"In this beautifully written work, searing and unflinchingly honest, Bonnie makes a remarkable transition from actress to author with ease and flair. This shockingly naked account recounts how her depression almost robbed her of her shine and how she continues to fight this darkness. After Bonnie unsuccessfully tried to pursue her acting career in Hollywood, she was diagnosed with clinical depression. At last her darkness had a name, and there was a way to overcome it. With the failed Hollywood adventure as her lowest point, Bonnie begins the painful climb back to a life of health and mental stability. This memoir will have you cheering, crying, and falling in love all at the same time"--Provided by publisher.

Five bank robberies. Fifteen years in jail. That was the sentence handed down to Allan Heyl in 1977. He was 26 years old and couldn't face that many years behind bars. And then he got lucky. Into the prison walked André Stander, ex-cop and bank robber - an outlaw through and through. 'We're going to get out of here,' said Stander. 'We're going to rob banks.' And that is exactly what they did. In this fast-paced, no-holds-barred, no-punches-pulled memoir, Heyl exposes the hell of prison life, revels in the sheer gung-ho audacity of robbing banks, and reveals an inept and incompetent police force. As a member of the notorious 'Standar Gang', which both appalled and enthralled South Africans in the late '70s and early '80s, Allan became a career criminal. But this choice of lifestyle had its consequences ... With humour, insight and self-revelation, the last surviving member of the so-called Standar Gang turns a critical eye on himself and the times in which he operated. This book takes you into the heart of a bank robber.

In the 1980s, Erika Bornman's family join, and ultimately move, to KwaSizabantu, a Christian mission based in KwaZulu-Natal, which is touted as a nirvana, founded on egalitarian values. But something sinister lurks beneath 'the place where people are helped'. Life at KwaSizabantu is hard. Christianity is used to justify harsh punishments and congregants are forced to repent for their sins. Threats of physical violence ensure adherence to stringent rules. Parents are pitted against children. Friendships are discouraged. Isolated and alone, Erika lives in constant fear of eternal damnation. At 16, her grooming at the hands of a senior mission counsellor begins. For the next five years, KwaSizabantu wages emotional, psychological and sexual warfare on her, until, finally, she manages to break free and escape at the age of 21. Escaping a restrictive religious community is difficult, but rehabilitation into 'normal' life after a decade of ritual humiliation, brainwashing and abuse is much more painful, as Erika soon discovers. She cannot ignore her knowledge of the grievous human-rights abuses being committed at KwaSizabantu, and so she embarks on a quest to expose the atrocities. Mission of Malice – My Exodus from KwaSizabantu chronicles Erika's journey from a fearful young girl to a fierce activist determined to do whatever it takes to save future generations and find personal redemption and self-acceptance.

When she was last spotted on the crossroads of Swart and Gevaar Roads, Coconut Kelz was drinking Woolies water and spreading her truth bombs about the state of the nation, why corruption is okay when white people do it and why black people don't win in life Coconut Kelz (Kelello, but call me Kelz!) is a young Caucasian woman trapped in a black woman's body. Kelz lives in and tries never to leave Sandton and is a staunch member of the DA. She often takes issue with her reverse racist dad, while her mother has to remind her that Braai Day is actually called Heritage Day. With handy tips on how to achieve the white right standard of beauty, how to catch yourself a white guy (elongate your vowels, get yourself into white spaces), the best suburbs to live in and how to host the perfect Caucasian shindig, Kelz offers a complete guide for a full Caucasian conversion. She also shares her thoughts on the differences between race groups, the top three political parties, public transport, how to avoid contact with sgebengas and why one should never stray beyond the Line of Caucasus. Coconut Kelz's adoration of all things white has riled up many unsuspecting viewers. Of course the real butt of the joke is the white South Africans whose prejudice and dishonesties are laid bare by this character.

