

## Cambridge International As And A Level Accounting Book

A series of titles which provides full support for the Cambridge International AS and A Level Biology syllabus.

Exam Board: Cambridge Assessment International Education Level & Subject: Cambridge International AS & A Level Drama For examination from 2021 (AS Level), 2022 (AS and A Level)

This series has been developed specifically for the Cambridge International AS & A Level Mathematics (9709) syllabus to be examined from 2020. Cambridge International AS & A Level Mathematics: Pure Mathematics 1 matches the corresponding unit of the syllabus, with a clear and logical progression through. It contains materials on topics such as quadratics, functions, coordinate geometry, circular measure, series, differentiation and integration. This coursebook contains a variety of features including recap sections for students to check their prior knowledge, detailed explanations and worked examples, end-of-chapter and cross-topic review exercises and 'Explore' tasks to encourage deeper thinking around mathematical concepts. Answers to coursebook questions are at the back of the book.

Collins' Cambridge International AS & A Level Digital Media & Design Student's Book is the only resource written specifically for the new Cambridge International A & A level Digital Media & Design 9481. Written by experts in the media and design field, this resource provides in-depth coverage of this exciting area of study.

The only endorsed resources for the Cambridge International AS Level English General Paper syllabus. Through exploration of a wide array of topics, from celebrity culture to poetry in the modern world, this book focuses on strengthening communication, evaluation, analysis, application and understanding skills. Helping students improve their written responses, use of English and comprehension, this coursebook looks at discussion points relevant to the globally-minded classroom. With frequent practice questions and sample answers, students have plenty of opportunities to build their confidence answering questions. Answers to coursebook questions are in the teacher's resource.

The Collins Cambridge International AS & A Level Biology course promotes a rich and deep understanding of the 9700 syllabus (for examination from 2022) and development of practical skills.

The Cambridge Advanced Learner's Dictionary gives the vital support which advanced students need, especially with the essential skills: reading, writing, listening and speaking. In the book: \* 170,000 words, phrases and examples \* New words: so your English stays up-to-date \* Colour headwords: so you can find the word you are looking for quickly \* Idiom Finder \* 200 'Common Learner Error' notes show how to avoid common mistakes \* 25,000 collocations show the way words work together \* Colour pictures: 16 full page colour pictures On the CD-ROM: \* Sound: recordings in British and American English, plus practice tools to help improve pronunciation \* UNIQUE! Smart Thesaurus helps you choose the right word \* QUICKfind looks up words for you while you are working or reading on screen \* UNIQUE! SUPERwrite gives on screen help with grammar, spelling and collocation when you are writing \* Hundreds of interactive exercises

Comprehensive student-friendly resources designed for teaching Cambridge International AS and A Level English Language (syllabus 9093 for first examination in 2015). The core aim of this Coursebook is to help students to develop and apply the key skills they need to achieve in AS and A Level English Language. They will build the skills needed for assessment through frequent activities. Divided into two distinct parts for AS and A Level studies, the book covers a wide range of reading skills, such as understanding aspects of style, voice and tone. It also addresses the conventions of key kinds of writing and spoken language, from scripted speeches to travel articles, and looks at how they can capture these conventions in their own work.

This title is endorsed by Cambridge Assessment International Education to support the full syllabus for examination from 2021. Develop computational thinking and ensure full coverage of the revised Cambridge Assessment International Education AS & A Level Computer Science syllabus (9618) with this comprehensive Student's Book written by experienced authors and examiners. - Improve understanding with clear explanations, examples, illustrations and diagrams, plus a glossary of key terms - Reinforce learning with a range of activities, exercises, and exam-style questions - Prepare for further study with extension activities that go beyond the requirements of the syllabus and prompt further investigation about new developments in technology - Follow a structured route through the course with in-depth coverage of the full AS & A Level syllabus - Answers are available online [www.hoddereducation.co.uk/cambridgeextras](http://www.hoddereducation.co.uk/cambridgeextras) Also available in the series Programming skills workbook ISBN: 9781510457683 Student eTextbook ISBN: 9781510457614 Whiteboard eTextbook ISBN: 9781510457621

Fully revised and updated content matching new Cambridge International Examinations 9701 syllabus for first examination in 2016. Endorsed by Cambridge International Examinations, this digital edition comprehensively covers all the knowledge and skills students need during the A Level Chemistry course (9701), for first examination in 2016, in a reflowable format, adapting to any screen size or device. Written by renowned experts in Chemistry teaching, the text is written in an accessible style with international learners in mind. Self-assessment questions allow learners to track their progress, and exam-style questions help learners to prepare thoroughly for their examinations. Answers to all the questions from within the Coursebook are provided.

