This edition of Importing Into the United States contains material pursuant to the Trade Act of 2002 and the Customs Modernization Act, commonly referred to as the Mod Act. Importing Into the United States provides wide-ranging information about the importing process and import requirements. We have made every effort to include essential requirements, but it is not possible for a book this size to cover all import laws and regulations. Also, this publication does not supersede or modify any provision of those laws and regulations. Legislative and administrative changes are always under consideration and can occur at any time. Quota limitations on commodities are also subject to change. Therefore, reliance solely on the information in this book may not meet the "reasonable care" standard required of importers.

Indispensable country-by-country guide to the laws, policies & regulations affecting exporters & foreign investors throughout the Americas, Europe, Africa, the Middle East, Asia & the Pacific Rim. It is like a topological map of nearly every aspect of exporting to 117 countries. Each chapter provides country-specific information & is divided into 8

drafting, focusing on a calculation method based on value of materials and lowering the regional value content required to qualify as ASEAN origin. The administration of ASEAN RoOs can be improved by expanding the use of self-certification, moving away from document-based verification to more modern post-entry audit and trade facilitation approaches. This is a timely and important topic which will be insightful to practitioners, policymakers and businesses in understanding how commerce and trade are conducted in Southeast Asia.
