A daily diary of actual interactions between a reference desk librarian and his patrons Reference Librarianship documents a year in the life of a young librarian working in the "trenches" at a library in the Midwestern United States. This one-of-a-kind book provides a daily diary of every librarian/patron transaction—no matter how mundane or absurd—to demonstrate not only how advances in technology have affected the reference librarian's job, but how the public's expectations have changed, as well. The book also includes observations by a now-retired reference librarian on the current state of the field based on these unedited interactions. Over the past two decades, the job of reference librarian has seen many changes. But in many ways, reference desk work hasn't changed a bit, with its mix of odd, humorous, routine, and ridiculous requests that capture what it's like to deal with patrons day after day. Reference Librarianship paints a clear picture of the field for library school students, provides emotional and philosophical support to practitioners, and reminds library administrators of what life was like on the "front lines." A sampling of the daily transactions documented in Reference Librarianship: Monday, May 19, 2003: pencil pencil network down I tell people that I can't sign them up for an Internet terminal because the network is down and they just stand there, staring into space One of them asks for three days worth of newspapers microfiche machine explanation Sorry, Sir, the network is still down (multiply by twenty and insert randomly into the remainder of the day) magic tricks, but he pretty much knew where they were One of our large interior plate glass windows shattered. No one was hurt and it made a fascinating noise, like a crystal waterfall landing on soil. "Books on prostitution, you know—whores?" Someone from the County called to ask if any criminal activity had occurred on a particular street. Someone else referred her to us. She was dubious—with good reason. "Math puzzles." Okay. I show him the books. "Just math." Certainly. I show him the books. "I need them in Spanish." Grrr ... Reference Librarianship is an enlightening, educational, and entertaining look at the real world of reference desk work. It's an essential read for reference librarians (both public and academic), library administrators, and library school students, as well as anyone who works with the public.

Chevrolet Camaro. Pontiac GTO. Dodge Charger. Ford Mustang. These names evoke memories of aggressively styled, amply powered kings of the road from the decade of the 1960s and the early 1970s, when Detroit was king, oil was cheap, and cars rumbled when you told them to. Muscle Cars: Kings of the Street from the Golden Era tells the story of these automobiles and dozens more, with insightful descriptions from the auto editors of Consumer Guide and full-color photographs on every page. More than 90 cars are profiled, including their mechanical and design highlights and their place in the muscle car pecking order. Exclusive specifications charts detail each car's vital statistics--how much it cost, how many were built, how fast it went and many more details. The focus is not on highly modified, professionally raced versions of these iconic machines; instead the focus is on prime examples of the cars you or your dad's drove during this exciting decade. You learn about: ? Genuine muscle cars like the many Dodge Charger versions issued during the 1960s and early 1970s--a true classic.? Car luxury makers' attempts at muscle car stardom, like the 1967 Oldsmobile Cutlass 4-4-2 W-30 and the 1969 Buick GS 400.? The icons, like the Pontiac GTO, Chevrolet Camaro, Chevrolet Nova, Chevrolet Chevelle, and Dodge Challenger T/A.? The 1964 Pontiac Tempest GTO--what some consider the quintessential muscle car.It's all here, in the best muscle-car read you'll find anywhere: Muscle Cars: Kings of the Street from the Golden Era. Take a trip down memory lane--a loud one.
