

Cahiers De Josephologie Volume XVII No 2 Juillet Decembre 1969

My Journal of the Council offers a riveting first-hand assessment of the dynamics, disputes, and decisions of the Council. At the same time, this volume provides a rare glimpse into the personal and spiritual cost of Congar's love of truth and his commitment to hand on the Church's authentic Tradition as a living heritage of faith. *The Making Of Christian Communities in Late Antiquity and the Middle Ages* Anthem Press

Authoritative introduction to the Samaritan tradition from antiquity to the present Most people associate the term "Samaritan" exclusively with the New Testament stories about the Good Samaritan and the Samaritan woman at Jacob's well. Very few are aware that a small community of about 750 Samaritans still lives today in Palestine and Israel; they view themselves as the true Israelites, having resided in their birthplace for thousands of years and preserving unchanged the revelation given to Moses in the Torah. Reinhard Pummer, one of the world's foremost experts on Samaritanism, offers in this book a comprehensive introduction to the people identified as Samaritans in both biblical and nonbiblical sources. Besides analyzing the literary, epigraphic, and archaeological sources, he examines the Samaritans' history, their geographical distribution, their version of the Pentateuch, their rituals and customs, and their situation today. There is no better book available on the subject.

'The Making of Christian Communities' sheds light on one of the most crucial periods in the development of the Christian faith. It considers the development and spread of Christianity between Late Antiquity and the Middle Ages, and includes analysis of the formation and development of Christian communities in a variety of arenas, ranging from Late Roman Cappadocia and Constantinople to the court of Charlemagne and the twelfth-century province of Rheims, France during the twelfth century.

Uniquely authoritative and wide-ranging in its scope, *The Oxford Dictionary of the Christian Church* is the indispensable one-volume reference work on all aspects of the Christian Church. It contains over 6,000 cross-referenced A-Z entries, and offers unrivalled coverage of all aspects of this vast and often complex subject, from theology; churches and denominations; patristic scholarship; and the bible; to the church calendar and its organization; popes; archbishops; saints; and mystics. In this revision, innumerable small changes have been made to take into account shifts in scholarly opinion, recent developments, such as the Church of England's new prayer book (*Common Worship*), RC canonizations, ecumenical advances and mergers, and, where possible, statistics. A number of existing articles have been rewritten to reflect new evidence or understanding, for example the Holy Sepulchre entry, and there are a few new articles, on Desmond Tutu and Padre Pio, for example. Perhaps most significantly, a great number of the bibliographies have been updated. Established since its first appearance in 1957 as an essential resource for ordinands, clergy, and members of religious orders; *ODCC* is an invaluable tool for academics, teachers, and students of church history and theology, as well as for the general reader. **THEOLOGY-** the development of doctrines throughout the ages, with their philosophical background and the different traditions of the major Churches- spirituality and heresy- history of the Reformation and Counter-Reformation **PATRISTIC SCHOLARSHIP:** Fathers of the

Church, on whose work later theology is founded, are covered in detail, for example- the Nag Hammadi papyri and their significance for our understanding of Gnosticism- the problems of Marcarius of Egypt and Macarius/Simeon are explored- the recently discovered sermons of Augustine are mentioned, with their places of publication listed CHURCHES AND DENOMINATIONS- the beliefs and structures of both the mainstream and lesser-known denominations such as Amish, Muggletonians, Shakers, and Wee Frees- lengthy articles on the history of Christianity throughout the world, in countries such as Angola, Canada, Ireland, New Zealand, the Philippines, Poland, Spain, the United States, Vietnam, and Zaire THE CHURCH CALENDAR AND ORGANIZATION- feast and saints' days- Sacraments- church services, offices, rites, and practices- canon law including Catholic revision- councils and synods- religious orders THE BIBLE- individual Biblical Books- major figures from Abraham, Moses, and King David to St Paul and the Evangelists- schools of Biblical criticism and entries on their chief exponents BIOGRAPHICAL ENTRIES- these are wide ranging and include saints, popes, patriarchs, and archbishops- emperors, kings, and other rulers- mystics, heretics, and reformers- theologians and philosophers, with a summary of their opinions- artists, poets, and musicians

Aunque el tema josefino, por nimio que a primera vista aparezca, es suficiente para una extensa antología, en esta obra no se pretende antologizar las obras de los poetas españoles, como tampoco era una antología la «Mariología poética española», que con la presente obra se complementa. El empeño cae dentro de la literatura comprometida, en el sentido que la palabra tiene primordialmente: destacar a los poetas que cantaron a San José. Se trata de analizar el aspecto josefino de los poetas que se recogen y descubrir la veta teológica que en ellos viene entrañada. En definitiva buscar, sobre la vida de San José que cantan los poetas, el pensamiento teológico que, sistematizado, puede tenerse como una josefología más que embrionaria.

L'édition critique de la première question du traité (Utrum aliquis philosophus per inquisitionem philosophicam in naturali lumine ad veram humanae beatitudinis notitiam valeat pervenire) est basée sur les sept manuscrits connus, dont deux autographes. L'auteur du traité, le maître parisien Pierre d'Ailly, qui deviendra plus tard un homme d'Eglise d'une grande importance politique, y conduit sa recherche en intégrant l'Ethique à Nicomaque d'Aristote et la corrigeant pour ainsi dire par la Consolation de Boèce, choisie comme texte de base (complémentaire) à l'enseignement de l'éthique en faculté des arts. Quelques précieux aspects de l'histoire de la philosophie et de la théologie (denier quart du XIVème siècle) sont mis à jour, grâce à l'édition et l'étude de cette question: Pierre d'Ailly, qui ne cache pas ses sympathies pour Ockham, ?uvre en polémiste contre Jean de Ripa et l'attaque en quelques points centraux de sa doctrine sur la vision béatifique.