Covering the latest Cambridge A Level Physics syllabus (9702), this stretching resource supports advanced science skills. It helps build long-term performance, as well as supporting confidence for the Cambridge exams. The practical approach helps to make science meaningful - ideal for students planning to study science at university.

Covering the latest Cambridge A Level Biology syllabus (9700), this digital resource supports advanced science skills. It helps build long-term performance, as well as supporting confidence for the Cambridge exams. The practical approach helps to make science meaningful - ideal for students planning to study science at university.

Comprehensive student-friendly resources designed for teaching Cambridge International AS and A Level Literature in English (syllabus 9695) for first examination 2016. This Coursebook is a comprehensive guide to the study of Literature in English at AS and A Level, encouraging both the enjoyment of literature and rigorous academic study. It provides a clear approach for any Literature studies syllabus, and is divided into three parts: Part 1 and Part 2 covering poetry, prose and drama at AS and A Level respectively, and Part 3 covering key skills needed to succeed in assessment. It contains a range of stimulating literary material from around the world, including poems and extracts from plays and prose fiction, selected to include Cambridge set texts.

Exam Board: Cambridge Assessment International Education Level & Subject: Cambridge International AS & A Level Sociology First teaching: September 2019 First examination: From 2021

This series is for the Cambridge International AS History syllabus (9489) for examination from 2021. Written by an experienced author team that includes examiners, a practising teacher and trainer, this coursebook supports the Cambridge International AS History syllabus. With increased depth of coverage, this coursebook helps build confidence and understanding in language, essay-writing and evaluation skills. It develops students' conceptual understanding of history with the five new 'Key concepts', for example exploring similarity and difference in the aims/achievements of Witte and Stolypin. In addition, it encourages individuals to make substantiated judgments and reflect on their learning.

Students can consolidate their skills through exam-style questions with source material and sample responses.

Provides guidance on tackling the different types of examination questions.

Cambridge International AS Level History is a suite of three books that offer complete coverage of the Cambridge International AS Level History syllabus (code 9389).

This title is endorsed by Cambridge International for examination from 2023. Build strong subject knowledge and skills and an international outlook with author guidance and in-depth coverage of the revised Cambridge International AS & A Level Business syllabus (9609) for examination from 2023. - Understand how the key concepts relate to real business contexts with numerous case studies from multinationals and businesses around the world. - Develop quantitative skills with opportunities to interpret business data throughout. - Master the vocabulary needed to critically assess organisations and their markets with key terms defined throughout. - Build confidence with opportunities to check understanding and tackle exam-style questions at the end of every chapter.

Endorsed by Cambridge International Examinations Foster a deeper understanding with a wide range of international case studies and exam preparation matched to the key knowledge students need for success. This title covers the entire syllabus for Cambridge International Examinations' International AS and A Level Business (9609). It is divided into separate sections for AS and A Level making it ideal for students studying both the AS and the A Level and also those taking the AS examinations at the end of their first year. - Illustrates key concepts using examples from multinationals and businesses that operate around the world - Provides practice throughout the course with carefully selected past paper questions, covering all question types, at the end of each chapter - Using and interpreting data feature emphasises and illustrates the importance of numeracy both in terms of calculations and interpreting numerical data - Free Revision and practice CD includes interactive tests, selected answers, additional activities, and a glossary

This book provides in-depth coverage of Further Mechanics for Cambridge International AS and A Level Further Mathematics 9231, for examination from 2020 onwards. With a clear focus on mathematics in life and work, this text builds the key mathematical skills and knowledge that will open up a wide range of careers and further study. Exam Board: Cambridge Assessment International Education First teaching: 2018 First examination: 2020 This student book is part of a series of nine books covering the complete syllabus for Cambridge International AS and A Level Mathematics (9709) and Further Mathematics (9231), for first teaching from September 2018 and first examination from 2020. We are working with Cambridge Assessment International Education towards endorsement of this series. Written by expert authors, this Student Book:\* covers the complete content of Further Mechanics with clear references to what you will learn at the start of each chapter, and coverage that clearly and directly matches the Cambridge syllabus\* sets mathematics in real-world contexts that emphasise practical applications and career paths, with inspiring case studies and discussion activities that showcase how mathematics is relevant to different roles\* develops the key A Level mathematical skills of mathematical modelling, problem-solving and communication through dedicated questions and teaching\* helps you master mathematics with varied practice to develop understanding, exam-style questions to test comprehension, and selected Cambridge past paper questions to help prepare for examination\* gives you control of your learning with prior knowledge checks to assess readiness and end-of-chapter summaries that test understanding\* supports you through the course with detailed explanations, clear worked examples and plenty of graduated practice on each topic with full workings shown for each answer\* provides clear progression from A Level Mathematics and develops confident, independent and reflective mathematicians through extension questions and group discussions\* supports mathematical communication and literacy with key terms for each topic explained and supported by a comprehensive glossary.

