The devastation of New Orleans after Hurricane Katrina has been imprinted in our collective visual memory by thousands of images in the media and books of dramatic photographs by Robert Polidori, Larry Towell, Chris Jordan, Debbie Fleming Caffrey, and others. New Orleanians want the world to see and respond to the destruction of their city and the suffering of its people—and yet so many images of so much destruction threaten a visual and emotional overload that would tempt us to avert our eyes and become numb. In *The Color of Loss*, Dan Burkholder presents a powerful new way of seeing the ravaged homes, churches, schools, and businesses of New Orleans. Using an innovative digital photographic technology called high dynamic range (HDR) imaging, in which multiple exposures are artistically blended to bring out details in the shadows and highlights that would be hidden in conventional photographs, he creates images that are almost like paintings in their richness of color and profusion of detail. Far more intense and poetic than purely documentary photographs, Burkholder's images lure viewers to linger over the artifacts of people's lives—a child's red wagon abandoned in a mud-caked room, a molding picture of Jesus—to fully understand the havoc thrust upon the people of New Orleans. In the deserted, sinisterly beautiful rooms of *The Color of Loss*, we see how much of the splendor and texture of New Orleans washed away in the flood. This is the hidden truth of Katrina that Dan Burkholder has revealed.

The Canon EOS Rebel T2i / 550D is a great camera for beginners to step up in to the world of dSLRs. It can however be more than a little intimidating to look at the camera, with all the buttons and dials, and have no idea how to drive it. In this short ebook, I take you through some basic (and advanced) steps to get you started on the road to getting the most out of your new camera. I'm not going to refer to you as a 'dummy' simply because you don't know how to do something, let's be honest, I'm sure there's plenty of things that you know that I don't, I just happen to know about cameras because I've been working with them for 20 years. So it's perfectly acceptable not to know what you're doing, but we'll change that in a short time. In this ebook, we don't delve in to advanced photographic theory, instead I simply walk you through how to use the different features of the T2i / 550D to enable you to go from taking just OK photos to taking fantastic shots that your friends will want to print out.

Canon's Rebel T2i (EOS 550D) digital SLR offers 18Mp resolution and HD video capture, making this entry- to mid-level camera similar in specification to its high-end EOS 7D model, with a resolution greater than the 15Mp of its EOS 500D DSLR, which allows for larger prints.

With amazing low-light capabilities, incredible definition, intelligent autofocus and a host of other features, digital cameras have now become so powerful that they have left their users behind. Most photographers can take competent shots in a range of conditions, or fix imperfect exposures in Photoshop or Lightroom, but very few have the skill to push their cameras to the limit and capture the perfect shot, under all conditions, with no post-processing required. In Camera is the perfect way to take your photography to that level; to master your camera, understand light, exposure and composition, and make amazing photographs, whatever your camera, without cheating after the event. One hundred of Gordon's beautiful photos are given with his own expert commentary; full settings and camera details are included, and a host of tips and tricks let photographers of any level learn something from every example. The shots are taken with a wide range of cameras, and the emphasis is on getting results by improving your own skills, not wasting money on expensive equipment.
