Now a musical! Matilda is a sweet, exceptional young girl, but her parents think she's just a nuisance. She expects school to be different but there she has to face Miss Trunchbull, a menacing, kid-hating headmistress. When Matilda is attacked by the Trunchbull she suddenly discovers she has a remarkable power with which to fight back. It'll take a superhuman genius to give Miss Trunchbull what she deserves and Matilda may be just the one to do it! Here is Roald Dahl's original novel of a little girl with extraordinary powers. This much-loved story has recently been made into a wonderful new musical, adapted by Dennis Kelly with music and lyrics by Tim Minchin. This workbook accompanies Mark L. Strauss's *Four Portraits, One Jesus*. Following the textbook's structure, it offers readings from the Gospels, activities, and exercises designed to support the students' learning experience and enhance their comprehension of what can be known from the Gospels about the central defining subject of Christianity, Jesus of Nazareth. *Four Portraits, One Jesus* is a thorough yet accessible introduction to the four biblical Gospels and their subject, the life and person of Jesus. Like different artists rendering the same subject using different styles and points of view, the Gospels paint four highly distinctive portraits of the same remarkable Jesus. With clarity and insight, Mark Strauss illuminates these four books, first addressing their nature, origin, methods for study, and historical, religious, and cultural backgrounds. He then moves on to closer study of each narrative and its contribution to our understanding of Jesus, investigating things such as plot, characters, and theme. Finally, he pulls it all together with a detailed examination of what the Gospels teach about Jesus' ministry, message, death, and resurrection, with excursions into the quest for the historical Jesus and the historical reliability of the Gospels.

Bryan Stevenson was a young lawyer when he founded the Equal Justice Initiative, a legal practice dedicated to defending those most desperate and in need: the poor, the wrongly condemned, and women and children trapped in the farthest reaches of our criminal justice system. One of his first cases was that of Walter McMillian, a young man who was sentenced to die for a notorious murder he insisted he didn’t commit. The case drew Bryan into a tangle of conspiracy, political machination, and legal brinksmanship—and transformed his understanding of mercy and justice forever. *Just Mercy* is at once an unforgettable account of an idealistic, gifted young lawyer’s coming of age, a moving window into the lives of those he has defended, and an inspiring argument for compassion in the pursuit of true justice. "The Slaves" is nothing but Frederick Douglass's groundbreaking autobiography and his first book "Narrative of the Life of Frederick Douglass, An American Slave, written by Himself". We have renamed the title here as "The Slaves" to keep the title short as well as to establish that Frederick Douglass is no longer a name of a particular slave born in nineteenth-century America, but a name that represents slaves of the entire world and of all time. Even though, we do not wish anyone to be born into slavery anymore like Frederick was, we have taken him as a symbol of all the slaves as a wish that all who are still in slavery may have the spirit of Frederick Douglass and fight their ways to the freedom and work to free other slaves to make the slavery history. The life of Frederick, is in one way or another, is the lives of all other slaves. Hence, we have named this version of his book "The Slaves".

The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this “vital, necessary, and beautiful book” (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and “allows us to understand racism as a practice not restricted to ‘bad people’ (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

Personal interactions are the single most effective way for teachers to understand and evaluate their student as learners. Responding specifically to new Common Core State Standards in reading and writing, this book introduces pre- and inservice teachers to a method of one-on-one interaction the authors refer to as the “stretch conference.” This book provides detailed practical advice on the logistics of implementing these conferences during the busy school day, including tips on how and when to schedule conferences and how to successfully

manage the classroom during conference time. The authors argue that, rather than using valuable conference time for word-level concerns and editing, teachers should focus on more ambitious goals that will deepen (or “stretch”) students’ skills in comprehension and writing. This resource suggests where conferences fit in with other important pieces of literacy instruction; introduces a variety of high-quality cues to use during conferences; and shows how conferences can function as formative assessment for reading and writing skills. Book Features: Written by two veteran teacher educators who conduct frequent workshops and professional development with teachers. Helps teachers adjust their instruction for the demands of Common Core Standards, specifically Reading Anchor Standards 1 and 10, and Writing Standards 1–5 and 10. Shows teachers how to schedule individual conferences within typical classroom time constraints. Includes many detailed examples of effective conferences taken from real classrooms. “A roadmap for engaging students in conversations that will change their understanding. Frankly, it’s an amazing resource and one that has changed my thinking about classroom instructional time.” —From the Foreword by Douglas Fisher, San Diego State University “A critical opportunity to reflect on our practice, examining whether the content of our conferences is aligned with the rigorous expectations of the Common Core.” —Sunday Cummins, literacy consultant and author