Our AS Level student book is endorsed by Cambridge International to support the full syllabus for examination from 2022. Develop theoretical and practical IT skills with this comprehensive Student's Book written by experienced authors and examiners specially for the updated Cambridge International Education AS Level Information Technology syllabus (9626). - Improve understanding of concepts and terminology with clear explanations, labelled illustrations, photographs, diagrams, plus a glossary of key terms - Develop theoretical and practical skills with a range of exercises (multi choice through to discussion type questions), exam-style questions, step-by-step instructions and example answers that all ensure skills are developed alongside knowledge - Follow a structured route through the course with in-depth coverage of the full syllabus Also available in the series: Cambridge International AS Level Information Technology Student Book eBook 9781398333932 Cambridge International AS Level Information Technology Skills Workbook 9781510483064

This series has been developed specifically for the Cambridge International AS & A Level Mathematics (9709) syllabus to be examined from 2020. Cambridge International AS & A Level Mathematics: Mechanics matches the corresponding unit of the syllabus, with clear and logical progression through. It contains materials on topics such as velocity and acceleration, force and motion, friction, connected particles, motion in a straight line, momentum, and work and energy. This coursebook contains a variety of features including recap sections for students to check their prior knowledge, detailed explanations and worked examples, end-of-chapter and cross-topic review exercises and 'Explore' tasks to encourage deeper thinking around mathematical concepts. Answers to coursebook questions are at the back of the book.

We are working with Cambridge Assessment International Education to gain endorsement for this title. Confidently navigate the updated Cambridge International AS & A Level Biology (9700) syllabus with a structured approach ensuring that the link between theory and practice is consolidated, scientific skills are applied, and analytical skills developed. - Enable students to monitor and build progress with short 'self-assessment' questions throughout the student text, with answers at the back of the book, so students can check their understanding as they work their way through the chapters. - Build scientific communication skills and vocabulary in written responses with a variety of exam-style questions. - Encourage understanding of historical context and scientific applications with extension boxes in the student text. - Have confidence that lessons cover the syllabus completely with a free Scheme of Work available online. - Provide additional practice with the accompanying write-in Practical Skills Workbooks, which once completed, can also be used to recap learning for revision. Also available in the series: Chemistry Student Book 9781510480230 Physics Student Book 9781510482807 Biology Student eTextbook 9781510482913 Biology Whiteboard eTextbook 9781510482920 Chemistry Student eTextbook 9781510482999 Chemistry Whiteboard eTextbook 9781510483002 Physics Student eTextbook 9781510483118 Physics Whiteboard eTextbook 9781510483125 Biology Skills Workbook 9781510482869 Chemistry Skills Workbook 9781510482852 Physics Skills Workbook 9781510482845

Equip your students for success with complete support for the latest Cambridge AS & A Level English Language syllabus (9093), for examination from 2021. Written by Cambridge examiners, the accessible, exam-focused approach embeds complex language skills and fully equips students for their exams. This online Student Book will be available on Oxford Education Bookshelf until 2029. Access is facilitated via a unique code, which is sent in the mail. The code must be linked to an email address, creating a user account. Access may be transferred once to an additional user

