previously intractable problem. The spiritual quest for elegance can turn the hacker into an artist. There are pleasures in parsimony, in squeezing the last drop of performance out of clever algorithms and tight coding. The games, puzzles, and challenges of problems from international programming competitions are a great way to experience these pleasures while improving your algorithmic and coding skills. This book contains over 100 problems that have appeared in previous programming contests, along with discussions of the theory and ideas necessary to attack them. Instant online grading for all of these problems is available from two WWW robot judging sites. Combining this book with a judge gives an exciting new way to challenge and improve your programming skills. This book can be used for self-study, for teaching innovative courses in algorithms and programming, and in training for international competition. The problems in this book have been selected from over 1,000 programming problems at the Universidad de Valladolid online judge. The judge has ruled on well over one million submissions from 27,000 registered users around the world to date. We have taken only the best of the best, the most fun, exciting, and interesting problems available.

Meditations on fatherhood from the author of *Jerusalem: Chronicles from the Holy City* With *A User's Guide to Neglectful Parenting*, the trademark dry humor that pervades Guy Delisle's landmark and praised graphic travelogues takes center stage. Quick, light vignettes play on the worries and cares any young parent might have, and offer wry solutions to the petty frustrations of being a dad who works from home. Readers familiar with Delisle's stranger-in-a-strange-land technique for storytelling (employed in *Jerusalem*, *Pyongyang*, *Burma Chronicles*, and *Shenzhen*) will recognize the titular parent in this book; Delisle's travelogues were simultaneously portraits of complex places and times, and portraits of a stay-at-home dad's ever-changing relationship with his children while his wife is out working for *Doctors Without Borders*. The relationship between young child and all-too-irony-aware parent is beautifully done here, and Delisle's loose flowing style has been set free, creating a wonderful sense of motion throughout. *A User's Guide to Neglectful Parenting* is an intimate, offbeat look at the joys of parenting. *A User's Guide to Neglectful Parenting* has been translated from the French by Helge Dascher. Dascher has been translating graphic novels from French and German to English for over twenty years. A contributor to *Drawn & Quarterly* since

Jones. “Some girls just don’t know how to die...” Shirley Jackson meets Friday the 13th in *My Heart Is a Chainsaw*, written by the author of *The Only Good Indians* Stephen Graham Jones, called “a literary master” by National Book Award winner Tananarive Due and “one of our most talented living writers” by Tommy Orange. Alma Katsu calls *My Heart Is a Chainsaw* “a homage to slasher films that also manages to defy and transcend genre.” On the surface is a story of murder in small-town America. But beneath is its beating heart: a biting critique of American colonialism, Indigenous displacement, and gentrification, and a heartbreaking portrait of a broken young girl who uses horror movies to cope with the horror of her own life. Jade Daniels is an angry, half-Indian outcast with an abusive father, an absent mother, and an entire town that wants nothing to do with her. She lives in her own world, a world in which protection comes from an unusual source: horror movies...especially the ones where a masked killer seeks revenge on a world that wronged them. And Jade narrates the quirky history of Proofrock as if it is one of those movies. But when blood actually starts to spill into the waters of Indian Lake, she pulls us into her dizzying, encyclopedic mind of blood and masked murderers, and predicts exactly how the plot will unfold. Yet, even as Jade drags us into her dark fever dream, a surprising and intimate portrait emerges...a portrait of the scared and traumatized little girl beneath the Jason Voorhees mask: angry, yes, but also a girl who easily cries, fiercely loves, and desperately wants a home. A girl whose feelings are too big for her body. *My Heart Is a Chainsaw* is her
