War, still the defining moment in American history; while the sequence of 'Meditations' conclude the volume with a true and abiding sense of transcendence. The resultant anthology is both an enduring hymn to the strange everyday of contemporary American life and a masterclass in the art of storytelling.

A BBC TWO BETWEEN THE COVERS BOOK CLUB PICK Question: What's worse than being in a wheelchair?

Answer: Being a fuck-up in a wheelchair. After a car accident Jarred discovers he'll never walk again. Confined to a 'giant roller-skate', he finds himself with neither money nor job. Worse still, he's forced to live back home with the father he hasn't spoken to in ten years. Add in a shoplifting habit, an addiction to painkillers and the fact that total strangers

now treat him like he's an idiot, it's a recipe for self-destruction. How can he stop himself careering out of control? As he tries to piece his life together again, he looks back over his past – the tragedy that blasted his family apart, why he ran away, the damage he's caused himself and others – and starts to wonder whether, maybe, things don't always have to stay broken after all. The Coward is about hurt and forgiveness. It's about how the world treats disabled people. And it's about how we write and rewrite the stories we tell ourselves about our lives – and try to find a happy ending.