Exam board: Cambridge Assessment International Education Level: A-level Subject: Mathematics First teaching: September 2018 First exams: Summer 2020 Endorsed by Cambridge Assessment International Education to provide full support for Paper 5 of the syllabus for examination from 2020. Take mathematical understanding to the next level with this accessible series, written by experienced authors, examiners and teachers. - Improve confidence as a mathematician with clear explanations, worked examples, diverse activities and engaging discussion points. - Advance problem-solving, interpretation and communication skills through a wealth of questions that promote higher-order thinking. - Prepare for further study or life beyond the classroom by applying mathematics to other subjects and modelling real-world situations. - Reinforce learning with opportunities for digital practice via links to the Mathematics in Education and Industry's (MEI) Integral platform in the eTextbooks.\* \*To have full access to the eTextbooks and Integral resources you must be subscribed to both Dynamic Learning and Integral. To trial our eTextbooks and/or subscribe to Dynamic Learning, visit: [www.hoddereducation.co.uk/dynamic-learning](http://www.hoddereducation.co.uk/dynamic-learning); to view samples of the Integral resources and/or subscribe to Integral, visit [integralmaths.org/international](http://integralmaths.org/international) Please note that the Integral resources have not been through the Cambridge International endorsement process. This book covers the syllabus content for Probability and Statistics 1, including representation of data, permutations and combinations, probability, discrete random variables and the normal distribution. Available in this series: Five textbooks fully covering the latest Cambridge International AS & A Level Mathematics syllabus (9709) are accompanied by a Workbook, and Student and Whiteboard eTextbooks. Pure Mathematics 1: Student Textbook (ISBN 9781510421721), Student eTextbook (ISBN 9781510420762), Whiteboard eTextbook (ISBN 9781510420779), Workbook (ISBN 9781510421844) Pure Mathematics 2 and 3: Student Textbook (ISBN 9781510421738), Student eTextbook (ISBN 9781510420854), Whiteboard eTextbook (ISBN 9781510420878), Workbook (ISBN 9781510421851) Mechanics: Student Textbook (ISBN 9781510421745), Student eTextbook (ISBN 9781510420953), Whiteboard eTextbook (ISBN 9781510420977), Workbook (ISBN 9781510421837) Probability & Statistics 1: Student Textbook (ISBN 9781510421752), Student eTextbook (ISBN 9781510421066), Whiteboard eTextbook (ISBN 9781510421097), Workbook (ISBN 9781510421875) Probability & Statistics 2: Student Textbook (ISBN 9781510421776), Student eTextbook (ISBN 9781510421158), Whiteboard eTextbook (ISBN 9781510421165), Workbook (9781510421882)

Endorsed by Cambridge Assessment International Education for full syllabus coverage Foster a deeper understanding of theoretical concepts through clear guidance and opportunities for self-assessment throughout; covers the entire Cambridge International AS & A Level Chemistry syllabus (9701). - Navigate the different routes through the course with ease with clearly divided sections for AS and A Level. - Focus learning with learning outcomes clearly defined at the beginning of each section - Test knowledge and understanding with past paper and exam-style questions - Address the Key Concepts in the syllabus, which are clearly highlighted throughout the course The Revision and Practice CD included with every Student's Book provides interactive tests, summaries of each topic and advice on examination techniques.

This series is for the Cambridge International AS History syllabus (9489) for examination from 2021. Written by an experienced author team that includes examiners, a practising teacher and trainers, this coursebook supports the Cambridge International AS History syllabus. With increased depth of coverage, this coursebook helps build confidence and understanding in language, essay-writing and evaluation skills. The coursebook also develops students' conceptual understanding of history with the five new 'Key concepts'. In addition, it encourages individuals to make substantiated judgments and reflect on their own learning. Students can also consolidate their skills through exam-style questions with

source material and sample responses.

Support strong assessment potential with this comprehensive Cambridge A Level Business title. It was written to match the latest syllabus for first examination in 2016 (9609). Up-to-date and international case studies will support understanding of current business practice, preparing students for assessment and their future careers. Specifically designed to give students confidence in their studies, and in preparation for their examination, it covers all the key concepts in the latest syllabus. In addition, you will receive online access to interactive activities to reinforce understanding and prepare students for exams.

This revised set of resources for Cambridge International AS and A Level Accounting syllabus (9706) is thoroughly updated for the latest version of the curriculum. Written by experienced authors, this coursebook unpacks accounting concepts in an engaging and accessible style. With clear definitions of up-to-date terminology, this resource is ideal for learners with a wide range of abilities, including those whose first language is not English. Practical walkthroughs illustrate the application of key accounting policies and practices, and activities reinforce knowledge and build analytical and evaluation skills. At the end of each chapter there are opportunities to practice multiple-choice and structured questions to help prepare students for their assessment.

This title covers the entire syllabus for Cambridge International Examinations' International AS and A Level Biology (9700). It is divided into separate sections for AS and A Level making it ideal for students studying both the AS and the A Level and also those taking the AS examinations at the end of their first year. - Explains difficult concepts using language that is appropriate for students around the world - Provides practice throughout the course with carefully selected past paper questions at the end of each chapter We are working with Cambridge International Examinations to gain endorsement for this title.