Tebogo Thekiso, better known as ProVerb, first caught South Africa's attention in 2005 with the release of his now classic debut hip-hop album, The Book of ProVerb. As a teenager he sought music wherever he could find it, and recorded his first demo at age 15, using his mom's hi-fi. From there, he hustled his way into a multifaceted, award-winning media career in music, radio and TV, crafting a reputation on platforms such as Channel O, Jam Alley and YFM. For over a decade he has been a regular on TV screens as the host of Idols South Africa. In this memoir, Tebogo pays tribute to the people who've helped make him the person he is, especially his parents, his grandmother and his siblings. He shares the lessons he's learnt through the different phases of his life with an infectious positivity, but also gets frank about the dark times he's endured, including his painfully public divorce and attempted suicide. The Book of ProVerb is a memoir, a hustle manifesto, and a wholesome guide to life from one of South Africa's brightest stars.

Brutally dragged 780 metres beneath a taxi, a young woman's inspiring story of survival, courage, and the will to live. 13 September 2011. The story would shock thousands and be remembered by many for years to come. It would be plastered all over the papers and continue to attract interest well after the shock factor of what happened had passed. Reports and articles would be written, and "facts", as given to reporters by some of those involved and willing to be interviewed, would be recounted and repeated in all forms of public media over the months and even years that followed. And although these versions would generate widespread outrage, none was entirely accurate. The stories were about me. I was there. I am Kim McCusker, "the girl who was dragged by a taxi". This, as I experienced it, is the true version of events.

"South Africa possesses one of the richest popular music traditions in the world - from marabi to mbaqanga, from boeremusiek to bubblegum, from kwela to kwaito. Yet the risk that future generations of South Africans will not know their musical roots is very real. Of all the recordings made here since the 1930s, thousands have been lost for ever, for the powers-that-be never deemed them worthy of preservation. If one peruses the books that exist on South African popular music, one still finds that their authors have on occasion jumped to conclusions that were not as foregone as they had assumed. Yet the fault lies not with them, rather in the fact that there has been precious little documentation in South Africa of who played what, or who recorded what, with whom, and when. This is true of all music-making in this country, though it is most striking in the music of the black communities. Beyond memory: recording the history, moments and memories of South African music is an invaluable publication because it offers a first-hand account of the South African music scene of the past decades from the pen of Max Thamagana Mojapelo, who was situated in the very thick of things, thanks to his job as a DJ at the South African Broadcasting Corporation. This book -astonishing for the breadth of its coverage - is based on his diaries, on interviews he conducted and on numerous other sources, and we find in it not only the well-known names of recent South African music but a countless host of others whose contribution must be recorded if we and future generations are to gain an accurate picture of South African music history of the late 20th and early 21st centuries"--Publisher's description.

In this book, the promovendus investigates the critical role a preacher and his/her homilies have in bringing transformation, development and healing in the human society. The investigation shows how a preacher has been sidelined on issues of progress, when from time immemorial he/she has been a critical and pivotal component in the phenomenon. The study is an attempt to reclaim a preacher's role in bringing progress and healing in underdeveloped communities through homilies, particularly, in Venda, rural South Africa. This book proposes a preacher as the transformer, developer and healer of the people.

Despite being only 33 years old, Zoleka Mandela has endured enough to fill several lifetimes. While she may be a member of South Africa's own royal family, Zoleka has not led a sheltered life. She has traveled down paths which most would not dare; from the horror of losing two children within two years, to the shadowy journey through cocaine addiction and rehab, and being diagnosed with cancer. Though she was robbed of her children, stripped of her sobriety, and subject to a disease that necessitated a double mastectomy, Zoleka Mandela is not a victim. She is a survivor, and her story serves as testimony to the strength of the human spirit in fighting against life's challenges. Zoleka is a living example of success in spite of overwhelming challenges. She is now clean and cancer-free; she had her last session of chemotherapy in April 2013, and has been sober for 36 months. Through her story, it is impossible not to have faith in the good things in life, and possible to believe that anything is achievable.
