The Business Communication field is at a crossroads as communication technologies are reshaping how people communicate in the workplace. "Business Communication: Developing Leaders for a Networked World," by Peter Cardon, puts students at the center of business communication through the author's unique focus on credibility woven throughout the textbook chapters, forward looking vision built on traditional concepts, and practitioner and case-based approach. Students are more likely to read and reflect on the text, and are better positioned to understand the essentials of efficient and effective business communication, thereby transforming them into leaders for a networked world.

Completely up to date with the latest research and developments from the field, best-selling COMMUNICATING FOR RESULTS: A GUIDE FOR BUSINESS AND THE PROFESSIONS, 11th Edition, explains the basic concepts and techniques needed to successfully communicate in today's business world. Professors Hamilton and Kroll provide succinct yet thorough coverage of every aspect of the communication process -- organizational communication, obstacles to effective organizational communication, conflict resolution, how technology affects

communication, group and team communication, effective business presentations, improved use of social media, and more. Polishing Your Career Skills features provide diagnostic tools to help readers pinpoint and sharpen their own weaknesses, while real-world cases illustrate how chapter concepts apply to real life. With COMMUNICATING FOR RESULTS, students gain a competitive edge in interviews, presentations, future leadership roles, and more. In spite of the day-to-day relevance of business communication, it remains underrepresented in standard handbooks and textbooks on applied linguistics. The present volume introduces readers to a wide variety of linguistic studies of business communication, ranging from traditional LSP approaches to contemporary discourse-based work, and from the micro-level of lexical choice to macro-level questions of language policy and culture.

The international bestseller--more than 500,000 copies sold! With their 1994 international bestseller, Dealing with People You Can't Stand, Drs. Rick Brinkman and Rick Kirschner armed a civility-starved world with no-nonsense strategies for dealing with difficult people with tact and skill. Since then, cell phones, the Internet, voice mail, and other technological wonders designed to bring people closer together have only made it that much harder to avoid "people you can't stand;" even worse, they've also created exciting new ways for annoying people to realize their talent for being pains in the butt. Updated and revised for the digital age, this new edition of Brinkman and Kirschner's bestselling guide shows readers how to successfully combat the whiners, grenades, tanks, snipers, close-talkers, pedants, and other rude, crude, and inconsiderate people who can ruin your day at work, in stores, on the street, in restaurants, at the movies, in waiting rooms, by fax, phone, and E-mail, and in cyberspace.

Designed to help students review content, apply knowledge, and develop critical-thinking skills. A wide variety of activities are provided for various learning styles. This supplement is a consumable resource, designed with perforated pages so that a given chapter can be removed and turned in for grading or checking.

Lesikar and Flatley's, Basic Business Communication (BBC): Skills for Empowering the Internet Generation, has long been known as a solid

introductory business communication book that gets to the writing skills sooner than most other texts and gives students true 'how-to' skills in all areas of business communication. It has solid examples, and is both consumer-and service-oriented. Its strength has also been its use of margin notes, cartoons and photos that relate to the concepts and use of cases. Recent editions have established BBC as truly cutting edge; it was the first text in the market with PowerPoint as part of its package, the first to have an online chapter, and with the 9th Edition is now the first to offer writing tips and templates for PDAs (personal digital assistants).

Written for the introductory communication course, this book discusses communication principles, interpersonal communication and public speaking in an engaging and accessible manner. The authors' approach encourages students to use their understanding of communication as a means to explore how social diversity, a sense of ethics, technology and critical thinking skills influence the nature of communication experiences.

Effective communication in business and commercial organizations is critical, as organizations have to become more competitive and effective to sustain commercial success. This thoroughly revamped new edition distills the principles of effective communication and applies them to organizations operating in the digital world. Techniques and processes detailed in the book include planning and preparing written communication, effective structures in documents, diverse writing styles, managing face-to-face interactions, using visual aids, delivering presentations, and organising effective meetings. In every case the authors consider the potential of new technology to improve and support communication. With helpful pedagogical features designed to aid international students, this new edition of a popular text will continue to aid business and management students for years to come. Additional content can now be found on the author's website - www.rethinkbuscomm.net

Addressing communication on a global scale, this text introduces a comprehensive system by which business can be conducted across cultures. The text's premise is that by following a framework for asking the right questions, students can develop the skills needed to communicate in international business. Using a system known as the LESCANT model, the book encourages the assessment of needs in any international business interaction by isolating and evaluating those aspects of culture most likely to affect communication.

KEY BENEFIT: With its real-life examples and cases, and its lively, conversational writing style, Bovee/Thill/Mescon brings concepts to life and prepares students for obtaining and pursuing satisfying business careers. KEY TOPICS: Bovee/Thill/Mescon weaves a four-part pedagogical tool through out each chapter. It starts with Orient, which outlines what is going to be covered in the chapter and then connects these topics with a “role-model” business professional. Next is Explore, which looks at the skills that their “role-model” used in order to be successful. Third is Confirm, which revisits what they have learned in the chapter. And, finally, Apply allows students to use the skills they have learned in the chapter. MARKET: For introductory level business students.