This revised set of resources for Cambridge International AS and A Level Business syllabus (9609) is thoroughly updated for the latest version of the curriculum. Written by experienced authors, the Coursebook provides comprehensive coverage of the syllabus. Accessible language combined with the clear, visually-stimulating layout makes this an ideal resource for the course. Questions and explanation of key terms reinforce knowledge; different kinds of activities build application, analytical and evaluation skills; and case studies contextualise the content making it relevant to international learners. It provides thorough examination support for all papers with exam-style questions with each chapter and an extensive Paper 3 style case study with each unit. The student CD-ROM contains revision aids, further questions and activities. A Teacher's CD-ROM is also available.

Supports students studying for Cambridge International AS & A Level Global Perspectives & Research. This coursebook is the only resource endorsed by Cambridge International Examinations for Cambridge International AS and A Level Global Perspectives and Research (9239), for first examination from 2016. The coursebook helps students and teachers understand the Critical Path via exploration of international topics, such as climate change. This helps develop students' ability to think critically and consider alternative viewpoints in preparation for university and employment. With exam-style questions, group discussion activities and personal reflection, the coursebook provides structure through a skills-based syllabus, while helping build important life skills. Suggested answers to coursebook questions are on the upcoming teacher's resource CD-ROM.

This series is for the Cambridge International AS & A Level IT syllabus (9626) for examination from 2019. This coursebook provides a clear and comprehensive guide to assist students as they develop theoretical and practical IT skills. It contains detailed explanations of theoretical and practical concepts and tasks, with worked examples and exercises to consolidate knowledge. Practical tasks are offered throughout the book, with source files on the accompanying CD-ROM, to help students build and develop their practical knowledge.

Cambridge International AS and A Level English Language Coursebook Cambridge University Press

This revised set of resources for Cambridge International AS and A Level Sociology syllabus (9699) is thoroughly updated for the latest syllabus. Written by a highly experienced author, the Coursebook provides comprehensive support for the syllabus. Accessible language combined with the clear, visually-engaging layout makes this an ideal resource for the course. Discussion of significant sociological research, case studies, explanation of key terms and questions within the text reinforce knowledge. Stimulating activities build interpretation and application as well as analytical and evaluation skills. Revision checklists help in consolidating understanding. The book provides complete exam support with each chapter culminating in exam-style questions and a further chapter dedicated to revision, and examination skills and practice. A Teacher's CD-ROM is also available.

We are working with Cambridge International Examinations to gain endorsement for this Student's Book, which offers content in the same order as the latest syllabus and insight from expert authors on every paper. - Ensures relevance with up-to-date case examples from around the world - Gets students focusing on key elements and thinking about Law in the right way with expert tips throughout - Prepares students for assessment with examination questions

This book provides in-depth coverage of Mechanics for Cambridge International AS and A Level Mathematics 9709, for examination from 2020 onwards. With a clear focus on mathematics in life and work, this text builds the key mathematical skills and knowledge that will open up a wide range of careers and further study. Exam Board: Cambridge Assessment International Education First teaching: 2018 First exams: 2020 This student book is part of a series of nine books covering the complete syllabus for Cambridge International AS and A Level Mathematics (9709) and Further Mathematics (9231), for first teaching from September 2018 and first examination from 2020. We are working with Cambridge Assessment International Education towards endorsement of this series. Written by expert authors, this Student Book:\* covers the complete content of Mechanics (formerly Mechanics 1) with clear references to what you will learn at the start of each chapter, and coverage that clearly and directly matches the Cambridge syllabus\* sets mathematics in real-world contexts that emphasise practical applications and career paths, with inspiring case studies and discussion activities that showcase how mathematics is relevant to different roles\* develops the key A Level mathematical skills of mathematical modelling,

problem-solving and communication through dedicated questions and teaching\* helps you master mathematics with varied practice to develop understanding, exam-style questions to test comprehension, and selected Cambridge past paper questions to help prepare for examination\* gives you control of your learning with prior knowledge checks to assess readiness and end-of-chapter summaries that test understanding\* supports you through the course with detailed explanations, clear worked examples and plenty of practice on each topic with full workings shown for each answer\* provides clear progression from IGCSE® Mathematics and develops confident, independent and reflective mathematicians through extension questions and group discussions\* supports mathematical communication and literacy with key terms for each topic explained and supported by a comprehensive glossary.
